'*Love Me Or Kill Me*' Graham Saunders 2002 *Love Me or Kill Me* is the first study of Sarah Kane, the most significant British dramatist in post-war theater. It covers all of Kane's major plays and productions, contains hitherto unpublished material and reviews, and looks at her continuing influence after her tragic early death. Locating the main dramatic sources and features of her work as well as centralizing her place within the 'new wave' of emergent British dramatists in the 1990's, Graham Saunders provides an introduction for those familiar and unfamiliar with her work.

Modernism and the Ordinary Liesl Olson 2014-04-03 This study overturns conventional accounts of the modernist period as primarily drawn toward the new, the transcendent, and the extraordinary. Liesl Olson shows how modernist writers were preoccupied, instead, with the unselfconscious actions of everyday life, even in times of political crisis and war.

Fashion Victims Alison Matthews David 2015-09-24 From insidious murder weapons to blaze-igniting crinolines, clothing has been the cause of death, disease and madness throughout history, by accident and design. Clothing is designed to protect, shield and comfort us, yet lurking amongst seemingly innocuous garments we find hats laced with mercury, frocks laden with arsenic and literally 'drop-dead gorgeous' gowns. Fabulously gory and gruesome, *Fashion Victims* takes the reader on a fascinating journey through the lethal history of women's, men's and children's dress, in myth and reality. Drawing upon surviving fashion objects and numerous visual and textual sources, encompassing louse-ridden military uniforms, accounts of the fiery deaths of Oscar Wilde's half-sisters and dancer Isadora Duncan's accidental strangulation by entangled scarf; the book explores how garments have tormented those who made and wore them, and harmed animals and the environment in the process. Vividly chronicling evidence from Greek mythology to the present day, Matthews David puts everyday apparel under the microscope and unpicks the dark side of fashion. *Fashion Victims* is lavishly illustrated with over 125 images and is a remarkable resource for everyone from scholars and students to fashion enthusiasts.

Translation Criticism- Potentials and Limitations Katharina Reiss 2014-04-23 Katharina Reiss's now classic contribution to Translation Studies, *Möglichkeiten und Grenzen der Übersetzungskritik: Kategorien und Kriterien für eine sachgerechte Beurteilung von Übersetzungen*, first appeared in 1971. This is the first English translation of this major work, allowing students and practitioners of translation in the English-speaking world to make more extensive use of Reiss's pioneering treatment of a central theme in translation: how to develop reliable criteria for the systematic evaluation of translations. Using a wealth of interesting and varied examples, Reiss offers a systematic and illuminating text typology, a pragmatic approach to text analysis, a functional perspective on translation and a hermeneutic view of the translator, thus accounting for some of the most important aspects of the translation process: the text (both source and target versions), the conditions which determine the translator's decisions, and the translator as an individual whose personal interpretation has to be respected by any critic. In the three decades since Katharina Reiss wrote, the terminology of

translation studies has evolved on many fronts. Erroll Rhodes' translation strikes an optimal balance between remaining faithful to the original presentation and using terminology that today's reader would generally understand and value.

Fiction Refracts Science Allen Thiher 2005 Allen Thiher demonstrates that major modernists were not only concerned with the sciences, but they also were influenced by them. He argues that there are direct relations between science and the formal shape of fiction developed by some of the most important modernists.

Linguistics and Psychoanalysis Michel Arrivé 1992 between linguistic and psychoanalytic concepts necessarily arises. Until now this question has been examined mainly by psychoanalysts, from their own perspective, but here it is investigated by a linguist, who systematically explores two domains. The first is related to the sign and symbol, where the meeting of Freud, Saussure and Hjelmselv occurred; whereas in the second, that of the signifier, Saussure reappears escorted by Lacan. But Freud is not far away, since the.

I'm Off Jean Echenoz 2002 'I'm off', says Felix Ferrer to his wife. 'I'm leaving you'. And closing the door on their suburban home, Ferrer, a creature of appetite, impulse and habit, a man of our times, embarks on a journey to the extremes. Not weighing up every girl he sees. Translation as Text Albrecht Neubert 1992 The basic tenet here is that we do not translate words, but texts, and that these competing models can be integrated into a more global theory of translation by viewing the translation process as a primarily textual process. The authors examine in detail the characteristics that make a good translation a text, focusing particularly on the empirical relationship between the theory of translation and its practice.

The History of Sexuality Michel Foucault 1990-04-14 Why we are so fascinated with sex and sexuality—from the preeminent philosopher of the 20th century. Michel Foucault offers an iconoclastic exploration of why we feel compelled to continually analyze and discuss sex, and of the social and mental mechanisms of power that cause us to direct the questions of what we are to what our sexuality is.

Bibliographia Cartesiana Gregor Sebba 2012-12-06 This book offers a new type of working tool for Cartesian studies. It presents the literature of the last 160 years in alphabetical order (Part Two), combined with a systematic analytical survey (Part One) and a detailed topical index to the whole (Part Three). This organization makes it possible to turn bibliography from a repository of references into a workshop of research. The systematic survey of Part One and the topical index of Part Three, together, offer a *mise au point* of Descartes studies over their full historical and topical range. The results have often been surprising and illuminating to the author, and if his experience is any guide, the reader, too, will begin to wonder about certain seemingly well-settled points, or marvel at the Protean shapes which our elusive philosopher assumes when mighty commentators force him to reveal his true nature. A work which has been in the making for fifteen years must show the traces of expansion in scope, and changes in evaluation. *Bibliographia cartesiana* amends my Descartes chapter in *A Critical Bibliography of French Literature*, v. 3, 1961 (see no. I9a), and

supersedes an earlier version of Parts One and Two, published in 1959 under the main title Descartes and his Philosophy, v. 1 (set: no. I8a). Part I (Introduction to Descartes Studies) divides the field into eleven broad areas.

