**The Girl of the Lake** - Bill Roorbach  
2017-06-27

Nine richly varied, often funny, always moving stories that reveal the complex workings of the human heart. Bill Roorbach conjures vivid characters whose layered interior worlds feel at once familiar and extraordinary. He first made his mark as the winner of an O. Henry Prize for the title story of Big Bend, his first collection, which won the Flannery O'Connor Award. His new collection, The Girl of the Lake, captures a virtuoso in his prime. Roorbach's characters are

unforgettable: among them an adventurous boy who learns what courage really is when an aging nobleman recounts history to him; a couple hiking through the mountains whose vacation and relationship ends catastrophically; a teenager being pursued by three sisters all at once; a tech genius who exacts revenge on his wife and best friend over a stolen kiss from years past. These moving and funny stories are as rich in scope, emotional, and memorable as Bill Roorbach's novels. He has been called "a kinder, gentler John Irving... a humane and entertaining storyteller with a smooth, graceful style" (the Washington Post), and his work has been described as "hilarious and heartbreaking, wild and wise" (Parade magazine), all of which is evident in spades (and also hearts, clubs, and diamonds) in every story in this arresting new collection.

Distant Hours, an intricately plotted, spellbinding new novel of heartstopping suspense and uncovered secrets. Living on her family's gorgeous lakeside estate in Cornwall, England, Alice Edevane is a bright, clever, inquisitive, innocent, and precociously talented fourteen-year-old who loves to write stories. But the mysteries she pens are no match for the one her family is about to endure... One midsummer's eve, after a beautiful party drawing hundreds of guests to the estate has ended, the Edevanes discover that their youngest son, Theo, has vanished without a trace. What follows is a tragedy that tears the family apart in ways they never imagined, leaving their estate as empty as their broken hearts. Nearly sixty years later, having enjoyed a long, successful career as an author, Alice is now eighty years old and living in London. Theo's case has never been solved, though Alice still harbors a suspicion as to the culprit. Miles away, Sadie Sparrow, a young detective in the

London police force, is staying at her grandfather's house in Cornwall. While out walking one day, she stumbles upon the old estate—now crumbling and covered with vines, clearly abandoned long ago. Her curiosity is sparked, setting off a series of events that will bring her and Alice together and reveal shocking truths about a past long gone...yet more present than ever. A lush, atmospheric tale of intertwined destinies, this latest novel from a masterful storyteller is a spellbinding and satisfying read.

2019-02-26

From the bestselling author of *House of Shadows* and *The Phantom Tree* comes a spellbinding tale of jealousy, greed, plotting and revenge—part history, part mystery—for fans of Kate Morton, Susanna Kearsley and Barbara Erskine  
London, 1765 Lady Isabella Gerard, a respectable member of Georgian society, orders her maid to take her new golden gown and destroy it, its shimmering beauty tainted by the actions of her brutal husband the night before. Three months later, Lord Gerard stands at the shoreline of the lake, looking down at a woman wearing the golden gown. As the body slowly rolls over to reveal her face, it's clear this was not his intended victim... 250 Years Later...  
When a gown she stole from a historic home as a child is mysteriously returned to Fenella Brightwell, it begins to possess her in exactly the same way that it did as a girl. Soon the fragile

new life Fen has created for herself away from her abusive ex-husband is threatened at its foundations by the gown's power over her until she can't tell what is real and what is imaginary. As Fen uncovers more about the gown and Isabella's story, she begins to see the parallels with her own life. When each piece of history is revealed, the gown—and its past—seems to possess her more and more, culminating in a dramatic revelation set to destroy her sanity.

**Barefoot at the Lake** - Bruce Fogle 2015-04-30  
A beautiful memoir of summer people and water creatures, which illustrates the formative effects of nature on children by an author who has forged a career caring for animals. For readers of Raynor Winn's *THE SALT PATH*, John Lewis-Stemple's *STILL WATER* and Gerald Durrell's *MY FAMILY AND OTHER ANIMALS*. Year after year the family returns to the lake. The children, barefoot and free, explore its sun-drenched wilderness. Bruce Fogle recounts his childhood summers spent at the family cabin by the lake.

