**American King** Sierra Simone 2017-10-31 They say that every tragic hero has a fatal flaw, a secret sin, a tiny stitch sewn into his future since birth. And here I am. My sins are no longer secret. My flaws have never been more fatal. And I've never been closer to tragedy than I am now. I am a man who loves, a man whose love demands much in return. I am a king, a king who was foolish enough to build a kingdom on the bones of the past. I am a husband and a lover and a soldier and a father and a president. And I will survive this. Long live the king.

Nothing Special VII A E Via 2020-02-29 Police Lieutenants, God and Day are under intense pressure from the chief to take back control of Atlanta's streets. The last thing their task force needs is a pair of trained killers in town with a personal score to settle. Take a man and strip him of his ability to feel compassion, empathy, remorse, or any of the emotions that make him human, but leave the ones that ignite rage and aggression and you have the perfect killing machine-now imagine two of them. Code names Ex and Meridian are synonymous for 'guaranteed death' to international terrorists. Two broken men from the same crooked streets, recruited into an unsanctioned government program that few know about. Trained to operate most efficiently-lethally-together. When Ex returns from an op in Bolivia to learn his little brother has been accidentally killed in a feud between drug gangs,

he's stateside before he can consider the rules he'll be breaking, and of course Meridian is right beside him. There's mayhem on the streets of Atlanta and the police are losing control. If Godfrey and his elite team of detectives can't get the job done then they'd be happy to lighten their caseloads for them. And Ex nor Meridian care about doing it quietly. "I know who you are." The man grunted when Ex turned to leave. "You're the fucking devil." Meridian walked past, glaring one final time. "Say that loud enough... maybe God will save you." But after their first run-in with the big lieutenant and his protective husband, Day, Ex and Meridian start to reevaluate their own relationship. Wondering if they could be even deadlier if they let loose the feelings for each other that they've been forced to suppress for years. Meridian's dark eyes stayed locked on his, "A man who can fight beside the one he loves doesn't make him weaker, Ex-it makes him more dangerous." No multiple pairings. No cliffhangers. Ends with a HEA. Note: This title focuses on two new characters in the series. And while it can stand alone, there are appearances from prior main characters. Note: This is a partners-to-lovers, out-for-you, action romance. Note: There are depictions of violence in this novel. *Prince's Gambit* C. S. Pacat 2014-01-28 The second novel in the critically acclaimed Captive Prince trilogy from global phenomenon C. S. Pacat. *Power of Lies* Auryn Hadley 2019-01-15 Everyone lies. When working for a sex mage, it's the only way to stay safe. That's the first thing Jaeda learns when she's named as the Chosen. The mage needs a sacrifice, and she's willing to give it. Maybe too willing. After all, this man is lust incarnate; a woman would have to be insane not to want him, even if he is dangerous. But desiring someone's body is very different from falling in love. In her line of work, the two must never be confused. She doesn't even know his name! He's simply The Jackal, a terrifyingly powerful sex mage, and she's his altar. Her lust fuels him. He needs it. And that puts her in control. Now, she gets to spend her days with a mage who wields sex like a weapon and his assistant who's as irresistible as some long-lost god brought to life. The things they do to her body are amazing, and the rest? These men want to spoil her with the kind of riches she's always dreamed of. It's the best job she can imagine. Unfortunately, it's never that easy. This is supposed to be about making magic - that's it. Feelings have no place in a mage's temple. Affection is a curse. But when the enemy decides she'll make the perfect weapon to steal the Jackal's power, what's she supposed to do? After all, she's just a stupid girl caught in the middle. Her job is to just lie back and take it. Except, someone's been lying. It might even be her. *POWER OF LIES* is a complete novel with a reverse harem, polyamorous storyline. It is intended for a mature audience due to the presence of consensual sex, group sex, M/M scenes, and plenty of vulgar language - as well as some potentially triggering violence since the bad guys don't always play nice. While this is a love story, it may not be right for all readers.

**Only with Me** Kelly Elliott 2017-01-31 Life was great. I loved my bachelor life and working my dream job with the Colorado Springs SWAT team. That all changed the day I stepped into her bakery. Her smile swept me off my feet, and her panna cotta was heaven. Cue my very traditional Greek family. Then all hell broke loose. The woman I was falling in love with was Italian, and my mother was hell-bent on proving to the world she was the better cook. If my meddling family wasn't bad enough, for the last six years Gabi had been on the run from a past she tried desperately to escape from. Between a beautiful woman on the run, and a crazy family constantly in my business, would I be able to show her I'm the only one who can keep her safe ... or will her past steal her away from me?

