*The Slave Across the Street* Theresa L. Flores 2019-08-17 \*\*\* Wall Street Journal and USA Today best seller! \*\*\* While more and more people each day become aware of the dangerous world of human trafficking, most people in the U.S. still believe this is something that happens to foreign women, men, and children--not something that happens to their own. In this powerful true story, Theresa L. Flores shares how her life as an All-American, blonde-haired 15-year-old teenager who could have been your neighbor was enslaved into the dangerous world of sex trafficking while living in an upper-middle class suburb of Detroit. Her story peels the cover off of this horrific criminal activity and gives dedicated activists as well as casual bystanders a glimpse into the underbelly of trafficking. And it all happened while living at home without her parents ever knowing about it. Involuntarily involved in a large underground criminal ring, Ms. Flores endured more as a child than most adults will ever face their entire lives. In this book, Ms. Flores discusses how she healed the wounds of sexual servitude and offers advice to parents and professionals on preventing this from occurring again, educating and presenting significant facts on human trafficking in modern day America.

**The White Devil's Daughters** Julia Flynn Siler 2019-05-14

During the first hundred years of Chinese immigration--from 1848 to 1943--San Francisco was home to a shockingly extensive underground slave trade in Asian women, who were exploited as prostitutes and indentured servants. In this gripping, necessary book, bestselling author Julia Flynn Siler shines a light on this little-known chapter in our history--and gives us a vivid portrait of the safe house to which enslaved women escaped. The Occidental Mission Home, situated on the edge of Chinatown, served as a gateway to freedom for thousands. Run by a courageous group of female Christian abolitionists, it survived earthquakes, fire, bubonic plague, and violent attacks. We meet Dolly Cameron, who ran the home from 1899 to 1934, and Tien Fuh Wu, who arrived

at the house as a young child after her abuse as a household slave drew the attention of authorities. Wu would grow up to become Cameron's translator, deputy director, and steadfast friend. Siler shows how Dolly and her colleagues defied convention and even law--physically rescuing young girls from brothels, snatching them from their smugglers--and how they helped bring the exploiters to justice. Riveting and revelatory, *The White Devil's Daughters* is a timely, extraordinary account of oppression, resistance, and hope.

Reader be assured this narrative is no fiction. I am aware that some of my adventures may seem incredible; but they are, nevertheless, strictly true. I have not exaggerated the wrongs inflicted by Slavery; on the contrary, my descriptions fall far short of the facts. I have concealed the names of places, and given persons fictitious names. I had no motive for secrecy on my own account, but I deemed it kind and considerate towards others to pursue this course. I wish I were more competent to the task I have undertaken. But I trust my readers will excuse deficiencies in consideration of circumstances. I was born and reared in Slavery; and I remained in a Slave State twenty-seven years. Since I have been at the North, it has been necessary for me to work diligently for my own support, and the education of my children. This has not left me much leisure to make up for the loss of early opportunities to improve myself; and it has compelled me to write these pages at irregular intervals, whenever I could snatch an hour from household duties.

Society 2019-12-16 'Step by Step; Or, Tidy's Way to Freedom' is a non-fiction book, which although is intended for children, is a propaganda intended to convince the readers that a way to abolish slavery is to be engaging in household chores, especially since the author believes that to do so is in accordance to Christian beliefs. The book was written by the American Tract Society, a nonprofit, nonsectarian but evangelical organization founded for the purpose of publishing and disseminating tracts of Christian literature.

**Beloved** Toni Morrison 2006-10-17 Winner of the Pulitzer Prize,

Toni Morrison's *Beloved* is a spellbinding and dazzlingly innovative portrait of a woman haunted by the past. Sethe was born a slave and escaped to Ohio, but eighteen years later she is still not free. She has borne the unthinkable and not gone mad,

yet she is still held captive by memories of Sweet Home, the beautiful farm where so many hideous things happened. Meanwhile Sethe's house has long been troubled by the angry, destructive ghost of her baby, who died nameless and whose tombstone is engraved with a single word: Beloved. Sethe works at beating back the past, but it makes itself heard and felt incessantly in her memory and in the lives of those around her. When a mysterious teenage girl arrives, calling herself Beloved, Sethe's terrible secret explodes into the present. Combining the visionary power of legend with the unassailable truth of history, Morrison's unforgettable novel is one of the great and enduring works of American literature.

