Sex Ed - Robert T. Eberwein
1999

In a 1914 movie, *Damaged Goods*, a doctor shows a character the horrific effects of venereal disease. In contrast, many of today's sex ed videos encourage viewers to realize their sexuality more fully as a source of pleasure. In *Sex Ed*, Robert Eberwein demonstrates how films and videos used for sex education have provided a complex ideological framework in which questions of sexuality, gender, and race are compellingly foregrounded. Eberwein starts his investigation in the silent and early sound eras with

educational films used both to warn audiences about venereal disease and to provide basic contraception information. World War II movies, he states, waged their own war against venereal disease-in the armed services and at home. Newer works deal with birth control and focus in particular on AIDS. *Sex Ed* also highlights the classroom. Eberwein draws connections between the earliest and most recent examples of educational films as he analyzes their ideological complexity. He concludes by examining marriage-manual films of the early 1970s and very recent videos for couples

and individuals seeking instruction in sexual techniques to increase pleasure.

Erin's Diary: An Official Derry Girls Book - Lisa McGee 2020-11-12
Set in Derry, Northern Ireland in the 1990s, Derry Girls is a candid, one-of-a-kind comedy about what it's like to be a teenage girl living amongst conflict. It's a time of armed police in armoured Land Rovers and British Army check points. But it's also the time of Murder She Wrote, The Cranberries, Salt-N-Pepa, Doc Martens and The X Files. And

while The Troubles may hang over her hometown, Erin has troubles of her own, like the fact that the boy she's in love with (actually in LOVE with) doesn't know she exists. Or that her Ma and Aunt Sarah make her include her weirdo cousin Orla in everything she does. Or that head teacher Sister Michael refuses to acknowledge Erin as a literary genius. Not to mention the fact that her second best friend has ALMOST had sex, whereas Erin's never even kissed anyone yet. These are Erin's Troubles. Described by the Guardian as 'daft, profane and absolutely brilliant', by the New Statesman as 'pitch-perfect' and by i-D as 'the greatest show on British (and Irish) TV', Derry Girls has dazzled audiences, with Channel 4's biggest UK comedy launch since 2004 and the biggest television series in Northern Ireland since modern records began. Now, alongside the third series, comes the first official tie-in. With Erin's inner take on everything that has happened so far, this book will

both dive deeper into the events we have seen unfold on the screen and unveil brand new stories. Complete with newspaper clippings, doodles, school reports, handwritten notes, and much much more, Erin's Diary is a must-have for fans.

The Roommate - Rosie Danan 2020-09-15

'Laugh-out-loud funny, bananas sexy, and deeply romantic' Andie J. Christopher 'This book IS PURE JOY' Christina Lauren Clara Wheaton is the consummate good girl: over-achieving, well-mannered, utterly predictable. When her childhood crush invites her to move across the country, the

offer is too good to resist. Unfortunately, it's also too good to be true. Suddenly, Clara finds herself sharing a house with a charming stranger. Josh might be a bit too perceptive - not to mention handsome - for comfort, but there's a good chance he and Clara could have survived sharing a summer sublet if she hadn't looked him up on the internet . . . Once she learns how Josh has made a name for himself, Clara realises living with him might destroy the reputation she's spent years building. But while they may not agree on much, both Josh and Clara believe women deserve better sex. What they decide to do about it will change both of their lives, and if they're lucky, they'll help everyone else get lucky too. Love for The Roommate: 'Incredible . . . one of my top romance reads of 2020!' Mr. Monk in Outer Space - Lee Goldberg 2008-06-03
At a convention for the cult science fiction show Beyond Earth, Adrian Monk meets fans as obsessive-compulsive as he is. Though he's not preoccupied with the program, Monk can understand the phenomenon. Who wouldn't want to live in an imaginary world? But there may be a killer in the Beyond Earth community: Someone in a starship uniform has gunned down the show's legendary creator. Could a fan be that furious at him for selling out to Hollywood? Or is more going on behind the scenes? Luckily, Monk's agoraphobic brother, Ambrose, is an expert on the TV series, and together they'll search the earth and beyond for the murderer. That is, if Ambrose can bring himself to leave the house. A new story starring Adrian Monk by Edgar® Award-nominated screenwriter Lee Goldberg. It's compulsive, page-turning fun.
