Claudia and the New Girl (The Baby-Sitters Club #12) - Ann M. Martin 2012-12-01

The hit series is back, to charm and inspire another generation of baby-sitters! Claudia has always been the most outrageous girl in her class . . . until Ashley Wyeth comes along. Ashley's really different--she dresses in hippie clothes, wears six earrings and work boots, and

is the most fantastic artist Claudia has ever met. Ashley says Claudia has artistic talent, too, but thinks Claudia should spend more time on her "calling" and stop wasting time on the Baby-sitters Club. The Baby-sitters are sick of Ashley Wyeth, and they feel like Claudia is a traitor. Claudia has to decide: either the BSC or the new girl--one of them's got to go! The best friends you'll ever have--with classic BSC covers and a letter from Ann M. Martin!

Professor Kelli's Guide to Finding a Husband - M. S. W. Kelli Miller 2010-05-22

I know what you're thinking. You hate me. You got a glimpse of my ring and you're pissed. I know your kind because I was once your kind. Every time I saw a happy couple I could feel last night's dinner coming up. When I saw wedding magazines I wanted to take a blowtorch to each one of them. Engagement rings? The only way you could talk to me about Okarats was if you were going to feed one to your pet rabbit. Yes, I was sick. Sick of set-ups, match-ups, and break-ups. I've been on blind dates and I've been on dates where I wish I were blind. But I finally did find Mr. Right. And I'm going to show you how. Through humor, empowerment, and basic common sense clinical social worker ""Professor Kelli"" instills confidence in women, makes them laugh at their situation (or the men they've dated), and teaches them the process of letting go and staying present. Sure, it's about finding a husband but it's more about finding you first.

A Calmer You - Sonal Kalra 2011-02-04

serene Pappu Singh, the incorrigible Chaddha ji and the indefatigable Bubbly Aunty-peppered throughout this book offer surprising nuggets of wisdom. You will be left with techniques to achieve tranquility and composure in the face of aggravation, and that too, with a big smile on your face!

Break The Glass Slipper - Crista Beck

2019-11-19

In this paradigm-shifting dating guide, love and dating expert, Crista Beck shows us how to stop Hollywood and Disney from ruining our love lives so we can find love in real life. For decades, we've been told that love just magically happens when we least expect it. "How's love going to happen for you if you're just sitting on the couch watching Netflix?", Crista Beck says. "Let's be honest, love is not happening for you because you believe the societal fantasies about dating and relationships." Beck doesn't sugar coat the reasons why we are still single. She tells it like it is - a strong dose of raw and honest truth that is sorely lacking today. Break The Glass Slipper is her antidote to the myths about the process of dating that have infected modern society and the minds of single women, sabotaging our ability to attract a healthy and happy long-term relationship. Beck makes the argument, backed by her 10+ years working with single women seeking men, that improving our love lives hinges on our ability to let go of these outdated mindsets that are preventing us from receiving our future partner into our life. Once we distinguish the fairy tales we have been telling ourselves about love, we can then choose a new path (based on reality), and find a real connection with a quality man that can evolve into a long-term relationship. This much-needed dating advice, Break The Glass Slipper is a refreshing and powerful nudge for a generation to break our own glass slippers and lead healthy and powerful love lives.

Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it-and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if

you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.

Make Him Yours - Mark Rosenfeld 2019-12-12

How much more time will you waste with the wrong men? If you already have the perfect man in your life or are consistently meeting great men dating, this is NOT the book for you. But if you're like the majority of other good women out there who have had a run of men who don't respect you, don't care for you or don't put effort into you, then this book is absolutely for you. Deep down you know true, fulfilling love is out there for you. But after enough low-value relationships or dates, who's to blame you for starting to doubt it will ever happen for you. The result is you spend nights stuck in your head wondering if there is something wrong with you. You linger about why men can't or won't see your value. You look around and see all your friends in relationships while you are perpetually single, even when you have so much going for you. Mark Rosenfeld has coached thousands of women across the world. A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk

about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Finding Happily; No Rules, No Frogs, And No Pretending - Collette Gee 2021-08-22

After Collette Gee found herself in another failed relationship she began researching every dating and relationship book on the market. She researched lessons on how to make it past the first date, what to say and not to say, how to dress and when and how to ration out the first kiss. Book after book were filled with detailed instruction on how to be and how not to be. The more she read and compared notes, the stronger these questions became: When is it okay to stop pretending? Do we ever get to just be ourselves? In this cutting-edge book, *Dating and Relationship Specialist*, Collette Gee reveals the true meaning behind living "happily ever after". "Most dating and relationship books advise women to follow every tip and trick out there in order to 'capture the heart' of Mr. Right," says Collette. "But, the truth is, when it comes to dating and relationships 'happily ever after' is not an ending; it's a journey." If you are ready to rethink dating and relationships and find love under your own terms, then this book is for you. If you are ready to stop doing "the rules," kissing frogs and pretending to be someone you are not, then this book is for you. This is the last dating and relationship book you will ever need! This is not another one of those dating and relationship how-to-guide that over promises, but under deliver. Instead, what this book offers that no other book does is a deeper introspection as to what real relationships look like. "While life can be challenging; dating and relationships don't have to be." Therefore, what you will not find in this book are cookie-cutter instructions on how to "catch and keep a man." Instead through the series of stories outlined in this book you will learn how to develop your own

unique successful approach to dating and relationships.

Speak: The Graphic Novel - Laurie Halse Anderson 2018-02-06

The critically acclaimed, award-winning, modern classic *Speak* is now a stunning graphic novel. "Speak up for yourself—we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless—an outcast—because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's *Speak: The Graphic Novel* comes alive for new audiences and fans of the classic novel. This title has Common Core connections.
