

Women In Relationships With Bisexual Men Maria Pallotta Chiarolli

Through a Distorted Lens - Laura M. Nicosia 2017-07-20

This volume examines what and how the media teach, to and by whom, and for what purpose, in a rapidly shifting milieu of media content, platforms, and relations. While intimately concerned with education, authors move the discussion beyond the setting of formal schooling to uncover the ways in which the media contribute to individual and collective understandings of self and other, and their relations to society and communities in which they move. In doing so, the text encourages readers to transcend exclusionary discussions of citizenship to consider participation in local and global geographies against a neoliberal backdrop that marginalizes those unable to, unwilling to, and excluded from competing in the free market. Contributors extend their deliberations back to formal school settings to reaffirm pedagogies that rediscover the reading of texts—broadly defined—in the world through multimodalities. In this sense, the text strives to be transdisciplinary, and is appropriate for use in multiple disciplines and fields of study.

Border Sexualities, Border Families in Schools - Maria Pallotta-Chiarolli 2010

"All educators, all families need this book. Engaging Men in Building Gender Equality - Michael Flood 2015-06-18

Men's roles in building gender equality are currently on the public agenda. Across the globe, there are growing efforts to engage men and boys in building more equitable relations with women and girls. Programs that engage with men have proliferated in fields such as violence prevention, sexual and reproductive health, parenting, education, and work. The last decade has seen the emergence of national and global campaigns, initiatives by international agencies, and scholarly research. Engaging ...

Rewriting the Rules - Meg Barker 2012

We live in a time of great uncertainty about relationships. We search for "The One," but find ourselves staying single because nobody measures up. The reality of our relationships is not what we expected, and it becomes hard to balance it with all the other things that we want out of life. At the same time that marriage shows itself to be the one 'recession proof' industry; the rates of separation and break-up soar ever higher. *Rewriting the Rules* is a friendly guide through the complicated - and often contradictory - rules of love: the advice that is given about attraction and sex, monogamy and conflict, gender and commitment. It asks questions such as: which to choose from all the rules on offer? Do we stick to the old rules we learnt growing up, or do we try something new and risk being out on our own? This book considers how the rules are being 'rewritten' in various ways, for example the 'new monogamy', alternative commitment ceremonies, different ways of understanding gender, and new ideas for managing conflict and break-up where economics and child-care make complete separation a problem. In this way *Rewriting the Rules* gives the power to the reader to find the approach which fits their situation.

Worldwide Perspectives on Lesbians, Gays, and Bisexuals [3 volumes] - Paula Gerber Ph.D. 2021-01-26

This three-volume set is a rich resource for readers in any discipline interested in understanding the global, regional, and domestic experiences of LGB people. This interdisciplinary set makes a vital contribution to understanding how LGB rights are progressing—and in some cases, regressing—around the globe. The three volumes look at the lived experiences of LGB people from varied perspectives and provide comprehensive coverage on a wide variety of topics ranging from LGB youth and LGB aging to the approaches to LGB people of different religions, including Islam, Judaism, and Christianity. Chapters focus on topics including the ongoing criminalization of same-sex sexual conduct and how international human rights law can be used to improve the lives of LGB people. Particular attention is paid to the rights of

bisexuals, a group often ignored in works focusing on sexual orientation. Volume 1 focuses on history, politics, and culture relating to LGB people; Volume 2 focuses on the laws—domestic and international—governing LGB people; and Volume 3 provides snapshots of the current state of LGB experience in countries worldwide, presented by geographical region: Europe, the Americas, Africa, the Middle East, and the Asia Pacific region.