Are Prisons Obsolete? Angela Y. Davis 2011-01-04 With her characteristic brilliance, grace and radical audacity, Angela Y. Davis has put the case for the latest abolition movement in American life: the abolition of the prison. As she quite correctly notes, American life is replete with abolition movements, and when they were engaged in these struggles, their chances of success seemed almost unthinkable. For generations of Americans, the abolition of slavery was sheerest illusion.

Similarly, the entrenched system of racial segregation seemed to last forever, and generations lived in the midst of the practice, with few predicting its passage from custom. The brutal, exploitative (dare one say lucrative?) convict-lease system that succeeded formal slavery reaped millions to southern jurisdictions (and untold miseries for tens of thousands of men, and women). Few predicted its passing from the American penal landscape. Davis expertly argues how social movements transformed these social, political and cultural institutions, and made such practices untenable. In *Are Prisons Obsolete?*, Professor Davis seeks to illustrate that the time for the prison is approaching an end. She argues forthrightly for "decarceration", and argues for the transformation of the society as a whole.

**White Cargo** Don Jordan 2011-05-20 In the seventeenth and eighteenth centuries, 300,000 people or more became slaves there in all but name. Urchins were swept up from London's streets to labour in the tobacco fields, brothels were raided to provide 'breeders' for Virginia and hopeful migrants were duped into signing as indentured servants, unaware they would become chattels who could be bought, sold and gambled away. Drawing on letters, diaries, and court and government archives, the authors demonstrate that the brutalities associated with black slavery alone were perpetrated on whites throughout British rule. The trade ended with American independence but the British still tried to sell convicts in their former colonies, which prompted one of the most audacious plots in Anglo-American history. This is a saga of exploitation and cruelty spanning 170 years that has been submerged under the overwhelming memory of black slavery. *White Cargo* brings the brutal, uncomfortable story to the surface.

Chain Of Voices André Brink 2012-01-31 It is 1825 and high in the mountains of South Africa a group of slaves stand accused of

the murder of their owner, Nicolass van der Merwe, a wealthy Afrikaner farmer. Galant, the van der Merwe family's chief hand, is held leader of the murderous band. Raised with the two sons of the house, it was not until adulthood and rivalry over Hester, orphaned daughter of a tenant farmer, that he realised their different roles, their unequal futures and opposed stations in life. A CHAIN OF VOICES stands as a prophetic lesson - when hopes of freedom from slavery are dashed, and when promises of equal treatment are broken, an escalating spiral of bitterness, resentment, and finally, explosive violence is inevitable.

This selection of her impassioned speeches is accompanied by the words of other inspiring African-American female campaigners from the nineteenth century. One of twenty new books in the bestselling Penguin Great Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

Slavery by Another Name Douglas A. Blackmon 2012-10-04 A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.

*The Comfort Women* C. Sarah Soh 2020-05-15 In an era marked by atrocities perpetrated on a grand scale, the tragedy of the so-called comfort women—mostly Korean women forced into prostitution by the Japanese army—endures as one of the darkest events of World War II. These women have usually been labeled victims of a war crime, a simplistic view that makes it easy to pin blame on the policies of imperial Japan and therefore easier to consign the episode to a war-torn past. In this revelatory study, C. Sarah Soh provocatively disputes this master narrative. Soh reveals that the forces of Japanese colonialism and Korean patriarchy together shaped the fate of Korean comfort women—a double bind made strikingly apparent in the cases of women cast into sexual slavery after fleeing abuse at home. Other victims were press-ganged into prostitution, sometimes with the help of Korean procurers. Drawing on historical research and interviews with survivors, Soh tells the stories of these women from girlhood through their subjugation and beyond to their efforts to overcome the traumas of their past. Finally, Soh examines the array of

factors— from South Korean nationalist politics to the aims of the international women’s human rights movement—that have contributed to the incomplete view of the tragedy that still dominates today.
