This is Not the Story You Think It Is - Laura Munson 2010-07-01

This controversial true story about how a woman

saved her marriage has already caused a media storm, forcing the New York Times to shut down their comments site. Every woman will HAVE to read this to have an opinion about it. ' "I DON't LOVE YOU ANY MORE. I'M NOT SURE I EVER DID." His words came at me like a speeding fist, like a sucker punch, yet somehow in that moment I was able to duck. And once I recovered and composed myself, I managed to say, "I don't buy it." Because I didn't. He drew back in surprise. Apparently he'd expected me to burst into tears, to rage at him, to threaten him with a custody battle. Or beg him to change his mind ... I really wanted to fight. to rage. to cry. But I didn't. Instead, a shroud of calm enveloped me ... You see, I'd recently committed to a non-negotiable understanding with myself. I'd committed to "the End of Suffering". I'd decided to take responsibility for my own happiness. And I mean all of it.' When Laura Munson's essay about how she dealt with this heartbreaking pronouncement from her husband of 20 years appeared in the New York times it created a firestorm. the No.1 read, emailed and searched story of the day forced the times to shut down their comments site. Readers sent it to their friends, therapists gave it to patients, ministers read it to congregations, women everywhere argued about it. Her website went from 4 readers to 4000 in a day, then 1500 a day a week later. this is the memoir that spawned the column. Raw, searingly honest, poignant, funny and often enraging, this powerful and timely story is the one book every woman should read this year.

Perfect Pairing - Rachel Spangler 2016-06-20
Hal Orion is an accomplished chef and food truck owner. She loves her life, her longtime sous chef and best friend, and the food she shares with the residents of her beloved city of Buffalo. Her life is exactly how she wants it: no strings, no commitments, and no roots—just great grilled cheese and a whole lot of freedom on the side. Quinn Banning is an investment banker, and the dividend she seeks is a

resurgence of the once-great city of Buffalo. Putting together her next business venture, she recognizes Hal's talent and charm as necessary assets for success—her good looks don't hurt, either. But Hal's transient ways are in direct opposition to the stability Quinn craves. Relying on their shared love of Buffalo, Quinn makes Hal an offer she can't refuse—a restaurant under her own name, complete creative control, and secure financial backing. It's every chef's dream. But Hal utters the one word Quinn can't stand to hear, "No." Will their physical attraction grow cold as they argue over their ideals, or will they find that the most distinctive ingredients often make for the perfect pairing? Rachel Spangler is the author of nine lesbian romance novels and novellas, and the winner of two Golden Crown Literary Awards. She pens the popular blog, Wonder Boi Writes, and lives with her wife and son in western New York.

Rise Sister Rise - Rebecca Campbell

2016-10-04

Rise Sister Rise is a call to arms for our sacred feminine to rise up, tell the truth, and lead. From Rebecca Campbell, a writer, mystic, devotional creative, and visionary who supports hundreds of thousands of people to connect with their soul and weave the sacred back into their everyday life. It is for those who agreed at soul level to be here at this stage in history to lead this global shift that the mystics of all of the ages have predicted: the return of the mother and the rise of the feminine. Rebecca says: Rise for you, rise for me, when you rise first you rise for She. Many of us have spent much of our working lives "making it" in a man's world, leaning on patriarchal methods of survival in order to succeed, dulling down our intuition, and ignoring the fierce power of the feminine. We have ignored the cycles of the feminine in order to survive in a patriarchal linear system—but now the world has changed. Here Are Some of the Chapters in Rise, Sister Rise: Part I - Rebecca's Story · The Unbinding · The Wise Women · Work Baby · Shakti Rising · Returning to Avalon · Tools for Your Rising Part II - Birthing A New Age · We Were Made for These Times · Shakti Always Rises · The Holy Grail is Within You Part III - Remembering Our Cyclic Nature · You Are Spirit Earthed · You'll Find Your True Nature in Nature · When Whispers