Bisexuality in Education - Maria Pallotta-Chiarolli 2017-10-02

Although many schools and educational systems, from elementary to tertiary level, state that they endorse anti-homophobic policies, pedagogies and programs, there appears to be an absence of education about, and affirmation of, bisexuality and minimal specific attention paid to bi-phobia. Bisexuality appears to be falling into the gap between the binary of heterosexuality and homosexuality that informs anti-homophobic policies, programs, and practices in schools initiatives such as health education, sexuality education, and student welfare. These erasures and exclusions leave bisexual students, family members and educators feeling silenced and invisibilized within school communities. Also absent is attention to intersectionality, or how indigeneity, gender, class, ethnicity, rurality and age interweave with bisexuality. Indeed, as much research has shown, erasure, exclusion, and the absence of intersectionality have been considered major factors in bisexual young people, family members and educators in school communities experiencing worse mental, emotional, sexual and social health than their homosexual or heterosexual counterparts. This book is the first of its kind, providing an international collection of empirical research, theory and critical analysis of existing educational resources relating to bisexuality in education. Each chapter addresses three significant issues in relation to bisexuality and schooling: erasure, exclusion, and the absence of intersectionality. From indigenous to rural schools, from tertiary campuses to elementary schools, from films to picture books as curriculum resources, from educational theory to the health and wellbeing of bisexual students, this book's contributors share their experiences, expertise and ongoing questions. This book was originally published as a special issue of the *Journal of Bisexuality*.

The Politics of Recognition and Social Justice - Maria Pallotta-Chiarolli 2013-11-07

Via a wide range of case studies, this book examines new forms of resistance to social injustices in contemporary Western societies. Resistance requires agency, and agency is grounded in notions of the subject and subjectivity. How do people make sense of their subjectivity as they are constructed and reconstructed within relations of power? What kinds of subjectivities are needed to struggle against forms of dominance and claim recognition? The participants in the case studies are challenging forms of dominance and subordination grounded in class, race, culture, nationality, sexuality, religion, age, disability and other forms of social division. It is a premise of this book that new and/or reconstructed forms of subjectivity are required to challenge social relations of subordination and domination. Thus, the transformation of subjectivity as well as the restructuring of oppressive power relations is necessary to achieve social justice. By examining the construction of subjectivity of particular groups through an intersectional lens, the book aims to contribute to theoretical accounts of how subjects are constituted and how they can develop a critical distance from their positioning.

Bi Men - Ron Jackson Suresha 2013-05-13

A moving and pioneering celebration of the male bisexual self that addresses biphobia in our society In today's sexual world, both straight and gay and lesbian communities still often refuse to accept the reality of bisexuality. *Bi Men: Coming Out Every Which Way* confronts head-on the limiting views that bisexuality is a transitional phase of sexual evolution or a simple refusal to accept being either homosexual or straight. This pioneering collection of moving personal essays by bisexual men and those who love them explores what it means to be bisexual in today's monosexually oriented society. The millennial shift in sexual perspectives draws more and more men to come out as being attracted to both women and men. Bisexual and bi-curious men will find comfort and camaraderie in these stories about coming out, its impact on family and marriage, evolving perspectives on bisexuals within the LGBT community, and the building of acceptance and affirmation for bisexuality and polyamory. The nearly three dozen essays in *Bi Men: Coming Out Every Which Way* are told in the honest words of bisexuals, confirming the validity of their place in the world while illustrating that there are more bi men than anyone ever realized. These diverse and pioneering men's stories reveal a long-disguised and unconventional truth—that bisexuality is a valid lifestyle that does not threaten either sexual camp. Each contributor to this collection affirms the innate fluidity of self, sexuality, family, and community, and proclaims that sexuality is truly diverse in its predispositions and creativity. *Bi Men: Coming Out Every Which Way* separates its essays into four parts: coming out and personal realization of bisexual nature bisexuality's effects on family and marriage an examination of the shifting viewpoints of bisexuality within gay communities ways in which bisexuals can affirm and respect their own desires and celebrate their sexual selves These intimate stories address: biphobia monosexual prejudice the impact on marriage family issues coming out to self, spouse, and family political and community issues religious and spiritual concerns *Bi Men: Coming Out Every Which Way* is a vibrant, reassuring call to bisexuals, the bi-curious, or anybody who knows and loves a bisexual/bi-curious man, to read and more completely understand the unique issues of being bisexual while providing the ultimate affirmation of bisexuality's existence.

