Ozu - Donald Richie 1977-03-15

"Substantially the book that devotees of the director have been waiting for: a full-length critical work about Ozu's life, career and working methods, buttressed with reproductions of pages from his notebooks and shooting scripts, numerous quotes from co-workers and Japanese critics, a great many stills and an unusually detailed filmography."—Sight and Sound Yasujiro Ozu, the man whom his kinsmen consider the most Japanese for all film directors, had but one major subject, the Japanese family, and but one major theme, its dissolution. The Japanese family in dissolution figures in every one of his fifty-three films. In his later pictures, the whole world exists in one family, the characters are family members rather than members of a society, and the ends of the earth seem no more distant than the outside of the house.

*Women, Culture, and Politics in Latin America* - Emilie L. Bergmann 1990

"This collection, because of its exceptional theoretical coherence and sophistication, is qualitatively superior to the most frequently consulted anthologies on Latin American women's history and literature . . . [and] represents a new, more theoretically rigorous stage in the feminist debate on Latin American women."—Elizabeth Garrels, Massachusetts Institute of Technology

**Sunday's Children** - Ingmar Bergman 1994  
The Swedish film director, who has turned to writing novels, probes the life of his parents in a sequel to *Best Intentions*. This book, too, is populated by a cast of complex characters: a tyrannical father, a beautiful wife contemplating separation, children, aunts and domestics.

**Deeplight** - Frances Hardinge 2020-04-14  
"Equal parts dazzling fantasy, swashbuckling adventure, and tender coming-of-age tale" from the author of the Costa Book of the Year, *The Lie Tree* (Publishers Weekly, starred review). The gods are dead. Fifty years ago, they turned on

Downloaded from  
[legacy.opendemocracy.net](https://legacy.opendemocracy.net) on  
2020-11-30 by guest

one another and tore each other apart. Nobody knows why. Now, even coin-sized scraps of dead god are worth a fortune because of the strange powers they're said to possess. But few are brave enough to dive and search for them. When fifteen-year-old Hark finds the still-beating heart of one of these deities, he'll risk everything to keep it out of the hands of smugglers, scientists, and cults who would kill for its power. Because Hark needs the heart if he wants to save the life of his best friend, Jelt. But the power of a god was not meant for human hands. With the heart, Jelt begins to eerily transform, and Hark will have to decide if he can stay loyal to his friend—or what he's willing to sacrifice to save him. "Hardinge is assured and sophisticated in her exploration of the dark temptations of power." —The Wall Street Journal "Monsters and mortals collide in this fantasy adventure that explores the hypnotic allure of fear, the adamant grip of the past, and the redeeming power of stories . . . Thrilling." —Kirkus Reviews (starred

review) "Glorious thematic complexity inhabits a wildly inventive world, with the menacing roils of a dangerous sea threatening the archipelago and touches of steampunk rounding out the fantastical elements . . . Readers will be thrilled to be pulled into the alluring expanse of her work." —Bulletin of the Center for Children's Books (starred review)

**21 Lessons for the 21st Century** - Yuval Noah Harari 2018-08-30

**\*\*THE NUMBER ONE BESTSELLER\*\*** In twenty-one bite-sized lessons, Yuval Noah Harari explores what it means to be human in an age of bewilderment. How can we protect ourselves from nuclear war, ecological cataclysms and technological disruptions? What can we do about the epidemic of fake news or the threat of terrorism? What should we teach our children? The world-renowned historian and intellectual Yuval Noah Harari takes us on a thrilling journey through today's most urgent issues. The golden thread running through his exhilarating new

book is the challenge of maintaining our collective and individual focus in the face of constant and disorienting change. Faced with a litany of existential and real crises, are we still capable of understanding the world we have created? '[Harari] has teed up a crucial global conversation about how to take on the problems of the 21st century' Bill Gates, New York Times '21 Lessons is, simply put, a crucial book' Adam Kay, author of Undoctored

**The Luck of Barry Lyndon** - William Makepeace Thackeray 1853

Death is My Trade - Robert Merle 1954

*The Political Unconscious* - Fredric Jameson  
2015-03-03

Fredric Jameson, in *The Political Unconscious*, opposes the view that literary creation can take place in isolation from its political context. He asserts the priority of the political interpretation of literary texts, claiming it to be at the center of

all reading and understanding, not just a supplement or auxiliary to other methods current today. Jameson supports his thesis by looking closely at the nature of interpretation. Our understanding, he says, is colored by the concepts and categories that we inherit from our culture's interpretive tradition and that we use to comprehend what we read. How then can the literature of other ages be understood by readers from a present that is culturally so different from the past? Marxism lies at the foundation of Jameson's answer, because it conceives of history as a single collective narrative that links past and present; Marxist literary criticism reveals the unity of that uninterrupted narrative. Jameson applies his interpretive theory to nineteenth- and twentieth-century texts, including the works of Balzac, Gissing, and Conrad. Throughout, he considers other interpretive approaches to the works he discusses, assessing the importance and limitations of methods as different as Lacanian

