[Culture of Ambiguity](#) - Sandra Leanne Bosacki 2012-03-24

Research shows that the ability to "read others" or to make sense of the signs and symbols evident in human communication has an influence on children's self-conceptions and their social interactions in childhood and adolescence. Given that psychological explanations play a key role in teaching and learning, further research is required, particularly on

adolescents within the school context. This book investigates which aspects of these discourse experiences foster the growth of understanding of spirit, emotion, and mind in adolescence. Accordingly, from a co-relational approach to the development of understanding mind and education, this book builds on past and current research by investigating the social and emotional antecedents and consequences of psychological understanding in early adolescence. Specifically, this book explores the question: How do adolescents use their ability to understand other minds to navigate their relationships with themselves and their peers within the culture of ambiguity? To address this question, this book critically examines research on adolescents' ability to understand mind, emotion, and spirit, and how they use this ability to help them navigate their relationships within the school setting. This book might appeal to a variety of educators and researchers, ranging from early childhood educators/researchers to university professors specializing in socioemotional and spiritual/moral worlds of adolescents. Sandra Leanne Bosacki completed her PhD in Education at the Ontario Institute for Studies in Education of the University of Toronto, Canada. Currently an Associate Professor in the Graduate and Undergraduate Department of

Education at Brock University, St. Catharines, Ontario, Canada, she teaches graduate courses in Developmental Educational Psychology and Educational Research. Her teaching and research interests include sociocognitive, emotional, moral, and spiritual development within diverse cultural and educational contexts. She is a contributing associate editor of the International Journal of Children's Spirituality and is the author books *The Culture of Classroom Silence* and *The Emotional Lives of Children* (2005; 2008, Peter Lang). She has published research papers in the *Journal of Educational Psychology*, the *Journal of Early Adolescence*, *Social Development*, and *Gender Roles: A Journal of Research*. She currently resides in Hamilton, Ontario, Canada.

You've Got Male: Tales of Internet Dating and how Women Compromise Themselves to Have a Man in Their Life - Laura Jane 2007

Wife, Inc. - Suzanne Leonard 2018-04-03

After a half century of battling for gender equality, women have been freed from the necessity of securing a husband for economic stability, sexual fulfillment, or procreation. Marriage is a choice, and increasingly women (and men) are opting out. Yet despite these changes, the cultural power of marriage has burgeoned. What was once an obligation has become an exclusive club into which heterosexual women with the right amount of self-discipline may win entry. The newly exalted professionalized wife is no longer reliant on her husband's status or money; instead she can wield her own power provided she can successfully manage the business of being a wife. *Wife, Inc.* tells a fiercely contemporary story revealing that today's wives do not labor in the home. Instead, the work of wifedom occurs in online dating sites, on reality television, in social media, and on the campaign trail. No longer the stuff of marriage vows, these realms are now controlled by brand management and marketability. To prosper, women must appear confident, empowered, and sexually savvy. Suzanne Leonard follows women as they date, prepare to wed, and toil as wives, using examples from popular culture in order to reveal marriage's newly professionalized role in the lives of American women. Being a wife is a business that takes

a lot more than a vow to maintain.

Mismatched.com - Debra Mennig 2014-09-16

It's the process of getting there that sucks. My social circle had shrunk to the point of non-existence. I wasn't hanging out in bars anymore, the men in the grocery stores really were there to buy groceries, and I don't go to church. My dating options were limited, so what's a girl to do What else? I pulled on my big girl panties (ok, I was already wearing them) and dove into the world of internet dating. The winks and roses started pouring in and pretty soon I was back on the road to the love shack. Well, not exactly, but I did meet some unique individuals. *Mismatched.com* is a collection of mostly true tales describing some of my more interesting dates. The names and some of the details have been changed to protect the not so innocent.

Swiping Over 40 - Kathlyn Heim 2020-11

Swiping Over 40: A Mature Woman's Guide To Dating In A Fast Food World is a "he said, she said" book that explores the internet dating process step-by-step for mature women who are either actively involved in or considering internet dating. Written by online dating veteran Kathlyn Heim, this guide to online dating at an older age comically compares dating via the internet with fast food dining. Fortunately, having literally thousands of dating prospects at the click of a button, we have choices, perhaps too many choices. Like 31 flavors, one can choose mint chip today, bing-cherry tomorrow, and rainbow sherbet the following day. Dating in the dark ages, as our parents knew it, no longer exists. Gone are the days when two people meet and embark on the relationship journey. Gone are the days when a man asks for a number, calls the woman, plans a date, picks her up at her home, and pays for the date, and asks you out for date #2. Gone are the days when two people find each other and commit to dating only each other and "see where it leads." In today's world of internet dating, the process may look more like this: You like each other's profile and send a message. You agree to meet in a public place, go "dutch" on the check, then part ways. You get home, login to the site, and see he is "online now!" Statistically speaking, chances are high that the first date will also be your last date! With this

shift in the dating paradigm, comes a whole new set of guidelines, or rules. What exactly are those rules, and how do we learn them? Many books have been written in relation to dating and even online dating. Although informative, dating books of the past were written for a specific gender, by the same gender.

