How to Date Today's Modern Woman - Izzy Wryght 2006-10-02

If you have a good sense of humor and can

appreciate a politically incorrect point of view of how the politics of the modern social dating process works, you will surely enjoy and value this book. From a socio/political point of view, the philosophy of this book tilts slightly to the right of Attila the Hun! As a straight American male, you love women. It's your natural desires that motivate you to be with a woman for fun, relaxation, sex, companionship, and at the extreme, marriage. You will choose a female for any one or all of these reasons, depending on how that woman affects you. So why is it, that in today's dating culture, it has become increasingly difficult to find a normal, traditional woman, a female who you can share a pleasant and meaningful relationship with, a relationship that can possibly evolve into a traditional family lifestyle. The reason is, because today's modern women have changed the rules of behavior for social dating. And this means, you need protection! If you have been seeking a female who has a firm grip on reality, and does not come into a dating situation with a political axe to grind, you have come to the right place for guidance and advice.

How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted to. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful

manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

Fifty Shades of Women's Desires - Niloo Dardashti 2014-11-18

What can we learn from our fascination with love stories? How can we use this to better our relationships and cultivate excitement in our

lives? Dr. Niloo Dardashti, producer of *Into the Twilight Haze* (a documentary about the Twilight phenomenon), explores these questions in an insightful manner that everyone can relate to. Using these issues as a vehicle to unpack common relationship challenges, she engages the reader by motivating a process of reflection and self-discovery, while explaining: How to decipher what is a "me" issue versus an "us" issue, what ingredients synergistically create passion and fulfillment in relationships, how to increase a sense of stimulation and aliveness in your own life, how to balance the need for getting satisfaction from within versus through an "other," and how to balance seeking stimulation/novelty and embracing the sameness of everyday life. If you are struggling in a relationship or need to recreate the magic you once had, this book is for you. *Twilight* and *Fifty Shades* fans will better understand the addictive quality of the sagas and their motivations, bringing new meaning to the books and movies. Men will find this insight very helpful, getting a deep look into the thoughts and desires of women, allowing them to be better partners or better able to attract more meaningful relationships. Women will understand what often gets in the way of finding the love they want. Individuals who want to feel more alive, inspired, and connected with their selves will learn how to begin or continue that journey in a meaningful way. How To Attract Women With Humor - Leonard Bustos 2013-09-16

I'm going to show you how fun and exciting it is to approach practically any woman, practically anywhere, and have an immediate humorous connection with her. Women are actively looking for those men who have the ability to unlock the code to their natural instinctive desires, and your going to learn how to develop those "Attractor Factors" that tap into a woman's primal needs and desires. I'm going to let you in on a little secret. Real men want to have sex with as many beautiful women as they possibly can. I know you're probably shocked at this astonishing revelation, but don't be alarmed. It's not your fault, and it's nothing to hide or be ashamed of. In fact, if your ancestors didn't feel the same way, you wouldn't be here. It's important to add that most honorable men in a relationship generally restrain themselves from acting on this primal desire mostly because of love and respect and to avoid hurting their partners. However, that doesn't mean this powerful urge still doesn't exist. To this day learning to control this instinctive impulse tends to be the ultimate male dilemma. Guess what? Women desire and crave sex too. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. There is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There's no doubt that women want to be sexually attractive and wanted by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You will

become in so many words - simply irresistible. Attraction is not a choice. These are natural biological reactions embedded in our DNA developed over tens of thousands of years. Just as men have these responses to attractive women, so do women have similar reactions when they observe men with certain masculine traits. We often think of the male as competing with other males for the prize of mating with the female, but women, of course, also compete for the opportunity to mate with the male who has the most desirable traits. I'm going to teach you what those masculine traits are and how you can develop and use them so that you become more attractive and irresistible to women. I'm happy to report that some of you guys will be very relieved to know that looks aren't at the top of the list of attraction for women. I'm just saying..... If you want to experience life's ultimate pleasure of falling in love and being in love - with all of the benefits that come with it - like incredible sex, great companionship, having someone to laugh with, someone to be there for you through good times and bad - and just having a partner to share and experience life with; then I promise to show you how to connect with her if you are willing to take the necessary steps I'm about to share. I can't think of a more important decision in life that you will ever make regarding your happiness than with whom you choose to share your life. Finding a quality woman all begins with meeting her, and in order to meet her, you'll need to know how to approach and cause her to be attracted and interested in you.