In an atmospheric new foreword, Bruce's son, wildlife presenter Ben Fogle, shares his experiences spending summers in the very same cabin. The summer Bruce turns ten seems, at first, like any other: swimming out to the raft, watching the gulls, frogs and herons, catching crayfish. But just when he thinks that life is perfect, everything begins to change, and over the course of two months both the harshness of the adult world and the patterns of the natural world reveal themselves. *Barefoot at the Lake* is not only a beautifully written boy's-eye view of the animals, humans and landscape of his youth, it is also delightfully funny, with a moving wisdom at its heart.

love with the neighbour's daughter and one evening, to impress her, he dives into a forbidden lake. The radioactive water changes Yerzhan. He will never grow into a man. While the girl he loves becomes a beautiful woman. Why Peirene chose to publish this book: 'Like a Grimm's fairy tale, this story transforms an innermost fear into an outward reality. We witness a prepubescent boy's secret terror of not growing up into a man. We also wander in a beautiful, fierce landscape unlike any other we find in Western literature. And by the end of Yerzhan's tale we are awe-struck by our human resilience in the face of catastrophic, man-made, follies.' Meike Ziervogel 'A haunting and resonant fable.' Boyd Tonkin, Independent 'A tantalising mixture of magical and grim realism . . . a powerful study of alienation and environmental catastrophe.' David Mills, Sunday Times 'A poetic masterpiece, a novella of shocking legacies, alien beauty and blistering emotional intensity'. Pam Norfolk, Lancashire

Evening Post 'A writer of immense poetic power.' For fans of *Small Spaces*, *Doll Bones*, and *Mary Downing Hahn*, a truly chilling (and historically inspired) ghost story from the talented author of *The Forgotten Girl*. Celeste knows she should be excited to spend two weeks at her grandparents' lake house with her brother, Owen, and their cousins Capri and Daisy, but she's not. Bugs, bad cell reception, and the dark waters of the lake... no thanks. On top of that, she just failed her swim test and hates being in the water—it's terrifying. But her grandparents are strong believers in their family knowing how to swim, especially having grown up during a time of segregation at public pools. And soon strange things start happening—the sound of footsteps overhead late at night. A flickering light in the attic window. And Celeste's cousins start

As yellow do-not-cross tape flaps in the biting wind, another woman is reported missing. Kay leads a frenzied search for out-of-towner Alison Nolan and when she locates her car, Kay's blood turns to ice as she shines her flashlight on the backseat and sees a teddy bear. *People of the Lake* - Nick Scorza 2019-10-01

An enthralling, historically rich, small-town mystery in which a teen works with her deceased sister to solve an assumed murder. Sixteen-year-old Clara Morris is facing an awkward summer with her father in the tiny upstate town of Redmarch Lake. Clara's relationship with her parents—and with life in general—has been strained since she lost her twin sister, Zoe, when the girls were eight. As a

child, her sister had been her whole world—they even shared a secret invented twin language. Clara has managed to rebuild herself as best she can, but she still feels a hole in her life from the absence of her twin, and she suspects she always will. She soon finds that Redmarch Lake, where her father's family has lived for generations, is a very unusual place. The townspeople live by odd rules and superstitions. The eerily calm lake the town is named for both fascinates and repels her. The town's young people are just as odd and unfriendly as their parents. Clara manages to befriend the one boy willing to talk to an outsider, but he disappears during a party in the woods. The next day, he is found dead in the lake under mysterious circumstances. The townspeople all treat this as a tragic accident. Clara isn't buying it, but she doesn't know what to do until she receives a mysterious note hinting at murder—a note written in the language she shared with her twin sister, Zoe.
