### **Why She Has Not Fallen for You and How to Quickly Change That** - Abel Cruise

2021-06-08

When I was much younger and inexperienced, there was this beautiful girl I did all I could to impress. I would buy her flowers, expensive jewelry, and other gift items just to convince her to be my girlfriend. I did all that because I was desperate to prove that I would make a good boyfriend if only she would say 'yes' to me. Well, it all turned out to be a huge mistake because she ended up falling in love with another guy. The saddest part was that I chased this girl with all my flowers, money, and expensive gift items for good four months before she met this other guy. Yes, I got there first. Even though I did everything to impress her girl for four months without success, the new guy started banging her in just two weeks after meeting

her. This was the first time it dawned on me that the dating world is not a fair place for a 'nice guy.' Now, here is the point! The new guy got my 'supposed girlfriend' not because he was more handsome than me, not because he gave her more money or gift items than I did; In fact, I later learned she was the one giving him gifts and money. What then did he do that I didn't do? Here is the answer to that; HE PLAYED HIS GAME ACCORDING TO THE RULES... One thing you must know is that the psychology of ladies is quite different from that of guys. Even though we think we show commitment when we shower gifts on the girl we intend to date, she sees all that as being desperate. When you shower gifts and money on a girl you intend to date, you make her feel like a precious treasure you are willing to do anything to get, and she would likely not feel any attraction for you because she starts seeing herself as a girl that's too good for you. And if this has been

your experience, worry no more; because it's about to come to an end. It's time to stop being a 'nice guy' and start playing according to the rules. I have carefully outlined in this book powerful attraction techniques that work like a love spell that will guarantee rapid success for you in making any lady fall helplessly in love with you without you spending your hard-earned money. This book will lead you by the hand through the rules of attraction that you need to command the affection and respect of any girl you wish to date. Get this book now and become a winner and not a loser in the dating world. Cheers...

*What about My Feelings? -*  
Qalandar Nawaz 2016-08-10

It isn't that easy to get a girl in this era; actually getting one is easy but maintaining a relationship is not! Because it's too expensive! One girl would cost half of your salary and most of your time; it's obvious that to make a girl fall in love with you, you have to give her time and you have to spend money on her. For every occasion she comes across in

her life you need to spend—it could be her birthday, anniversary of your relationship, Valentine’s day, Women’s day, etc. What is worse is that you should celebrate even her dog’s birthday, her friend’s birthday, etc. On her friend’s birthday of course just be with her, but don’t ever flirt with her best friends. But still she expects you to buy gifts for her friend on her birthday, which has to be given on behalf of you both and what not! As far as I know Rahil has been doing all of these!
