HBO's Treme and Post-Katrina Catharsis Dominique Gendrin 2017-04-07 This book argues that fictional television can educate audiences on complex communities and issues long after it has faded from the news cycle. *Treme*, to date, remains one of the most notable experiments of how post-Katrina New Orleans communities struggle to hold on to their cultural and historical essence. The Worst Movie Sequels Of All Time Scott Dylan 2023-07-17 Sequels are not always a bad thing. They don't have to be terrible. We can all think of great sequels. But for every good sequel there are a host of truly terrible sequels. If there is one constant in the world of film it is unnecessary and terrible sequels. So, let's lift the veil over the most misguided and inept sequels ever produced and explore the worst sequels of all time!

Talkies, Road Movies and Chick Flicks Wilkins Heidi Wilkins 2016-02-19 The representation of gender in film remains an intensely debated topic, particularly in academic considerations of US mainstream cinema where it is often perceived as perpetuating rigid, binary views of gender, and reinforcing patriarchal, dominant notions of masculinity and femininity. While previous scholarly discussion has focused on visual or narrative portrayals of gender, this book considers the ways that film sound - music, voice, sound effects and silence - is used to represent gender. Taking a socio-historical approach, Heidi Wilkins investigates a range of popular US genres including screwball comedy, the road movie and chick flicks to explore the ways that film sound can reinforce traditional assumptions about masculinity and femininity, impart ambivalent meanings to them, or even challenge and subvert the notion of gender itself. Case studies include *His Girl Friday*, *Easy Rider* and *Bridesmaids*.

Fashion and Celebrity Culture Pamela Church Gibson 2013-08-15 The interrelationship between fashion and celebrity is now a salient and pervasive feature of the media world. This accessible text presents the first in-depth study of the phenomenon, assessing the degree to which celebrity culture has reshaped the fashion system. *Fashion and Celebrity Culture* critically examines the history of this relationship from its growth in the nineteenth century to its mutation during the twentieth century to the dramatic changes that have befallen it in the last two decades. It addresses the fashion-celebrity nexus as it plays itself out across mainstream cinema, television and music and in the celebrity status of a range of designers, models and artists. It explores the strategies that have enabled visual culture to recast itself in the new climate of celebrity obsession, popular culture and the art world to respond adaptively to its insistent pressures. With its engaging analysis and case studies from Lillian Gish to Louis Vuitton to Lady Gaga, *Fashion and Celebrity Culture* is of major interest to students of fashion, media studies, film, television studies and popular culture, and anyone with an interest in this global phenomenon.

The New Woman's Film Hilary Radner 2017-01-20 With the chick flick arguably in decline, film scholars may well ask: what has become of the woman's film? Little attention has been paid to the proliferation of films, often from the independent sector, that do not sit comfortably in either the category of popular culture or that of high art--films that are perhaps the corollary of the middle-brow novel, or "smart-chick flicks". This book seeks to fill this void by focusing on the steady stream of films about and for women that emerge out of independent American and European cinema, and that are designed to address an international female audience. The new woman's film as a genre includes narratives with strong ties to the woman's film of classical Hollywood while constituting a new distinctive cycle of female-centered films that in many ways continue the project of second-wave feminism, albeit in a modified form. Topics addressed include: *The Bridges of Madison County* (Clint Eastwood, 1995); the feature-length films of Nicole Holofcener, 1996-2013; the film roles of Tilda Swinton; *Rachel Getting Married* (Jonathan Demme, 2008); *Blue Jasmine* (Woody Allen, 2013); *Frances Ha* (Noah Baumbach, 2012), *Belle* (Amma Asante, 2013), *Fifty Shades of Grey* (Sam Taylor-Johnson, 2015) and *Jane Campion's Top of the Lake* (Sundance Channel, 2013-).

American Cinema of the 2010s Dennis Bingham 2021-12-10 The 2010s might be remembered as a time of increased polarization in American life. The decade contained both the Obama era and the Trump era, and as the nation's political fissures widened, so did the gap between the haves and have-nots. Hollywood reflected these divisions, choosing to concentrate on big franchise blockbusters at the expense of mid-budget films, while new players like Netflix and Amazon offered fresh opportunities for low-budget and independent filmmakers. As the movie business changed, films ranging from American Sniper to Get Out found ways to speak to the concerns of a divided nation. The newest installment in the Screen Decades series, American Cinema in the 2010s takes a close look at the memorable movies, visionary filmmakers, and behind-the-scenes drama that made this decade such an exciting time to be a moviegoer. Each chapter offers an in-depth examination of a specific year, covering a wide variety of films, from blockbuster superhero movies like Black Panther and animated films like Frozen to smaller-budget biopics like I, Tonya and horror films like Hereditary. This volume introduces readers to a decade in which established auteurs like Quentin Tarantino were joined by an exceptionally diverse set of new talents, taking American cinema in new directions.

