[Shakespeare's Poetic Styles](#) - John Baxter 2013-10-11

First published in 1980. At their most successful, Shakespeare's styles are strategies to make plain the limits of thought and feeling which define the significance of human actions. John Baxter analyses the way

in which these limits are reached, and also provides a strong argument for the idea that the power of Shakespearean drama depends upon the co-operation of poetic style and dramatic form. Three plays are examined in detail in the text: The Tragedy of Mustapha by Fulke Greville and Richard II and Macbeth by

Shakespeare.

*A Year in Paris* - John Baxter 2019-02-26

A NEW YORK TIMES "SUMMER READING" PICK! From the incomparable John Baxter, award-winning author of the bestselling *The Most Beautiful Walk in the World*, a sumptuous and definitive portrait of Paris through the seasons, highlighting the unique tastes, sights, and changing personality of the city in spring, summer, fall, and winter. When the common people of France revolted in 1789, one of the first ways they chose to correct the excesses of the monarchy and the church was to rename the months of the year. Selected by poet and playwright Philippe-Francois-Nazaire Fabre, these new names reflected what took place at that season in the natural world; Fructidor was the month of fruit, Floréal that of flowers, while the winter wind (vent) dominated Ventôse. Though the names didn't stick, these seasonal rhythms of the year continue to define Parisians, as well as travelers to the city. As acclaimed author and long-time Paris resident John Baxter himself recollects, "My own arrival in France took place in Nivôse, the month of snow, and continued in Pluviôse, the season of rain. To someone coming from Los Angeles, where seasons barely existed, the shock was visceral. Struggling to adjust, I found reassurance in the literature, music, even the cuisine of my adoptive country, all of which marched to the inaudible drummer of the seasons." Devoting a section of the book to each of Fabre's months, Baxter draws upon Paris's literary, cultural and artistic past to paint an affecting, unforgettable portrait of the city. Touching upon the various ghosts of Paris past, from Hemingway and Zelda Fitzgerald, to Claude Debussy to MFK Fisher to Francois Mitterrand, Baxter evokes the rhythms of the seasons in the City of Light, and the sense of wonder they can arouse for all who visit and live there. A melange of history, travel reportage, and myth, of high culture and low, *A Year in Paris* is vintage John Baxter: a vicarious thrill ride for anyone who loves Paris.

[Five Nights in Paris](#) - John Baxter 2015-04-14

John Baxter enchanted readers with his literary tour of Paris in *The Most Beautiful Walk in the World*. Now, this expat who has lived in the City of Light for more than twenty years introduces you to the city's streets after dark, revealing hidden treasures and unexpected delights. As he takes you through five of the city's greatest neighborhoods—Montmartre, Montparnasse, the Marais, and more—Baxter shares pithy anecdotes about his life in France, as well as fascinating knowledge he has gleaned from leading literary tours of the city by dark. With Baxter as your guide, you will discover the City of Light as never before, walking in the ghostly footsteps of Marcel Proust, the quintessential night owl for whom memory was more vivid than reality; Hungarian photographer Gyula Halász, known as Brassai, who prowled the midnight streets, camera in hand, with his friend Henry Miller; Louis Aragon and Philippe Soupault, who shared the Surrealists' taste for the city's shadowed, secret world; and Josephine Baker and other African-American performers who dazzled adventurous Parisians at late-night jazz clubs. A feast for the mind and the senses, *Five Nights in Paris* takes you through the haunts of Paris's most storied artists and writers to the scenes of its most infamous crimes in a lively off-the-beaten-path tour not found in any guidebook.

