This Isn't a Makeover (The Reluctant Lesbian Threesome) An Erotic Tale of Lesbian Seduction by Savannah Deeds My friend Carrie decided to get me out of my post-breakup depression by taking me to a stylist friend of hers for a makeover. I wanted to wallow in self-pity for a while but once we got to the salon and I saw how beautiful Judy looked, I wanted the makeover. If she could do for me what she did for herself, it was going to be great. I had no idea what Carrie and Judy really had planned, though. Suddenly, it wasn't makeup on my body but them! Out of nowhere I was right in the middle of my first lesbian sex experience, and it happened with two girls at the same time! There are also four more, so what are you waiting for? [The Conclusion of the Sexual Revolution](#) - Wylark Day 2004-05-18

This is a book about sexual morality. Not a morality based on shame or tradition, however; but one based on combining the most up-to-date findings of sex researchers, with the most ancient teachings of the Judeo-Christian Bible. In this book, you will find that: Private masturbation and public nudity are the two Pillars, upon which all healthy attitudes towards Sex must be based. Faithful heterosexual monogamy is God's Plan for Sex, but a minority who deviate from this Plan (such as homosexuals) are nonetheless necessary for a whole society. And that Virgin Sex for young adults - which means enjoying sex play while rejecting intercourse - is the Key to: true romantic passion, equality between the sexes, and even to the very Future of Humanity. At last! A book that tells the truth about Sex and God.

Representations of Black Women in the Media - Marquita Marie Gammage 2015-10-16

In 1920 W.E.B. Du Bois cited the damnation of women as linked to the devaluation of motherhood. This dilemma, he argues, had a crushing blow on Black women as they were forced into slavery. Black womanhood, portrayed as hypersexual by nature, became an enduring stereotype which did not coincide with the dignity of mother and wife. This portrayal continues to reinforce negative stereotypes of Black women in the media today. This book highlights how Black women have been negatively portrayed in the media, focusing on the export nature of media and its ability to convey notions of Blackness to the public. It argues that media such as rap music videos, television dramas, reality television shows, and newscasts create and affect expectations of Black women. Exploring the role that racism, misogyny and media play in the representation of Black womanhood, it provides a foundation for challenging contemporary media's portrayal of Black women.

Satisfaction - Anita H. Clayton 2007

Why are so many women dissatisfied with their sex lives? Something is missing from their intimate encounters: either they're not interested in sex anymore, or they are interested but can't get aroused, or they can get aroused but have neither the desire nor the energy to follow through. Their relationships are suffering. Many women find themselves wondering what's wrong with them. If you're a woman and any of this sounds familiar, Dr. Anita H. Clayton wants you to know that there's nothing wrong with you—what's wrong is the ridiculous fantasies you've been sold about sex, and the unrealistic expectations you cling to. We all want to make love the way they do in the movies, where the woman swoons with desire before the man even gets near her and, once he does, gasps, collapses, and hurtles headlong into orgasm in twenty seconds tops. Now, how often does that happen in real life? Not very—because in real life it takes at least that long to get your panty hose off, not to mention locking the door locked so the kids don't barge in. In this irreverent and revolutionary volume, Dr. Clayton lays bare hidden facets of female sexuality that are rooted in the psyche and can catapult a woman either into a cathartic bout of ecstasy or against the headboard into yet another disappointment. Through compelling case histories she explores why many women would rather put up with unsatisfying sex than tell their lovers how to please them; how buried feelings about childbearing can affect a woman's erotic potential; and why an orgasm you have during intercourse is no more "real" or legitimate than one you achieve through other means. Dr. Clayton also shines a light on sexual attitudes that have a dramatic impact on young girls and teens, and details how motherhood and menopause may affect but need not diminish a woman's capacity for sexual pleasure. Dr. Clayton believes that women should have high expectations for their sex lives, but that these expectations should come from visceral, intimate knowledge of ourselves—what is normal for us and what feels good to us. She wants you to consider and eventually own the concept of yourself as every bit as sexual as a sex symbol. Indeed, the only person who should symbolize sex for you is you.
