Little Women Volume Iii EasyRead Edition - Louisa May Alcott 2006-11

"Little Women" is a momentous novel with autobiographical touches. It narrates the lives of four sisters in the backdrop of American Civil War. The novel contains allegorical concepts and places. All four girls are symbolic of flaws in characters. How they overcome these flaws makes the book interesting and charismatic. Fascinating!

Surely no book has gone forth with a simpler purpose, and just because 'Little Women' is not "preachy" it has found its way to the hearts of its readers. Honest little girls, striving to be good and carry their burdens cheerily, have prized it through generations; it has given them a better grip on the small things of life, which count so much for true happiness; but brightest of all the gems the book contains is the radiance of mother-love which shines through it. The March girls loved their mother, made her their confidante, and turned to her through every trial of their lives; she was companion and friend as well as teacher and guide, and many a girl, and many a mother, has learned a lesson from the beautiful example these " Little Women " have set them. Louisa Alcott wrote many bright and wholesome stories after her "luck child" had found her a corner in the world of fame, but 'Little Women' comes first on the shelf, and in the hearts of her admirers. This edition also

includes the sequel to the original 'Little Women', 'Good Wives,' telling the avid reader of the life of the March girls as young women.

How to Win at Life & Love -
Allon Khakshouri 2015-02-14

Are you frustrated that you haven't been able to find the love of your life? Perhaps you feel a nagging fear that time is passing by and, if things don't get better, you might end up alone or settling for the wrong partner? If so, you've probably also noticed that these worries affect other areas of your life as well, making it even more vital to find a solution. Trust me - I know exactly what this is like, because I was there. I was managing world-class tennis players, dating many women, and living a seemingly great life. Yet I knew I was fooling the world and myself, as something within me simply did not allow me to engage in lasting, meaningful relationships. At the age of 33,

when another relationship ended as quickly as it had begun, I vowed that I would not only find the love of my life, but that others wouldn't have to go through the same frustrations. Finding the partner of our dreams is our birthright, and a necessity to living a fulfilled life. This was the beginning of a journey that started with learning what makes some athletes so much more successful than others, and ended with finding my soul mate and dream partner. The solution to our problems lies in the thoughts and beliefs we have in our heads, most of which we aren't even aware of. These thoughts work like programs that run our lives. And unless we change these programs, we will experience the same results over and over again, no matter how much we try to achieve better results on a surface level. How to Win at Life & Love will not only give you a blueprint of how to attract your dream partner, but also help you develop the thought patterns that will allow you to prosper in your

relationships and your career. These steps have helped me enjoy the most fulfilling, loving, and joyful relationship I could have imagined, and they have also helped some of my closest friends prosper in their lives. Now, this book is here to help give you the exact road map that you need. Remember, your time is precious. In fact it's the most precious resource that you have. Don't waste more time going through life on your own - learn how to become the person who will attract the partner of your dreams.
