God's Whisper - Maggie Long 2012-09

The Light Lord, as I kneel beside my bed
And I begin to pray Your Spirit overwhelms me
As I search for words to say.
As I close my eyes and bow my head
I see a shining light Coming closer towards me
Brightening up the night.
As I let the light surround me
I keep perfectly still
As silent tears fall, I say
"Father, help me to do Your Will."
You pulled me out of the darkness
When all my hope was gone
You gently set me on my feet
As Your Hand I leant upon.
You showed me all the goodness
Lord That I had never known
And the seed You planted in me
At last, has finally grown.
Then a voice inside me spoke aloud
Open your eyes child and see.
The light around you will remain
And forever more will be.
I chose you a long, long time ago
But it had to be your choice
To break away from Satan's power
Now at last we can rejoice.
The angels sang and also cried
When you first came to me.
They surrounded you with their love
As you accepted The Holy Trinity'
Things will become hard at first
As Satan begins to fight
But keep at peace and don't forget
The brightness of this light.
Now it's time for you to sleep
And with you I'll remain
Keep your faith and hang on to me
And I'll take away your pain.'
' Don't take away Your Light'
I said As it began to dim
Do not be afraid,' said the Lord
As I've planted the Light within.

The Wellness Diaries - Owen Staples 2013-04-30

The Wellness Diaries takes readers on a unique roller coaster journey through the eyes of a paranoid college student while battling mental illness, to the darkness of planning suicide, to a remarkable recovery. It offers an account of the author's experience of mental illness-early symptoms, diagnosis, battle with medications, and a plan to end the pain. The book takes an about turn as the journey is observed and tracked, from despair and suffering, to inspiration, adventure, contagious enthusiasm, and rebuilding a life, one step at a time, through reclaiming health. It includes persuasive arguments as to why health is a choice, and it offers a unique approach to health and wellness from the standpoint of lifestyle, including essential fundamentals such as a plant-based diet, quality sleep and outside activity. It discusses some aspects of health which are sometimes overlooked. "I feel mountain ranges above my dark times. Those days are in the past, and so distant from me now, that looking back upon them seems as if I have woken up from a really bad nightmare..." Readers will be touched with tears and laughter, and may wonder when Owen catches a break. Experience his in-depth sincerity in accounting the exact events which shaped this man's recovery from mental illness into a new life filled with gratitude and genuine love for life, the Earth, and all living things, and with a new outlook as a botanist and a naturalist. The Wellness Diaries is a book which offers a contagiously inspiring outlook on health, available as a choice.

Maneuver Damage - J. Daniel Billings 2016-02-18

From One Who Loves through The Masters Son, Maneuver Damage imparts a spiritual wisdom for today through depiction of story and verse. j. daniel Billingss variety of style, in addition to the wit, humor, and heartfelt emotion he instills into each unsuspecting verse, is more than a breath of fresh air. He sometimes takes it upon himself to express deep opinion and forbidden feelings, subjects other authors tend to shy away from. Maneuver Damage is far different from conventional books of poetry, comprised of difficult and sometimes hard-to-understand verses. Through a fresh concept of facing page notes, selections are preceded by clear, concise, and relevant summaries written to aid the reader in achieving a bonded point of

reference. As with all literary works, J. Daniel has afforded himself a level of artistic propriety, but not so much as to exceed the rational bounds of each verses intent in Maneuver Damage.

With This Lie - Kat Savage 2021-03-02

Dani Monroe is more than just another jaded woman. Her veins run deep with every reason to never fall in love. If her mother taught her anything, it was how easily a betrayal is earned. After a childhood spent learning that lesson, it's the only truth she knows. Now, as a woman with needs, she strictly dates married men. She knows what she is getting with them—all of the fun and none of the feelings—and that's how she likes it. Lucas Kane has only ever been in love once. Disloyalty followed soon after and he wants no part of "a future" with anyone ever again. But having the same conversation with different women became redundant. So he slipped on a wedding ring, and soon realized there were many women out there very attracted to married men. Those same women asked no questions when it came time to say goodbye. So he carries on like this—faking a married life and fooling around. A chance encounter brings the two together and while it sounds like a match made in heaven, both are leery, with cynical hearts. What happens when two people hell bent on avoiding love find themselves falling? How many lies have they told? Will the truth set them free, or rip them apart?

The Winning Formula - Dr. Akin O. Akindele 2002-03-12

This book is about life and how to attain or approximate our most important aspirations. It is designed to benefit everyone involved in any kind of venture, or relationship. The book is especially important to people who, on a daily basis, have to achieve important (personal or business) objectives by persuading others to see things their way, or at least to meet them half way for a constructive and beneficial outcome. This book is about life in all of its aspects. It attempts to reach and be helpful to each reader in most aspects of life, which the reader may need to improve, or re-evaluate. Part of the objective of this book is to make a person acting in an informed manner, become more comfortable with the choices that may from time to time be made. Understanding why those choices were made, and owning the benefits and being prepared to stoically deal with the attendant consequences that may flow from those choices. To be sure, this book is partly a concession to the sometimes unfathomable world in which we live. It is therefore no more than my own imperfect effort of attempting to make some sense out of how and why things are the way they are. How and why things have tended to work best for most people who have been deemed successful in various aspects of human endeavor, whether as a great parent, effective leader, a good advocate, an inspired creator of abundant wealth, an admired citizen, a trusted partner, or a great friend. Briefly, therefore, this book is divided into three broad chapters. Each chapter is further sub-divided into appropriate sections, for an easy and hopefully logical flow. Chapter one attempts to lay out the general foundation for the kinds of issues and challenges to be addressed. Chapter two addresses these issues in the context of various life circumstances and relationships we each find, or may from time to time, find ourselves. Chapter three, the last chapter, hopefully succeeds in tying it all together. The goal of the book is achieved. By the time one completes reading the book, each reader will be able to identify a personal road map for success. And this road map is applicable to whatever field of endeavor, or aspect of life, that each person may desire greater

measure of success. As we each pursue our respective aspirations which could range from a desire to be loved and embraced; a quest to be perceived as worthy; an important recognition, respect, reward, or some other opportunity, it is very important to be very cognizant of the kinds of actions, attitude, or mind set, that are more likely than not, to aid us in attaining the ultimate goal we crave. I call the constructive application of these various life tenets, THE WINNING FORMULA.