Short Story Press Presents Dating My Boyfriend's Brother - Short Story Press 2012-12-27

Short Story Press Presents *Dating My Boyfriend's Brother* by Shanika Patrice Skyy Conrad is a single woman, approaching her 30s, who has decided to give online dating another chance after her first online experience failed. Never one to give up too easily, Skyy “meets” Bruce in a chat room and another online romance begins for the beautiful, wannabe writer who is also a full-time counselor at a correctional facility. Unlike Skyy, who is single with no kids, Bruce is divorced, with experience, who may have baggage that prevents the two from completely connecting on a few levels, especially physical. Along with the obstacles of trying to have a successful long-distance relationship with Bruce, Skyy also works hard at advertising a blossoming, promising online relationship to doubtful outsiders to online and long distance dating, such as her parents and friends, while questioning whether the relationship does actually have a chance of making it. *Dating My Boyfriend's Brother* is an example of what can happen in a relationship that begins online, and what can happen when you match a determined, driven single woman ready for a man to put a “ring on it” with a divorced man who although is lonely and looking for companionship also has a weird way of showing how much he needs Skyy. Maybe it is indeed his fault that she begins to fall for his brother Short Story Press publishes short stories written by everyday writers.

Makeover - Barbara Lorna Hudson

Master of sharp observation in her beautifully crafted works of women's fiction, Barbara Lorna Hudson explores myriad relationships in *Makeover*. After a turbulent early life and two abusive marriages, divorcee Lucille Brown has battled hard to find her feet. Now all she asks is a second chance. When Oxford don, Walter, arrives in her life, the

sexual chemistry is tangible, yet the gulf between them seems impassable. But harsh lessons and new opportunities await them both. *Transform Cold Clicks into Raving Readers* - Victoria Pinder 2016-09-27

Stories We've Heard, Stories We've Told - Jeffrey A. Kottler 2014-10-24

This is a book that integrates what is known from a wide variety of disciplines about the nature of storytelling and how it influences and transforms people's lives. Drawing on material from the humanities, sociology, anthropology, neurophysiology, media and communication studies, narrative inquiry, indigenous healing traditions, as well as education, counseling, and therapy, the book explores the ways that therapists operate as professional storytellers. In addition, our job is to hold and honor the stories of our clients, helping them to reshape them in more constructive ways. The book itself is written as a story, utilizing engaging prose, research, photographs, and powerful anecdotes to draw readers into the intriguing dynamics and processes involved in therapeutic storytelling. It sets the stage for what follows by discussing the ways that stories have influenced history, cultural development, and individual worldviews and then delves into the ways that everyday lives are impacted by the stories we hear, read, and view in popular media. The focus then moves to stories within the context of therapy, exploring how client stories are told, heard, and negotiated in sessions. Attention then moves to the ways that therapists can become more skilled and accomplished storytellers, regardless of their theoretical preferences and style.

Critical Thinking About Sex, Love, and Romance in the Mass Media - Mary-Lou Galician 2007-07-10

This distinctive volume explores how romantic coupleship is represented in books, magazines, popular music, movies, television, and the Internet within entertainment, advertising, and news/information. This reader offers diverse theoretical perspectives and methodological approaches on the representation of romantic relationships across the media spectrum. Filling a void in existing media scholarship, this collection explores the media's influence on perceptions and expectations in

relationships, including the myths, stereotypes, and prescriptions manifested throughout the press. Featuring fresh voices, as well as the perspectives of seasoned veterans, contributions include quantitative and qualitative studies along with cultural/critical, feminist, and descriptive analyses. This anthology has been developed for use in courses on mass media and society, media studies, and media literacy. In addition to its use in coursework, it is highly relevant for scholars, researchers, and others interested in how the media influence the personal lives of individuals.

Virtual Identities and Digital Culture - Victoria Kannen 2023-02-28

Virtual Identities and Digital Culture investigates how our online identities and cultures are embedded within the digital practices of our lives, exploring how we form community, how we play, and how we re-imagine traditional media in a digital world. The collection explores a wide range of digital topics - from dating apps, microcelebrity, and hackers to auditory experiences, Netflix algorithms, and live theatre online - and builds on existing work in digital culture and identity by bringing new voices, contemporary examples, and highlighting platforms that are emerging in the field. The book speaks to the modern reality of how our digital lives have been forever altered by our transnational experiences - one of those key experiences is the pandemic, but so too is systemic inequality, questions of digital privacy, and the role of joy in our online lives. A vital contribution at a time of significant social and cultural flux, this book will be highly relevant to those studying digital culture within media, communication, cultural studies, digital humanities, and sociology departments.