Is My Husband Gay, Straight, or Bi? - Joe Kort 2014-09-11

Jennifer can't believe it. Just married and pregnant, she discovers that her husband has been meeting Brad for sex. When confronted, Tom doesn't deny it, but he insists it's just "a thing" and he isn't gay. Elsewhere, John's wife, Karen, discovers that her husband likes to watch gay porn. John doesn't understand his wife's reaction. Why does she care what he watches if he's not unfaithful? In couple's therapy, Karen and Jennifer raise the same questions: Does this mean my husband is gay? Can my marriage survive? These and other stories illustrate the difficulties inherent when a wife or girlfriend finds out her man has had or wants to have sexual contact with other men. But many times, the man is not gay or even bisexual. Of course, some men with gay sexual interests are gay men in a process of self-discovery; they are "coming out." These desires may only reflect a different side of a man's sexuality or some response to childhood trauma or experiences they have not fully processed. Here Joe Kort and Alexander P. Morgan make the distinction between gay men and "straight men with gay interests" clearer to women who want to know how they can overcome these revelations. The authors explain the many reasons why straight men may be drawn to gay sex; how to tell whether a man is gay, straight, or bisexual; and what the various options are for these couples, who can often go on to have very fulfilling marriages. *Is My Husband Gay, Straight or Bi?* is

intended to help couples understand how male sexuality can express itself in ways that may be difficult to understand. Many marriages have been hurriedly terminated when couples (and their therapists) have lacked the information they needed to understand their current situations. This book provides the clarity, describes the choices, and (in many cases) offers hope for relationships and marriages that have been brushed off as doomed.

Living and Loving in Diversity - Maria Pallotta-Chiarolli 2018-09-24

Sad and funny, sexy and sensitive, angry and insightful: the deeply personal stories in this book reflect a rainbow of experiences and emotions, as diverse as the storytellers themselves. Join chief editor Maria Pallotta-Chiarolli and the Australian LGBTIQ Multicultural Council for a journey of discovery through queer multicultural multifaith Australia, with more than sixty voices from across the spectrum of sexualities and genders, families and relationships. Annette Xiberras, lesbian Wurundjeri Elder with a Maltese father, provides a Welcome to Book and insights into her Indigenous-migrant family. Filmmakers Tony Ayres and Franco Di Chiera share their experiences telling stories from minority cultures on Australian screens, while Benjamin Law talks queer Asian-Australian identity, and making *The Family Law* for SBS. Broadcaster Faustina Agolley talks about being 'out' as a woman of colour, and Anton Enus tells us about coming out as a 'coloured' gay man in South Africa. Entertainer Paul Capsis reflects on doing Cabaret in the age of Trump while Asiel Adan talks about non-binary gender across the US border in Mexico. Meanwhile, Christos Tsiolkas imagines Ari, the protagonist of his iconic novel *Loaded*, now middle-aged, during a weekend of mass violence in distant Paris, while Patrick Abboud travels the world so he can come home. Alyena Mohummadally searches for reconciliation between her queer and Muslim identities and Tony Briffa shares a personal story of growing up with intersex variations and the rigidity of Western medicine. Contributors are Patrick Abboud, Doron Abramovici, Asiel Adan, Faustina Agolley, Mama Alto, Elvira Andreoli, Gavriel Ansara, Tony Ayres, Ayman Barbaresco, Jonathan Barnett, Michael Barnett, Roz Bellamy, Maria Bololia, Tony Briffa, Hinde Ena Burstin, Paul Capsis, Carolina, Paula Carpio, Shanton Chang, Joseph Carmel Chetcuti, Margherita Coppolino, Franco Di Chiera, Anton Enus, Cristian Cortes Garzon, Sally Goldner, Carl Gopalkrishnan, Anne Harris, Dino Hodge - Konstantino Hadjikakou, Peggy Iu, Rida Khan, Azja Kulpinska, Benjamin Law, Anthony Lekkas, Mei Tze Ling, Lian Low, Alan Maurice, Adam Messede, Jack Migdalek, Alyena Mohummadally, Tony Mordini, Nonno and Aroosa, Olivia Noto, Benjamin Oh, Gary Paramanathan, Vic Perri, Corey Rabaut, Raven, Adam Ridwan, Naya Rizwan, Wil Roach, Omar Sakr, Michael Schembri, Budi Sudarto, Reem Sweid, Judy Tang, Christos Tsiolkas, John Tzimas, Paul Venzo, Sim Victor, Annette Xiberras, Nevo Zisin