"He described escapes and partisan attacks and ritual hangings and midnight assignations with beautiful women in the midst of war " He survived, he told me, In a Europe, where every corner he turned held the threat of death. But at every turn, luck-and often a woman: there were many women-had stepped in to save him. And when, On occasions, during the years it took to put this story down on paper, I expressed skepticism at an extraordinary coincidence or hair's breath escape, he would produce some scrap of evidence to validate the experience: a tiny prayer book, a faded photograph, a scribbled note. Some men follow Nietzsche's advice to "live dangerously". A few survive

*De Niro* - John Baxter 2002

The life of Hollywood's number one movie actor, the elusive Robert De Niro, who shuns the limelight and rarely gives interviews, written by the film critic and biographer of Spielberg, Kubrick, Woody Allen and George Lucas. De Niro is the pre-eminent Hollywood character performer of our time: film portraits like the young Don Vito Corleone in *The Godfather II*, Jake La Motta in *Raging Bull* and Travis Bickle in *Taxi Driver* are some of the most vivid put on celluloid. De Niro cannot be cast to type, prefers to work for old friends like Martin Scorsese, and rarely plays anything but 20th-century roles. The author discusses De Niro's film roles as well as his often controversial private life.

[Montmartre](#) - John Baxter 2017-04-18

In the second portrait of his series *Great Parisian Neighborhoods*, award-winning raconteur John Baxter

leads us on a whirlwind tour of Montmartre, the hill-top village that fired the greatest achievements of modern art while also provoking bloody revolution and the sexual misbehavior that made Paris synonymous with sin. High on the northern edge of Paris, Montmartre has always attracted bohemians, political radicals, the searchers for artistic inspiration as well as those hungry for pleasure. In its winding, windmill-shadowed streets, which, only fifty years before, saw the anarchist rising of the Commune, Renoir, Picasso and van Gogh seized a similar freedom to remake painting, while, in the tenderloin of Pigalle, Toulouse-Lautrec drew the cancan dancers of the Moulin Rouge, celebrating a hedonism that titillated the world. In Montmartre, bestselling author and IACP Award winner John Baxter lifts the curtain on a district that visitors to Paris seldom see. From the tumbledown workshops of the Bateau Lavoir in which Picasso and Braque created Cubism to Clichy's Cabaret of Nothingness where guests dined at coffins under lamps of human bones, the whole of this mysterious enclave is ours to explore. For visitors and armchair travelers alike, Montmartre captures the excitement and scandal of a fascinating quarter that condenses the elusive perfumes, colors and songs of Paris.

*Antique Roses* - John Baxter 2017-09-05

Question: How many roses have the title 'Madame' at the front of their name, 40, 50 or more? Answer: Over nine hundred, so now you know why this record is needed! This book covers a plethora of Antique Roses and all that were introduced prior to 1900. I hope in future to add to this list and include roses from other places. This list is only touching the surface, so time will tell if it has been worthwhile

**The Cinema of John Ford** - John Baxter 1971

Montparnasse - John Baxter 2017-11-07

In the third portrait of his series Great Parisian Neighborhoods, award-winning raconteur John Baxter takes readers on a dazzling excursion of Montparnasse. By the IACP Award-winning author of the national bestseller *The Most Beautiful Walk in the World*, MONTPARNASSE reveals the history and present delights of the iconic neighborhood that is best associated with the vibrant 1920-30s-era Paris—a romantic time and place evoked in Hemingway's memoir *A Moveable Feast* and Henry Miller's *Tropic of Cancer*. From the first meeting of Hemingway and F. Scott Fitzgerald to their friendship's bitter conclusion; from the courage of the anti-Nazi resistance to the clubs where German generals partied; from the attempted murder of Samuel Beckett to the rise of Josephine Baker to stardom; from the high life of the Coupole and the Cafe du Dôme to the bawdy music halls of rue de la Gaité; no Paris quarter has witnessed more tumultuous events than Montparnasse. In a ground-breaking reappraisal of this most glamorous of Paris's districts, Baxter looks beyond the nostalgia to the secret history of Montparnasse, a district where desire effaced memory and every taste could be satisfied—even those which were unexpressed. If, as Oscar Wilde suggested, all good Americans went to Paris when they died, it was Montparnasse that brought them back to life.