Just a Click Away - Skye Pearson 2015-07-31

Have you tried online dating? Thinking about it? JUST A CLICK AWAY: *Memoirs of Online Dating* is a book for anyone who has had past experience with online dating, is currently involved, or just thinking about it. Based on several years of experiences of her own, with just a few from friends, and with lots of wit and humor, Skye Pearson tells the tales of many of her less than successful -- but always entertaining -- dates. Meet the guys she met (with no warning!) including: * the married man

(probably a common thing for those of you dating this way)* the guy who only dated women with specific dress sizes* the guy who only wanted a woman to wear certain specific colors of nail polish* the guy looking for the perfect submissive* the cheap date who kept splitting plates and drinks...and of course, the drunk guy (and so many more). JUST A CLICK AWAY is informative, educational and above all, entertaining. While the main audience might seem to be women who are dating, if you're a guy wanting to use online dating sites, you might want to read this if only to learn what not to do.

Click - Lisa Becker 2011-04-05

Fast approaching her 30th birthday and finding herself not married, not dating, and without even a prospect or a house full of cats, Renee Greene, the heroine of *Click: An Online Love Story*, reluctantly joins her best guy pal on a journey to find love online in Los Angeles. The story unfolds through a series of emails between Renee and her best friends (anal-compulsive Mark, the overly-judgmental Ashley and the over-sexed Shelley) as well as the gentlemen suitors she meets online. From the guy who starts every story with "My buddies and I were out drinking one night," to the egotistical "B" celebrity looking for someone to stroke his ego, Renee endures her share of hilarious and heinous cyber dates. Fraught with BCC's, FWD's and inadvertent Reply to All's, readers will root for Renee to "click" with the right man.

Love at First Click - Laurie Davis 2013-01-08

One in five relationships starts on an online dating site, but little straightforward guidance exists for users. Enter digital dating whisperer Laurie Davis . . . In a world where we communicate as much via texts as we do through body language, this book empowers readers to log on and double click for love, taking them through the journey all online daters face—from choosing the right site, creating a profile, and navigating dates, to logging off with their perfect match. *Love @ First Click* is every online dater's guide to exploring the web with no-fail techniques. For example, uploading the right photos can attract someone who might otherwise pass you over. Setting a time limit on the first meet-up can leave your date excited to see you again. And the phrasing in your date's

thank-you text after dinner can uncover how your click mate really feels about you. Whether you're a digital dating vet or virgin, this is the ultimate guide to online dating that will take your online crush to offline love.

Shakespeare and Commedia dell'Arte - Artemis Preeshl 2017-07-14
Shakespeare and Commedia dell'Arte examines the ongoing influence of commedia dell'arte on Shakespeare's plays. Exploring the influence of commedia dell'arte improvisation, sight gags, and wordplay on the development of Shakespeare's plays, Artemis Preeshl blends historical research with extensive practical experience to demonstrate how these techniques might be applied when producing some of Shakespeare's best-known works today. Each chapter focuses on a specific play, from A Midsummer Night's Dream to The Winter's Tale, drawing out elements of commedia dell'arte style in the playscripts and in contemporary performance. Including contemporary directors' notes and interviews with actors and audience members alongside Elizabethan reviews, criticism, and commentary, Shakespeare and Commedia dell'Arte presents an invaluable resource for scholars and students of Renaissance theatre.

Chaucer - Marion Turner 2020-09-22

"More than any other canonical English writer, Geoffrey Chaucer lived and worked at the centre of political life--yet his poems are anything but conventional. Edgy, complicated, and often dark, they reflect a conflicted world, and their astonishing diversity and innovative language earned Chaucer renown as the father of English literature. Marion Turner, however, reveals him as a great European writer and thinker. To understand his accomplishment, she reconstructs in unprecedented detail the cosmopolitan world of Chaucer's adventurous life, focusing on the places and spaces that fired his imagination. Uncovering important new information about Chaucer's travels, private life, and the early circulation of his writings, this innovative biography documents a series of vivid episodes, moving from the commercial wharves of London to the frescoed chapels of Florence and the kingdom of Navarre, where

Christians, Muslims, and Jews lived side by side. The narrative recounts Chaucer's experiences as a prisoner of war in France, as a father visiting his daughter's nunnery, as a member of a chaotic Parliament, and as a diplomat in Milan, where he encountered the writings of Dante and Boccaccio. At the same time, the book offers a comprehensive exploration of Chaucer's writings, taking the reader to the Troy of Troilus and Criseyde, the gardens of the dream visions, and the peripheries and thresholds of The Canterbury Tales. By exploring the places Chaucer visited, the buildings he inhabited, the books he read, and the art and objects he saw, this landmark biography tells the extraordinary story of how a wine merchant's son became the poet of The Canterbury Tales." -- Publisher's description.

Millions of Women are Waiting to Meet You - Sean Thomas 2012-02-16
Sean Thomas was single, thirty-seven and, by his own admission, just 'a tiny bit desperate' to meet the woman of his dreams, when he was asked by a men's magazine to do a feature on Internet dating. Millions of Women Are Waiting to Meet You is a poignant, hilarious and gloriously indiscreet diary of the dates, good and bad. There was the Chinese girl who stalked him, the Welsh girl who dumped him, the vivacious young woman who turned out to be rather too pro, and then there was someone he fell in love with. If you want to know what men think about sex, read this book. Read it too if you believe that love and romance could be a click away, waiting in that intriguing, twilight world of the Internet.