Understanding Non-monogamies - Meg Barker 2010

Most social scientific work on intimate relationships has assumed a monogamous structure, or has considered anything other than monogamy only in the context of 'infidelity'. Yet, in recent years there has been a growing interest among researchers and the public in exploring various patterns of intimacy that involve open non-monogamy. This volume gathers contributions from academics, activists, and practitioners throughout the world to explore non-monogamous relationships. Featuring both empirical and theoretical pieces, contributors examine the history and cultural basis of various forms of non-monogamy, experiences of non-monogamous living, psychological understandings of relationship patterns, language and emotion, the discursive construction of mono-normativity as well as issues of race, class, disability, sexuality and gender. This volume will be of interest to academics and practitioners working in the social sciences and anyone who is seeking greater insight into the intricacies of non-monogamous relationships.

The Spectre of Promiscuity - Christian Klesse 2016-03-03

Wide-ranging research suggests that partners in gay male and bisexual relationships do not necessarily expect monogamy, or see it as an important issue. Although the frequency of gay male and bisexual non-monogamous partnerships tends to be widely acknowledged in social science literature, these relationships

have rarely been explored in more detail. By providing rich empirical data, thoughtful analysis and theoretical debate, this book makes a significant contribution to the sociological literature on sexual and intimate relationships. More specifically it explores the diversity of gay male and bisexual relationship practices in the context of heteronormative citizenship and intra-social movement conflict, and highlights the complexity of power relations that circumscribe queer people's relationships and sexual lives. Written in an accessible and engaging manner, *The Spectre of Promiscuity* provides important insights for further studies on sexual culture, discourse, citizenship, politics and ethics.

LGBTQ-Parent Families - Abbie E. Goldberg 2020-04-03

This textbook offers a comprehensive overview of research on LGBTQ-parent families. The new edition of the textbook provides updated information and expands on the range and depth of current research. The volume features contributions from scholars in psychology, sociology, human development, family studies, gender studies, sexuality studies, legal studies, social work, and anthropology. In addition, the textbook offers an international perspective, with coverage spanning many diverse nations and cultures. Chapters highlight key research, exploring sexual orientation in relation to other key social identities, such as gender, race, and nationality. Chapters also discuss new, emerging areas of research, including asexuality and immigration. The textbook concludes with a section on the growing sophistication of research methodology in the study of LGBTQ-parent families. The second edition includes new chapters discussing: LGBTQ-parent families and health. LGBTQ foster parents. LGBTQ adults and sibling relationships. LGBTQ-parent families and poverty. LGBTQ-parent families and separation/divorce. LGBTQ-parent families and religion. LGBTQ-parent families and grief/loss. Methods, recruitment, and sampling in research with LGBTQ families. Teaching/pedagogy on LGBTQ-parent families. *LGBTQ-Parent Families, 2nd Edition*, is a valuable updated resource for graduate students as well as veteran and beginning clinicians across disciplines, including family studies, family therapy, gender studies, public health, social policy, social work and child and adolescent psychology as well as related disciplines across mental health and educational services.