**The Fire** May Archer 2019-07-19 JAMIE Parker Hoffstraeder is gorgeous, cocky, and totally irrational. He also broke my heart when he left town eleven years, four months, and twenty-eight days ago. Not that I'm counting. I don't mind admitting it: I was young. I got burned. I learned my lesson. But the guy swaggers back into O'Leary like he owns the damn place and suddenly I'm expected to welcome him to my town - to my life - like nothing's changed? Yeah, that I mind. It's only a matter of time until he's gone again. And there's no way I'll give him a chance to take another piece of me when he goes. PARKER Jameson Burke is the most arrogant, infuriating human on the planet. He's also taller, broader, and impossibly hotter than he was before I left town. But, whatever. It's fine. I can handle it. Coming back to O'Leary was supposed to be like coming home. I hadn't realized that there's no statute of limitations on how long your first love and former best friend is allowed to hate your guts, or how much bad luck can befall a person in a short time. But, I can handle that, too... or at least pretend to. When Jamie and I are thrown together in a blizzard, though, everything changes in the space of one single, scorching night. Suddenly, I'm dreaming of a future I can't have, and he's stuck in a past he can't let go. It feels like we're playing with fire... And this time

I'm the one who's gonna burn.

**Talented** Sophie Davis 2013-01-24 When Talia Lyons was just a child, her parents were murdered before her eyes. Offered a choice between accepting their fate and exacting revenge, Talia trains to become one of the country's deadliest assassins in order to kill the man responsible for their deaths: Ian Crane. Luckily, Talia was born with a gift- the ability to read and influence the minds of others. At sixteen, Talia is poised to graduate from the McDonough School for the Talented, where she learned to control her abilities. Now there is only one obstacle standing between her and the retribution she craves... Talia, herself. Her greatest asset may also be her undoing; while a formidable weapon in the field, Talia's talents prevent her from both shutting off the mental connection she shares with her questionable boyfriend and blocking out the thoughts of a beguiling fellow recruit. But Talia can't afford to have the feelings and distractions of a normal teenage girl, when her life is far from normal. She must regain the single-minded determination that has brought her this far, or it may cost Talia her life when she finally faces Crane. And even after being molded in to a weapon of war, she'll still have to find the strength it takes to pull the trigger. If James Bond and Sookie Stackhouse had a love child with a yearning for vengeance, her story would be TALENTED: an adventure about powerful teenagers who aren't afraid to embrace their fears and fight for what they believe in.

**Captured by Fae** Lisa Gardiner 2018-07-28 Highly commended in the Passionate Plume Award for best paranormal romance. From the talented Lisa Gardiner comes a novel packed with magic, alpha male dominance, explosive passion and suspense. \*Like 50 shades on acid- Good Reads review \*Well worth the read- Ashley Lister MMF paranormal romance, BBW romance, Bisexual menage romance, sexy Christmas romance, fairy tale. It's a lovely night for a sleigh ride- until something wicked takes the reins. When Nick and Kris, the half-fae sons of human mothers, aren't using Santa's sleigh in the off-season to make deliveries for their booming sex toy business, they're setting off sensual fireworks in the bedroom. Yet they dream of a feminine third to complete their lives. There's only one woman

they can picture filling that role: Lilly, the girl they both dated in college. Lilly thought earning extra money stripping was a good plan, until she's left battered, bruised, and stuffed in a back-alley trash can. Her rescuers turn out to be the dark, brooding Dom and the golden-haired sub whose faces-and shockingly entwined bodies-are still the stuff of her most searing fantasies. While she's more than willing to take them up on their offer of one perfect night of magic, she questions whether anyone can break into Nick and Kris's powerful bond. But there's someone who's been waiting for this moment all Lilly's life. An evil psychopath who holds the secrets of her past-unless Nick and Kris can unravel them in time to save her from a fate worse than death. Editorial Reviews Praise for the novels of Lisa Gardiner *Captured* by Fae (previously *Wicked Wonderland*) is the first title I've read from the talented Lisa Gardiner. Combining a strong narrative with a wicked imagination, Lisa tells a story that is sexy, shrewd and savvy. Admittedly, there are some aspects of *Wicked Wonderland* that I thought were dark. But they're balanced by a passion and power that enchant, excite and entertain from the opening pages to the triumphant denouement. Well worth the read.-Ashley Lister-Prolific writer and key note speaker at Eroticon (Previously published by Samhain Publishing as *Wicked Wonderland*) You can also grab book 2 *Claimed* by Fae available now. *Sissy Dreams: From Boyfriend to Girlfriend* Paul Zante Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Written in the year after Northup was freed and published in the wake of Harriet Beecher Stowe's *Uncle Tom's Cabin*, Northup's story was quickly taken up by abolitionist groups and news organizations as part of the fight against slavery, and continues to resonate more than a century after the end of the American Civil War.
