That's Not Hay in My Hair Juliette Turner 2016-03-08 New York City life had crammed sidewalks, gasoline-filled puddles, and angry taxi drivers, but Juliette enjoyed the towering sky-scrapers, the half-block walk to school, and the restaurant smells wafting into her bedroom. She had never cared for a horse, let alone a long-horn, when her mother announced their imminent move to a 300 acre ranch in Texas, where they would be caring for three horses, five dogs, twenty-five longhorns, and a cat...all by themselves. Juliette couldn't help feeling excited, even though she'd have to climb a hill to get a bar of cell-phone service. Soon she was running from bats and snakes, rescuing a calf from a twenty-foot ditch, medicating ponies, and having adventures so crazy it's hard to believe they're for real—but it all did, exactly how it's written. Get ready for side-splitting laughs, heart-wrenching tears, and surprising life lessons learned down on the farm and shared by fourteen-year-old Juliette Turner.

The Primer of Humor Research Victor Raskin 2008-11-06 The book is intended to provide a definitive view of the field of humor research for both beginning and established scholars in a variety of fields who are developing an interest in humor and need to familiarize themselves with the available body of knowledge. Each chapter of the book is devoted to an important aspect of humor research or to a disciplinary approach to the field, and each is written by the leading expert or emerging scholar in that area. There are two primary motivations for the book. The positive one is to collect and summarize the impressive body of knowledge accumulated in humor research in and around *Humor: The International Journal of Humor Research*. The negative motivation is to prevent the embarrassment to and from the "first-timers," often established experts in their own field, who venture into humor research without any notion that there already exists a body of knowledge they need to acquire before publishing anything on the subject—unless they are in the business of reinventing the wheel and have serious doubts about its being round! The organization of the book reflects the main groups of scholars participating in the increasingly popular and high-powered humor research movement throughout the world, an 800 to 1,000-strong contingent, and growing. The chapters are organized along the same lines: History, Research Issues, Main Directions, Current Situation, Possible Future, Bibliography—and use the authors' definitive credentials not to promote an individual view, but rather to give the reader a good comprehensive and condensed view of the area.

The Soul of a Horse Joe Camp 2008-04-29 A heartwarming story of a couple and their horse exploring what caring for a horse can teach us about companionship—whether it's with a four-legged friend or a fellow human. A surprise birthday gift plunged Joe and his wife, Kathleen, into the world of horses as complete neophytes without a clue as to what a horse needed or wanted. They searched for logic and sense in the rule books of traditional horse care. What they found was not what they had expected. Written for everyone who has ever loved a horse or ever loved the idea of loving a horse, this memoir leads us on a voyage of discovery as Joe and Kathleen navigate uncharted territory on their way to achieving a true relationship with their horses. Joe Camp's inspiring book unlocks the mystery of a majestic creature who has survived on earth, without assistance, for fifty-five million years and teaches us that the lessons he learned apply not only to horses but also to our relationships with people.

Horse Crazy Gary Indiana 2018-09-18 "This story, if it is one, deserves the closure of a suicide, perhaps even the magisterial finality of what is usually called a novel, but the remnants of that faraway time offer nothing more than a taste of damp ashes, a feeling of indeterminacy, and the obdurate inconclusiveness of passing time." So writes the unnamed narrator of *Horse Crazy*, looking back on a season of madness and desire. The first novel from the brilliant, protean Gary Indiana, *Horse Crazy* tells the story of a thirty-five-year-old writer for a New York arts and culture magazine whose life melts into a fever dream when he falls in love with the handsome, charming, possibly heroin-addicted, and almost certainly insane Gregory Burgess. In the derelict brownstones of the Lower East Side in the late eighties, among the coked out restaurateurs and art world impresarios of the supposed "downtown scene," the narrator wanders through the fog of passion. Meanwhile, the AIDS epidemic is spreading through the city, and New York friendships sputter to an end. Here is a novel where the only moral is that thwarted passion is the truest passion, where love is a hallucination and the gravest illness is desire.

The implications of this discovery will launch Slothrop on an amazing journey across war-torn Europe, fleeing an international cabal of military-industrial superpowers, in search of the mysterious Rocket 00000, through a wildly comic extravaganza that has been hailed in *The New Republic* as "the most profound and accomplished American novel since the end of World War II."

Humorous Texts Salvatore Attardo 2010-12-14 This book presents a theory of long humorous texts based on a revision and an upgrade of the General Theory of Verbal Humour (GTVH), a decade after its first proposal. The theory is informed by current research in psycholinguistics and cognitive science. It is predicated on the fact that there are humorous mechanisms in long texts that have no counterpart in jokes. The book includes a number of case studies, among them Oscar Wilde's *Lord Arthur Savile's Crime and Allais'* story *Han Rybeck*. A ground-breaking discussion of the quantitative distribution of humor in select texts is presented.

And so it is that *Fighting Talk*, the Saturday morning bastion of world-class punditry, introduces five years of accrued knowledge, one liners, quips, and anecdote all gleaned from, or in the style of, the hugely popular show. Discover Sports Facts as pithy as what kind of chocolate bar Victoria Beckham was munching on as she gave birth to first son Brooklyn, or whether a World Cup victory has any effect on the victorious nation's GDP, or even, also, be challenged by the divisive *Defend the Indefensibles* in which our crack team of writers support motions as scurrilous as the best thing about the Grand National is seeing a horse get shot, or that its really true women really can't throw.