Women and Bisexuality - Serena Anderlini-D'Onofrio 2013-09-13

Get a global perspective on bisexuality from a women's viewpoint! *Women and Bisexuality: A Global Perspective* reflects the growing contribution bisexuals, and especially bisexual women, make to queer culture on an international level. This unique book presents a collection of thoughtful essays, studies, and reviews that combine to help develop a language that reflects the reality of bisexuality from a feminine/feminist viewpoint. Authors map the inroads made by bisexual studies into conventional disciplines, including anthropology, sociology, health, literature, film, history, and biography, and analyze the situations of bisexual women in areas as diverse as France, North America, Germany, Australia, and Africa. The rich and varied contributions to *Women and Bisexuality: A Global Perspective* track the spread of bisexuality from the urban and metropolitan centers of gay culture to more peripheral areas as the movement becomes more and more hospitable to transnational and transcultural people. The book's main themes—bisexuality's ability to disrupt categories and the resulting feeling of alienation many bisexuals experience—are manifested in approaches that include critical theory, deconstruction, textual analysis, cognitive psychology, personal essay, review essay, reportage, and qualitative study. Topics addressed include: the impact of feminism and women's communities on the appearance of bisexual women multi-sexual relationships as border existence in Australia a South African perspective on bisexuality understanding bisexuality's invisibility Lillian Hellmann's bisexual fantasies and much more! *Women and Bisexuality: A Global Perspective* follows bisexuality to the crossroads of academics and activism, presenting a wide scope of refreshing and insightful thought that reflects more than an identity or practice. The diverse mix of ideas is an essential read for anyone interested in literature on sexuality.

Bisexuality in Europe - Emiel Maliepaard 2020-11-01

Bisexuality in Europe offers an accessible and diverse overview of research on bisexuality and bi+ people in Europe, providing a foundation for theorising and empirical work on plurisexual orientations and identities, and the experiences and realities of people who desire more than one sex or gender. Counteracting the predominance of work on bisexuality based in Anglo-American contexts, this collection of fifteen contributions from both early-career and more senior academics reflects the current state of research in Europe on bisexuality and people who desire more than one sex or gender. The book is structured around three interlinked themes that resonate well with the international research frontiers of bisexual theorising: bisexual citizenship, intimate relationships, and bisexual+ identities. This book is the first of its kind in bringing together research from various European countries including Austria, Finland, Italy, the Netherlands, and Scandinavian countries, as well as from Europe as a wider geographical region.. Topics include pansexual identity, non-monogomies, asylum seekers and youth cultures. This is an essential collection for students, early career researchers, and more senior academics in Gender Studies, LGBTQI Studies and Sexuality Studies.

Women in Relationships with Bisexual Men - Maria Pallotta-Chiarolli 2016-03-08

Framed by a comprehensive review of international research, literature, and film, this book is an intimate journey into the experiences and insights of 79 Australian women in relationships with bisexual men. It takes us into the daily lives, sexual intimacies, and families of MOREs (mixed-orientation relationships) that span the gamut from extremely oppressive experiences with bi-misogynist men to extremely liberating with bi-profeminist men. Aged 19 to 65, the women are in monogamous, open, and polyamorous relationships with bisexual-identifying and/or bisexual-behaving men. The women themselves are bisexual, lesbian, heterosexual, while others refuse to categorize their own sexualities. The book addresses the discovery or disclosure of the man's bisexuality, how the relationships work and where they flounder, how the partners negotiate and establish 'new rules' and boundaries to maintain their relationship, and the impact of class, rural/urban setting, ethnicity, indigeneity, race, religion, and education on these relationships. But this book isn't only about MOREs. The research, revelations and reflections in this book tell us much about current and shifting global constructions and understandings of intimate relationships, sexual desires and love, and the socio-cultural representations and labeling of genders and sexualities.

Queering Families of Origin - Chiara Bertone 2016-04-14

This book provides an original insight into how families of origin of Gay, Lesbian, Bisexual and Transgender (GLBT) people are involved in negotiating meanings and experiences of sexuality and intimacy, an underexplored dimension of queer family life. Delving into the perspectives of families of origin and showing the complexity and heterogeneity of the ways people with their different gender and sexual identities "do" families across generations, it contributes to queering the very distinction between families of origin and families of choice and questions the (hetero)normative assumptions about forms and boundaries of family this distinction rests upon. A focus on marginal contexts, such as Southern Europe, and on marginal subjects, like bisexuals or black lesbians, is proposed as a way to challenge the universality of privileged narratives within heteronormativity, homonormativity and anglocentrism, and to reveal unexpected resources families of origin use to make sense of GLBT identities and lived experiences. The book poses a crucial question: how can alliances along family ties develop on the basis of shared stories of family diversity and marginalised identities, rather than of loving (and normative) support to GLBT people in need and an advocacy in their name from a position of heterosexual privilege? This book was originally published in *Journal of GLBT Family Studies*.
