

What Men Think Sex

[The Men on My Couch](#) - Brandy Engler 2012-12-31

WHAT MEN WANT. WHAT MEN FEEL. WHAT WOMEN NEED TO KNOW. When Dr. Brandy Engler opened her sex therapy practice for women in Manhattan, she got a big surprise. Most of the calls were from men. They wanted to talk about womanizing, porn addiction, impotence, prostitutes—and most of all, love. Her patients were everyday guys from all walks of life. Among them were David, the Wall Street hotshot and compulsive womanizer; Charles, an introvert who kept pushing away the fiancée he thought was too beautiful for him; Paul, the self-made man who visited massage parlors despite his sexy wife; and the men's group whose stark revelations about male anger and their search for the right woman will open your eyes. In *The Men on My Couch*, Dr. Engler allows readers inside those private sessions to witness her exciting and evocative encounters with what men desire and fear. Dr. Engler tells her own story, too. At first her patients' revelations are painful and disconcerting, especially against the backdrop of her own difficult love affair. Yet Dr. Engler lets readers experience how she evolves both professionally and personally, from chagrin to compassion, and reconciles her idealized notions of love and sex with the unexpected and raw truths she hears in the office. *The Men on My Couch* is unlike books you've read before. There are no tired facile conclusions or pejorative generalizations. Here are fresh insights into modern sexual maladies, gleaned from real people having real struggles and experiencing real epiphanies—in the real world. This book will change how both women and men think about love, sex, and desire.

What Men Think about Sex - Mark Mason 2002

Tim and Rob are 20-something men who both fall madly in lust with an American woman who has to come to work in their office, the fabulously sexy Clare Jordan. In a drunken moment they devise an audacious race, the 'Clare Jordan Five and Three Quarter Feet Handicap Stakes'. The victor wins the right to invite her out on a date. Tim's challenge is to sleep with five different women whose name begins with the initials C, L, A, R and E. Rob has to sleep with one or more women in five different places beginning with the same initials e.g. cinema, lay-by, arboretum. As Rob outlines the rules of the race to the reader he agrees one thing: he will tell the reader everything but he won't describe the sex. The result is an often outrageous, occasionally perceptive and always hilarious novel which culminates in Rob completing the race but finding true love in the most romantic and unexpected way. Overwhelmed by the experience he breaks his own rule and describes the sex which is, of course, fantastic.

How Women Think About Sex - Enas Khalifah Khalifah Kh 2019-10-20

Being a woman, it occurred to me one day that men don't actually know what women think about sex or sexual subjects. We act out in the bedroom in the manner that is expected of us, but what goes on in a woman's mind when she thinks about sexual activity? That's what prompted me to write this book, which may educate men a little about what's going on in their woman's mind. I have taken the experience right back to the roots when women first learn about sex because many of the problems that follow come from this time and from the teachings of parents and learning from peers. We know how we are supposed to view sex, but every woman will view it in her own way because of her own personal experiences and the expectations of her partner. You may be shocked to know that women are quite sexual and do have views of their own. They also have fantasies and sometimes don't share them, and there are reasons for that too. When you understand how a woman's mind works when it comes to sex, it may explain to you any problems that you are encountering under the sheets, and you may be able to use this information to get to the root of problems that may be simple fixes.