Turn into Shouts Part IV - Unbinding the Wise, Wild Woman · The Suppression of the Female Voice · The Mystic Always Rises · Finding Mary · The Return of the Magdalenes Part V - Redefining Sisterhood · The Reunion · The Ones Who Came Before Us · When Women Circle · Your Constellation of Sisters · Calling in Your Sisters Part VI - Doing the Work · What Is Rising in You? · Rising Feminine Archetypes · New World Rising Birthed by You · Let the Universe Use You · Be a Clear Channel · A Prayer for Times of Remembering · It's Not Your Job to Save the World · Keep on Rising "I'm a super-fan of Rebecca Campbell . . . Rebecca guides her reader to step into their authentic power so that they can live and lead at their highest potential." —Gabrielle Bernstein, New York Times bestselling author of Miracles Now Rise Sister Rise is a transmission that calls the innate divine feminine wisdom to rise. It is about healing the insecurities, the fears, and the inherited patterns that stop people from trusting the Shakti (power) and wisdom (intuition) that effortlessly flows through them. It's about recognizing all of the ways we have been keeping ourselves contained and restrained in effort to dim to fit into a certain archetype. It's about co-creating a whole new archetype—someone who does not keep themselves small in order to make others feel more comfortable. Full of activations, spiritual tools, calls to action, contemplative questions, rituals, and confrontational exercises, this inspirational book teaches that it is safe to let Shakti rise, safe to trust your intuition, and safe to take leaps of faith—because in healing ourselves we are healing the world. "You have an ancient wisdom within you that is waiting for you to remember, hear, and heed it. These Rise Sister Rise calls to action have been carefully designed to assist you in reclaiming your voice, unbinding your power, unlocking your wisdom, unleashing your true nature, and aligning yourselves with the sacred flow of all of Life." Rise Sister Rise. Love, Rebecca x

An Exploration of Hatred in Pop Music - Glenn Fosbraey 2022-07-05

'Love' may be the major theme of the majority of pop songs, but 'hate', including its subcategories malevolence, vengeance, self-loathing, and contempt, run it close. Looking at artists across the history of popular music, and songs ranging from 'Runaround Sue' to 'W.A.P', this book

explores the concept of hatred in lyrics, album art, music video, and the music industry itself, asking important questions about misogyny, politics, psychology, and family along the way.

Tired of Being Tired, Sick of Being Sad - Azia To 2020-01-13

I want a story where the writer just gets it because she's just like me. A girl that is still struggling, still stuck, and trying her best between the stages of childhood and adulthood. I want to read a story about a girl is in the middle of it all - the mess, the love, the pain, the healing. I don't want a triumph story because perfection is never reached. I want a true story. This is that story. This coming-of-age book inspires women to release themselves from toxic relationships, sexualized body standards, and the expectations of others. What first started off as an online, anonymous blog on Wattpad turned into a book that has changed lives and helped women heal and grow into something bigger than themselves. Being severely depressed as a teenager isn't easy. Now 21-years-old, Azia To compiled the written pieces of her darkest and brightest days into a collection of real-life text-messages, poems and diary-styled pieces that encapsulate her healing journey. This book teaches women how to be vulnerable without regret; choose faith over fear and that you aren't alone in your healing process.

Ammonites and Leaping Fish - Penelope Lively
2013-10-10

A memoir that addresses ageing, memory, time and a life in the 20th century, by one of our greatest writers, Penelope Lively. 'This is not quite a memoir. Rather, it is the view from old age. And a view of old age itself, this place at which we arrive with a certain surprise - ambushed, or so it can seem. One of the few advantages of age is that you can report on it with a certain authority; you are a native now, and know what goes on here.' In this charming but powerful memoir, Penelope Lively reports from beyond the horizon of old age. She describes what old age feels like for those who have arrived there and considers the implications of this new demographic. She looks at the context of a life and times, the history and archaeology that is actually being made as we live out our lives in real time, in her case World War II; post war penny-pinching Britain; the Suez crisis; the Cold War and up to the present day. She examines the tricks and truths of memory. She looks back over a lifetime of reading and writing. And finally she looks at her identifying cargo of possessions - two ammonites, a cat, a pair of American ducks and

a leaping fish sherd, amongst others. This is an elegant, moving and deeply enjoyable memoir by one of our most loved writers.
