House of Leaves - Mark Z. Danielewski 2000-03-07

"A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.

The Sensuous Woman - Joan Terry Garrity 1970

The Vagina Monologues - Eve Ensler 2000

THE STORY: An Obie Award-winning whirlwind tour of a forbidden zone, THE VAGINA MONOLOGUES introduces a wildly divergent gathering of female voices, including a six-year-old girl, a septuagenarian New Yorker, a vagina workshop participant, a woman

Sexual Politics - Kate Millett 2016-02-16

A sensation upon its publication in 1970, Sexual Politics documents the subjugation of women in great literature and art. Kate Millett's analysis targets four revered authors—D. H. Lawrence, Henry Miller, Norman Mailer, and Jean Genet—and builds a damning profile of literature's patriarchal myths and their extension into psychology, philosophy, and politics. Her eloquence and popular examples taught a generation to recognize inequities masquerading as nature and proved the value of feminist critique in all facets of life. This new edition features the scholar Catharine A. MacKinnon and the New Yorker correspondent Rebecca Mead on the importance of Millett's work to challenging the complacency that sidelines feminism.

Human Sexual Response - Ishi Press International 2010

"Masters and Johnson's basic groundwork in sex physiology will now make it possible for medicine to assume a responsibility it has neglected far too long - that of educating its own. Through the authors' efforts, those responsible for sex education finally have before them clinical facts about one of the more vital aspects of human existence. [This volume] is primarily concerned with the sexual response cycles of men and women between the ages of 21 and 50, with emphasis on similarities rather than differences in their sexual response patterns."--Excerpt from the Publisher's Description.

The History of Sexuality - Michel Foucault 1990-04-14

Why we are so fascinated with sex and sexuality—from the preeminent philosopher of the 20th century. Michel Foucault offers an iconoclastic exploration of why we feel compelled to continually analyze and discuss sex, and of the social and mental mechanisms of power that cause us to direct the questions of what we are to what our sexuality is.

Sexual Personae - Camille Paglia 1990-09-10

From ancient Egypt through the nineteenth century, Sexual Personae explores the provocative connections between art and pagan ritual; between Emily Dickinson and the Marquis de Sade; between Lord Byron and Elvis Presley. It ultimately challenges the cultural assumptions of both conservatives and traditional liberals. 47 photographs.

The Subjection of Women - John Stuart Mill 1870

The object of this essay is to explain as clearly as I am able, the grounds of an opinion which I have held

from the very earliest period when I had formed any opinions at all on social or political matters, and which, instead of being weakened or modified, has been constantly growing stronger by the progress of reflection and the experience of life: That the principle which regulates the existing social relations between the two sexes- the legal subordination of one sex to the other- is wrong in itself, and now one of the chief hindrances to human improvement ; and that is ought to be replaced by a principle of perfect equality, admitting no power or privilege on the one side, nor disability on the other.

The Sexual Life of Catherine M. - Catherine Millet 2014-09-18

The sensational erotic memoir that shocked the world, now a Serpent's Tail Classic.

The Perfumed Garden of the Shaykh Nefzawi - Sheik Nefzawi 2014-03

This Is A New Release Of The Original 1886 Edition.

Female Chauvinist Pigs - Ariel Levy 2014-05-22

Today's young women seem to be outdoing the male chauvinist pigs of yesteryear, applauding the 'pornification' of other women, and themselves. This is a world where simulating sex for baying crowds of men on shows like Girls Gone Wild and going to lapdancing clubs - as patrons - is seen as a short cut to cool. Ariel Levy says the joke's on the women if they think this is progress. She tears apart the myth of this new brand of 'empowered woman' and refuses a culture-wide obligation for women to act and look like porn stars. This terrifically witty and wickedly intelligent book makes the case that the rise of raunch does not represent how far women have come - it proves only how far women have left to go.

The Feminine Mystique - Betty Friedan 2001-09-17

Released for the first time in paperback, this landmark social and political volume on feminism is credited with being responsible for raising awareness, liberating both sexes, and triggering major advances in the feminist movement. Reprint.

The Second Sex - Simone de Beauvoir 1997

Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power.THE SECOND SEX stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

The Evolution of Human Sexuality - Donald Symons 1979-08-30

Anthropology, Sexual Studies, Psychology, Sociology, Gender and Cultural Studies

The Lady of Pleasure - James Shirley 1986

Woman Hating - Andrea Dworkin 1974

The G Spot - Alice Khan Ladas 2005-01-02

The groundbreaking "New York Times" bestseller, now available for the first time in trade paperback, features a new Introduction by Dr. Hilda Hutcherson, who brings the research in the book up-to-date and explains its continued relevance.

Why Is Sex Fun? - Jared Diamond 2014-03-20

A fascinating insight into how human sexuality came to be the way it is now - Jared Diamond explains why we are different from the animal kingdom. Why are humans one of the few species to have sex in private? Why do humans have sex any day of the month or year, including when the female is pregnant, beyond her reproductive years, or between her fertile cycles? Why are human females one of the few mammals to go through menopause? Human sexuality seems normal to us but it is bizarre by the standards of other animals. Jared Diamond argues that our strange sex lives were as crucial to our rise to human status as were our large brains. He also describes the battle of the sexes in the human and animal world over parental care, and why sex differences in the genetic value of parental care provide a biological basis for the all-too-familiar different attitudes of men and women towards extramarital sex.

The Boy - Germaine Greer 2007-04

A genuinely groundbreaking work which has changed the way we look at boys in art, in literature and in

life. In a series of carefully constructed and dazzlingly illustrated themes, ranging from the boy as a passive love object to soldier boys, from the boy under the female gaze to what is a boy?, Germaine Greer opens our eyes and invites us to appreciate boys in all their sensuality, flirtatiousness and vulnerability.

Intercourse - Andrea Dworkin 2008-08-01

Andrea Dworkin, once called "Feminism's Malcolm X," has been worshipped, reviled, criticized, and analyzed-but never ignored. The power of her writing, the passion of her ideals, and the ferocity of her intellect have spurred the arguments and activism of two generations of feminists. Now the book that she's best known for-in which she provoked the argument that ultimately split apart the feminist movement-is

being reissued for the young women and men of the twenty-first century. *Intercourse* enraged as many readers as it inspired when it was first published in 1987. In it, Dworkin argues that in a male supremacist society, sex between men and women constitutes a central part of women's subordination to men. (This argument was quickly-and falsely-simplified to "all sex is rape" in the public arena, adding fire to Dworkin's already radical persona.) In her introduction to this twentieth-anniversary edition of *Intercourse*, Ariel Levy, the author of *Female Chauvinist Pigs*, discusses the circumstances of Dworkin's untimely death in the spring of 2005, and the enormous impact of her life and work. Dworkin's argument, she points out, is the stickiest question of feminism: Can a woman fight the power when he shares her bed?
