Choices - Tammy Williams 2008-04-01

Choices is an engaging, light-hearted, contemporary story set in coastal South Carolina, where an African-American woman and Caucasian widower find love, opposition, and a surprising ally in the ghost of a deceased spouse. Lara Boyd is a woman who has lived the last six years happy in her career but unfulfilled in her personal life. An unanswered ultimatum given by her ex-fiancé left her uncertain and tentative, but when Ryan Andrews and his young son, Justin, enter her life, making choices and living with them takes on a whole new meaning.

Queenie - Candice Carty-Williams 2019-11-05

ONE OF TIME'S 100 BEST BOOKS OF THE YEAR ONE OF NPR'S BEST BOOKS OF 2019 NAMED ONE OF THE MOST ANTICIPATED BOOKS OF 2019 BY WOMAN'S DAY, NEWSDAY, PUBLISHERS WEEKLY, BUSTLE, AND BOOK RIOT! "[B]rilliant, timely, funny, heartbreaking." —Jojo Moyes, #1 New York Times bestselling author of Me Before You Bridget Jones's Diary meets Americanah in this disarmingly honest, boldly

political, and truly inclusive novel that will speak to anyone who has gone looking for love and found something very different in its place. Queenie Jenkins is a twenty-five-year-old Jamaican British woman living in London, straddling two cultures and slotting neatly into neither. She works at a national newspaper, where she's constantly forced to compare herself to her white middle class peers. After a messy break up from her long-term white boyfriend, Queenie seeks comfort in all the wrong places...including several hazardous men who do a good job of occupying brain space and a bad job of affirming self-worth. As Queenie careens from one questionable decision to another, she finds herself wondering, "What are you doing? Why are you doing it? Who do you want to be?"—all of the questions today's woman must face in a world trying to answer them for her. With "fresh and honest" (Jojo Moyes) prose, Queenie is a remarkably relatable exploration of what it means to be a modern woman searching for meaning in today's world.

The Hot Spot - Charles Williams 2012-09-18

For Madox, a dull town, a beautiful woman, and an easy bank heist spell doom In a town so small that Main Street is only three blocks long, there isn't a lot to do—other than work, ogle women, and think about fast ways to get rich. After a year of aimless wandering, Madox has landed here, nearly broke and with no prospects but a dead-end job selling cars to

yokels. Until one afternoon a fire at the burger joint draws the attention of everyone in town—including the men who are supposed to be guarding the bank. It's almost too good to be true, but there it is—\$15,000 lying around, watched by no one. Now all Madox needs is a little nerve and a second distraction. And while one woman will give him the nerve, another will make him ready to kill.

*Reading Race* - Aldon Lynn Nielsen 1988

Reading Race examines the work of twentieth-century white American poets from Carl Sandburg to Adrienne Rich, from Ezra Pound to Allen Ginsberg, revealing within their poetry and casual writings a body of literature that transmits racism, even as it sometimes speaks against it. Tracing the persistence of racial discourse, Aldon Nielsen argues that white Americans, throughout their history, have used a language of their own primacy, a language that treats blacks as an abstract other--an aggregate nonwhite--to be acted upon and determined by whites. White discourse drapes over blacks an intricate veil of images and understandings--assertions of inferiority; metaphors of exoticism; similes of animals; tropes of fertility, nothingness, and death--through which whites read race and beneath which blacks remain imprisoned. "Words," Nielsen writes, "create and maintain relationships of power as surely as do prisons and arms." Speaking of the discourse of race in America, Nielsen identifies "dead metaphors"--words, images, ideas--that operate in much the same way as the "charged detail" of Pound or the "objective correlative" of T.S. Eliot. Embedded in the language, they are instantly recognizable to the native speaker. Poets, when they draw upon these metaphors, demand racist thinking in order to be understood.