psychoanalysis, semiotics, dialectical analysis, and allegorical readings. The book as a whole raises directly issues that have been only implicit in Jameson's earlier work, namely the relationship between dialectics and structuralism, and the tension between the German and the French aesthetic traditions. Daniel Goleman Omnibus - Daniel Goleman 2004 Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us. Working with Emotional Intelligence Do

you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

**Grand Union** - Zadie Smith 2019-10-03

Treat yourself to a treasure trove of outstanding stories from 'the best writer of our generation' (Gary Shteyngart) 'She's already one of our best novelists and essayists, this reminds us that her short stories are right up there too' Observer 'Sexy and hilarious. There is no moment in Grand Union when we are not entertained, or doubt that we are in the company of one of our best contemporary writers' Guardian 'Brilliant. Another slam dunk. Street life, patois, music, food, clothes, hair: Smith has her finger on the

pulse of life and the utter weirdness of whatever has just become normal. This is a book of and for the times, sobering in its clarity but bracingly witty and clever' Evening Standard 'Smith's dialogue crackles with mordant wit. This dazzling collection of stories will leave you with plenty to think about' Independent Interleaving ten completely new and unpublished stories with some of her best-loved pieces from the New Yorker and elsewhere, Zadie Smith presents a dizzyingly rich and varied collection of fiction. Moving exhilaratingly across genres and perspectives, from the historic to the vividly current to the slyly dystopian, Grand Union is a sharply alert and prescient collection about time and place, identity and rebirth, the persistent legacies that haunt our present selves and the uncanny futures that rush up to meet us.

**Living to Tell the Tale** - Gabriel Garcia Marquez 2014-03-06

In Living to Tell the Tale Gabriel Garcia Marquez - winner of the 1982 Nobel Prize for Literature

and author of One Hundred Years of Solitude - recounts his personal experience of returning to the house in which he grew up and the memories that this visit conjured. 'My mother asked me to go with her to sell the house' Gabriel Garcia Marquez was twenty-three, a young man experimenting with his writing when this mother asked him to come back with her to the village of his grandparents and the memories of his Colombian childhood. In the first part of Gabriel Garcia Marquez's memoir, the Nobel Prize-winning author returns to the atmosphere and influences that shaped his formidable imagination and formed the basis of his world-famous, and much-loved, fiction. 'A treasure trove, a discovery of a lost land we knew existed but couldn't find. A thrilling miracle of a book' The Times 'A marvellous journey. Never less than a miracle' Sunday Times 'Marquez writes in this lyrical, magical language that no one else can do' Salman Rushdie

*In Search of Politics* - Zygmunt Bauman

2013-07-03

We live in a world which no longer questions itself, which lives from one day to another managing successive crises and struggling to brace itself for new ones, without knowing where it is going and without trying to plan the itinerary. And everything important in our lives - livelihood, human bonds, partnerships, neighbourhood, goals worth pursuing and dangers to avoid - feels transient, precarious, vulnerable, insecure, uncertain, risky. Is there a connection between the shape of the world we inhabit and the way we live our lives? Exploring that connection, and finding out just how close it is, is the main concern of this book. What is at stake in this inquiry is the possibility of re-building the "private/public" space, where private troubles and public issues meet and where citizens engage in dialogue in order to govern themselves. Individual liberty can only be a product of collective work, it can only be collectively secured and guaranteed. And yet

today we are moving towards a privatization of the means to secure individual liberty. If seen as a therapy for the present ills, this is bound to produce effects of a most sinister kind. The act of translating private troubles into public issues is in danger of falling into disuse and being forgotten. The argument of this book is that making the translation possible again is an urgent and vital imperative for the renewal of politics today. This new book by Zygmunt Bauman - one of the most original and creative thinkers of our time - will be of particular interest to students of sociology, politics and social and political theory.

*The Answer / La Respuesta (Expanded Edition)* - Sor Juana Inés de la Cruz 2009-06-01

Defiant writing by the first feminist of the Americas—the Mexican nun Sor Juana Inés de la Cruz—in response to the church officials that tried to silence her. Known as the first feminist of the Americas, the Mexican nun Sor Juana Inés de la Cruz enjoyed an international reputation as

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on  
2020-11-30 by guest

one of the great lyric poets and dramatists of her time. The Answer/La Respuesta (1691) is Sor Juana's impassioned response to years of attempts by church officials to silence her. While earlier translators have ignored Sor Juana's keen awareness of gender, this volume brings out her own emphasis and diction, and reveals the remarkable scholarship, subversiveness, and even humor she drew on in defense of her cause. This expanded, bilingual edition combines new research and perspectives on an inspired writer and thinker. It includes the fully annotated primary text responding to the church officials; the letter that ultimately provoked the writing of *The Answer*; an expanded selection of poems; an updated bibliography; and a new preface.

