The Footnotes - Ray Stickle 2013-09-19

There was the thin man up the beach walking with a noticeable limp, pinched eyeglasses perched on his nose, a pair of white slacks and a billowing white shirt, his Korean face further hidden by a low-worn white sun hat. Galden had been following the man for more than a week. An easy job for a beach bum. But a trip to South Korea soon changes things. Because the thin man on the beach has a history steeped in the shadows of the country he served, the country he fled: North Korea. Galden soon finds himself involved with a sociopathic gangster hell-bent on uncertain ends, an ex-military elite on a mission of vengeance spurred on by his traumatized wife, a beautiful woman who hides her identity behind a slowly crumbling façade, and, perhaps most threatening of all, his own alcohol-addled conscience's attempt to grapple with hard

[Born A Crime](#) - Trevor Noah 2016-11-17

WINNER OF THE THURBER PRIZE The compelling, inspiring, (often comic) coming-of-age story of Trevor Noah, set during the twilight of apartheid and the tumultuous days of freedom that followed. One of the comedy world's brightest new voices, Trevor Noah is a light-footed but sharp-minded observer of the absurdities of politics, race and identity, sharing jokes and insights drawn from the wealth of experience acquired in his relatively young life. As host of the US hit show The Daily Show with Trevor Noah, he provides viewers around the globe with their nightly dose of biting satire, but here Noah turns his focus inward, giving readers a deeply personal, heartfelt and humorous look at the world that shaped him. Noah was born a

crime, son of a white Swiss father and a black Xhosa mother, at a time when such a union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the first years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, take him away. A collection of eighteen personal stories, Born a Crime tells the story of a mischievous young boy growing into a restless young man as he struggles to find his place in a world where he was never supposed to exist. Born a Crime is equally the story of that young man's fearless, rebellious and fervently religious mother - a woman determined to save her son from the cycle of poverty, violence and abuse that ultimately threatens her own life. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high

school, Noah illuminates his curious world with an incisive wit and an unflinching honesty. His stories weave together to form a personal portrait of an unlikely childhood in a dangerous time, as moving and unforgettable as the very best memoirs and as funny as Noah's own hilarious stand-up. *Born a Crime* is a must read. *The Penalty Box* - Odette Stone 2019

He's a professional hockey player that lives on the edge. I prefer to play life by the rules. I'm the personal assistant at a sports agency that no one notices. Unless they need coffee. I don't like sports and I like professional athletes even less. I'm indifferent to the mostly male clientele, except for one. Mica "the savage" Petrov. When it comes to wild antics, Mica is the biggest offender of them all. He's reckless, wild and carelessly charming. I'm mortified that I find him attractive. But it doesn't matter because the guy hasn't taken a second look at me. Not once. In two years. Mica's career jeopardizing situation requires drastic measures to be taken to keep

him in the game. He's got money, I've got debt and my boss has a crazy idea. Which is how I found myself stepping up to save him from himself. But at what cost? How long can I keep fighting my attraction? What ghosts from his past is he brawling with? All I know is that I need to defend my heart before this big defenseman steals it away. Can we win this game? Or is it too late for either of us?

Rebel Mother - Peter Andreas 2017-04-04

"Those who enjoyed Jeannette Walls's *The Glass Castle* will find much to admire" (Booklist, starred review) in this "thoroughly engrossing" (The New York Times Book Review) memoir about a boy on the run with his mother, as she abducts him to Latin America in search of the revolution. Carol Andreas was a traditional 1950s housewife from a small Mennonite town in central Kansas who became a radical feminist and Marxist revolutionary. From the late sixties to the early eighties, she went through multiple husbands and countless lovers while living in

three states and five countries. She took her youngest son, Peter, with her wherever she went, even kidnapping him and running off to South America after his straitlaced father won a long and bitter custody fight. They were chasing the revolution together, though the more they chased it the more distant it became. They battled the bad “isms” (sexism, imperialism, capitalism, fascism, consumerism), and fought for the good “isms” (feminism, socialism, communism, egalitarianism). Between the ages of five and eleven, Peter lived in more than a dozen homes, moving from the comfortably bland suburbs of Detroit to a hippie commune in Berkeley to a socialist collective farm in pre-military coup Chile to highland villages and coastal shantytowns in Peru. When they secretly returned to America they settled down clandestinely in Denver, where his mother changed her name to hide from his father. A “luminous memoir” (Publishers Marketplace, starred review) and “an illuminating portrait of a

childhood of excitement, adventure, and love” (Kirkus Reviews) this is an extraordinary account of a deep mother-son bond and the joy and toll of growing up in a radical age. Peter Andreas is an insightful and candid narrator of “a profound and enlightening book that will open readers up to different ideas about love, acceptance, and the bond between mother and son” (Library Journal, starred review).