Edward the Emu Sheena Knowles 1998-04-04 Edward the emu was sick of the zoo, There was nowhere to go, there was nothing to do, And compared to the seals that lived right next door, Well being an emu was frankly a bore. He even does a stint slithering with the snakes. But Edward soon discovers that being an emu may be the best thing after all. And so he returns to his pen, only to find a big surprise awaiting him. . . . Edward is tired of being an emu, so he decides to try being something else for a change. First he spends some time swimming with the seals. Next, he lounges with the lions. He even slithers with the snakes. But Edward soon discovers that being an emu may not be so bad after all. So he heads back to his pen, only to find a big surprise awaiting him . . . Sheena Knowles' upbeat, rhyming text and Rod Clement's deliciously droll illustrations are sure to make readers laugh out loud in this whimsical picture book by the creators of Edwina the Emu. A Star Is Bored Byron Lane 2021 "She needs an assistant. He needs a hero. Charlie Besson is tense and sweating as he prepares for a wild job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and People magazine's Worst Dressed list. She's an actress in need of assistance, and he's adrift and in need of a lifeline. Kathi is an icon, bestselling author, and award-winning movie star, most known for her role as Priestess Talara in a blockbuster sci-fi film. She's also known in another role: Outrageous Hollywood royalty. Admittedly so. Famously so. Chaotically so, as Charlie quickly discovers. Charlie gets the job, and his three-year odyssey is filled with late-night shopping sprees, last-minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own life's leading role? Laugh-out-loud funny, and searingly poignant, Byron Lane's *A Star is Bored* is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful"--

The Year of Living Famously Laura Caldwell 2012-06-15 Some girls seek fame, others have it thrust upon them.... Clothing designer Kyra Felis has never been one to worship celebrities—she'd rather read a good book or make a blouse out of an old tablecloth. She marries Hollywood up-and-comer Declan McKenna for love, with no inkling of how his newfound notoriety will send her life spinning out of control. But once Kyra reluctantly becomes a celebrity by association there's no turning back. And even though she has all the trappings of success, she can't do the things that make her happy—throw a party; drink a glass of wine (or four) at a quiet café; confide in her friends. When Declan's fame literally endangers Kyra's life, she starts to wonder, can she survive more than a year of living famously?

Masters and Servants Pierre Michon 2013-10-28 One of Pierre Michon's most powerful works, this book imagines decisive moments in the lives of five artists of different times and places: Vincent van Gogh, Francisco Goya, Antoine Watteau, Claude Lorrain, and Lorentino, a little-remembered disciple of Piero della Francesca. Michon focuses on particular moments when artist and model collide, whether that model is a person or a landscape, inner or outer. In the five separate tales he evokes the full passion of the artist's struggle to capture the world in images even as the world resists capture. Each story is a small masterpiece that transcends national boundaries and earns its place among the essential works of world literature.

Intermediality in Theatre and Performance Freda Chapple 2006 Intermediality: the incorporation of digital technology into theatre practice, and the presence of film, television and digital media in contemporary theatre is a significant feature of twentieth-century performance. Presented here for the first time is a major collection of essays, written by the Theatre and Intermediality Research Group of the International Federation for Theatre Research, which assesses intermediality in theatre and performance. The book draws on the history of ideas to present a concept of intermediality as an integration of thoughts and medial processes, and it locates intermediality at the inter-sections situated in-between the performers, the observers and the confluence of media, medial spaces and art forms involved in performance at a particular moment in time. Referencing examples from contemporary theatre, cinema, television, opera, dance and puppet theatre, the book puts forward a thesis that the intermedial is a space where the boundaries soften and we are in-between and within a mixing of space, media and realities, with theatre providing the staging space for intermediality. The book places theatre and performance at the heart of the 'new media' debate and will be of keen interest to students, with clear relevance to undergraduates and post-graduates in Theatre Studies and Film and Media Studies, as well as the theatre research community.

Society of Individuals Norbert Elias 2001-10-15 Originally published in 1991 and now reissued by Continuum International, this book consists of three sections. The first, written in 1939, was either left out of Elias's most famous book, *The Civilizing Process*, or was written along with it. Part 2 was written between 1940 and 1960. Part 3 is from 1987. The entire book is a study of the unique relationship between the individual and society--Elias's best-known theme and the basis for the discipline of sociology.

Ulysses and Us Declan Kiberd 2010-06-03 In *Ulysses and Us*, Declan Kiberd argues that James Joyce's *Ulysses* offers a humane vision of a more tolerant and decent life under the dreadful pressures of the modern world. As much a guide to contemporary life as it is virtuoso work of literary criticism, *Ulysses and Us* offers revolutionary insights to the scholar and the first-time reader alike. Leopold Bloom, the half-Jewish Irishman who is the hero of James Joyce's *Ulysses*, teaches the young Stephen Dedalus (modelled on Joyce himself) how he can grow and mature as an artist and an adult human being. Bloom has learned to live with contradictions, with anxiety and sexual jealousy, and with the rudeness and racism of the people he encounters in the city streets, and in his apparently banal way sees deeper than any of them. He embodies an intensely ordinary kind of wisdom,

Kiberd argues, and in this way offers us a model for living well, in the tradition of the literature upon which Joyce drew in writing *Ulysses*, such as Homer, Dante and the Bible. 'Declan Kiberd's brilliantly informed and highly entertaining advocacy liberates Joyce's greatest book from the dungeon of unreadable masterpieces.' Joseph O'Connor