[The Lucifer Effect](#) - Philip G. Zimbardo 2008-03  
In a disturbing and revelatory exploration of the human capacity for evil, renowned psychologist Zimbardo examines how everyone is susceptible to the power of malevolence. He also offers hope and guidance, elucidating the importance of true

heroism and disobedience.

*The Outsider (Fantasy and Horror Classics)* - H. P. Lovecraft 2020-05-26

After spending more time than he can remember on his own inside a castle, an enigmatic man resolves to finally escape and seek human contact and daylight, both of which he has never experienced before. However, dissatisfied with what he finds on the outside, he hastens back to his old world inside his castle—to which he is now barred entry. First published in 1926, "The Outsider" is a short story by American horror writer H. P. Lovecraft that explores the concepts of loneliness and the Gothic ab-human. A fantastic example of Lovecraftian supernatural literature not to be missed by fans and collectors of his seminal work. Howard Phillips Lovecraft (1890-1937) was an American writer of supernatural horror fiction. Though his works remained largely unknown and did not furnish him with a decent living, Lovecraft is today considered to be among the most significant

writers of supernatural horror fiction of the twentieth century. Other notable works by this author include: "The Call of Cthulhu", "The Rats in the Walls", and "The Shadow Over Innsmouth". Read & Co. is publishing this classic work now as part of our "Fantasy and Horror Classics" imprint in a new edition with a dedication by George Henry Weiss.

*Biography of Silence* - Pablo d'Ors 2018-10-30

A publishing phenomenon in Spain: a moving, lyrical, far-ranging meditation on the deep joys of confronting oneself through silence by a Spanish priest and Zen disciple. With silence increasingly becoming a stranger to us, one man set out to become its intimate: Pablo d'Ors, a Catholic priest whose life was changed by Zen meditation. With disarming honesty and directness, as well as a striking clarity of language, d'Ors shares his struggles as a beginning meditator: the tedium, restlessness, and distraction. But, persevering, the author discovers not only a deep peace and

understanding of his true nature, but also that silence, rather than being a retreat from life, offers us an intense engagement with life just as it is. Imbued with a rare beauty, *Biography of Silence* shows us the deep joy of silence that is available to us all.

**The Alhambra** - Washington Irving 2018-05-23  
Reproduction of the original: *The Alhambra* by Washington Irving

**First As Tragedy, Then As Farce** - Slavoj Žižek  
2009-10-05

Examines the failure of liberalism during the threatened collapse of financial systems in the 2009 worldwide recession, during which large amounts of cash were distributed to save financial institutions without regard for other liberal objectives.

**The Best Intentions** - Ingmar Bergman  
1994-06

In this original, extraordinarily moving, and highly personal novel, world-renowned stage and film director Ingmar Bergman goes back to the

time of his parents and grandparents, to the years shortly before, during, and just after World War I. Set in the decade beginning in 1908, *The Best Intentions* is, ultimately, a love story on many different levels: a man and woman in love; parents and children; and love as miracle, that love which is overriding and, so often, inexplicable. Bergman was inspired to write this loosely biographical novel when he began rummaging through the voluminous family picture albums. That, plus family letters and records, and his own memories and unique imagination, helped him recreate this lost world in evocative and graphic detail. Henrik is a poor divinity student. Anna is the much loved but slightly pampered daughter of bourgeois parents. They fall in love and, after a long and tortuous courtship, marry, despite the objections of Anna's parents - especially of Anna's mother, Karin. Karin uses everything in her power, including deceit, first to prevent the marriage, then to break it up. Yet, even her basest actions

are never monstrous but filled with good intentions. In fact, all the characters act with the "best intentions", however wrongheaded their behavior. "That Bergman can extend sympathy to such behavior is a great and generous gesture, one that allows him to create characters of astonishing depth", wrote Caryn James in the *New York Times*. Incorporating some of the elements of stage and screen, including filmic dialogues and personal "asides", which he weaves artfully into the narrative flow, Bergman has written a novel of great beauty and uncompromising honesty, a work filled with joy and sadness, sacrifice and reconciliation - and above all, abiding love.

**Maze Runner 2: The Scorch Trials** - James Dashner 2013-12-05

Thomas was sure that escape from the maze meant he and the Gladers would get their lives back. But no one knew what sort of life they were going back to. The earth is a wasteland. Government and order have disintegrated and

now Cranks, people driven to murderous insanity by the infectious disease known as the Flare, roam the crumbling cities hunting for their next victim...and meal. Thomas can only

wonder - does he hold the secret of freedom somewhere in his mind? Or will he forever be at the mercy of WICKED? The pulse-pounding sequel to The Maze Runner.