Emily Blunt and Stanley Tucci co-star in support of the two leads, as catty co-assistant Emily Charlton, and critical yet supportive Art Director Nigel, respectively. Adrian Grenier, Simon Baker and Tracie Thoms play key supporting roles. Wendy Finerman produced and David Frankel directed; the film was distributed by 20th Century Fox. Streep's performance drew rave reviews from critics and later earned her many award nominations, including her record-setting 14th Oscar bid, as well as the Golden Globe for Best Actress in a Comedy or Musical. Blunt also drew favorable notice and nominations, as did many of those involved in the film's production. While critical reaction to the film as a whole was more measured, it was well received by the public, becoming a surprise summer box-office hit following its June 30 North American release. The commercial success and critical praise for Streep's performance continued in foreign markets, with the film leading the international box office for most of October. Islam and Popular Culture in Indonesia and Malaysia Andrew N. Weintraub 2011-04-20 Home to approximately one-fifth of the world's Muslim population, Indonesia and Malaysia are often overlooked or misrepresented in media discourses about Islam. Islam is a religion but there is also a popular culture, or popular cultures of Islam that are mass mediated, commercialized, pleasure-filled, humorous, and representative of large segments of society. During the last forty years, popular forms of Islam, targeted largely towards urbanized youth, have played a key role in the Islamisation of Indonesia and Malaysia. This book focuses on these forms and the accompanying practices of production, circulation, marketing, and consumption of Islam. Dispelling the notion that Islam is monolithic, militaristic, and primarily Middle Eastern, the book emphasizes its dynamic, contested, and performative nature in contemporary South East Asia. Written by leading scholars alongside media figures, such as Rhoma Irama and Ishadi SK, the case studies although not focused on theology per se, illuminate how Muslims (and non-Muslims) in Indonesia and Malaysia make sense of their lives within an increasingly pervasive culture of Islamic images, texts, film, songs, and narratives.

Postfeminism and Paternity in Contemporary US Film Hannah Hamad 2013-10-15 This book interrogates representations of fatherhood across the spectrum of popular U.S. film of the early twenty-first century. It situates them in relation to postfeminist discourse, identifying and discussing dominant paradigms and tropes that emerge from the tendency of popular cinema to configure ideal masculinity in paternal terms. It analyses postfeminist fatherhood across a range of genres including historical epics, war films, westerns, bromantic comedies, male melodramas, action films, family comedies, and others. It also explores recurring themes and intersections such as the rejuvenation of aging masculinities through fatherhood, the paternalized recuperation of immature adult masculinities, the relationship between fatherhood in film and 9/11 culture, post-racial discourse in representations of fatherhood, and historically located formations of fatherhood. It is the first book length study to explore the relationship between fatherhood and postfeminism in popular cinema.

Howard 2018-11-13 Today more than ever, series finales have become cultural touchstones that feed watercooler fodder and Twitter storms among a committed community of viewers. Bringing together a veritable "who's who" of television scholars, journalists, and media experts, including Robert Thompson, Martha Nochimson, Gary Edgerton, David Hinckley, Kim Akass, and Joanne Morreale, the book offers commentary on some of the most compelling and often controversial final episodes in television history. The Contemporary Femme Fatale Katherine Farrimond 2017-07-06 The femme fatale occupies a precarious yet highly visible space in contemporary cinema. From sci-fi alien women to teenage bad girls, filmmakers continue to draw on the notion of the sexy deadly woman in ways which traverse boundaries of genre and narrative. This book charts the articulations of the femme fatale in American cinema of the past twenty years, and contends that, despite her problematic relationship with feminism, she offers a vital means for reading the connections between mainstream cinema and representations of female agency. The films discussed raise questions about the limits and potential of positioning women who meet highly normative standards of beauty as powerful icons of female agency. They point towards the constant shifting between patriarchal appropriation and feminist recuperation that inevitably accompanies such representations within mainstream media contexts.

Genre, Gender and the Effects of Neoliberalism Betty Kaklamanidou 2013-03-05 The romantic comedy has long been regarded as an inferior film genre by critics and scholars alike, accused of maintaining a strict narrative formula which is considered superficial and highly predictable. However, the genre has resisted the negative scholarly and critical comments and for the last three decades the steady increase in the numbers of romantic comedies position the genre among the most popular ones in the globally dominant Hollywood film industry. The enduring power of the new millennium romantic comedy, proves that therein lies something deeper and worth investigating. This new work draws together a discussion of the full range of romantic comedies in the new millennium, exploring the cycles of films that tackle areas including teen romance, the new career woman, women as action heroes, motherhood and pregnancy and the mature millennium woman. The work evaluates the structure of these different types of films and examines in detail the ways in which they choose to frame key contemporary issues which influence how we analyse global politics, including gender, class, race and society. Providing a rich understanding of the complexities and potential of the genre for understanding contemporary society, this work will be of interest to students and scholars of cultural & film studies, gender & politics and world politics in general.

Sex and the City and Us Jennifer Keishin Armstrong 2019-05-07 The bestselling author of Seinfeldia offers a fascinating retrospective of the iconic and award-winning television series, Sex and the City, in a "bubbly, yet fierce cultural dissection of the groundbreaking show" (Chicago Tribune). This is the story of how a columnist, two gay men, and a writers' room full of women used their own poignant, hilarious, and humiliating stories to launch a cultural phenomenon. They endured shock, slut-shaming, and a slew of nasty reviews on their way to eventual—if still often begrudging—respect. The show wasn't perfect, but it revolutionized television for women. When Candace Bushnell began writing for the New York Observer, she didn't think anyone beyond the Upper East Side would care about her adventures among the Hamptons-hopping media elite. But her struggles with singlehood struck a chord. Beverly Hills, 90210 creator Darren Star brought her vision to an even wider audience when he adapted the column for HBO. Carrie, Miranda, Charlotte, and Samantha launched a barrage of trends, forever branded the actresses that took on the roles, redefined women's relationship to sex and elevated the perception of singlehood. Featuring exclusive new interviews with the cast and writers, including star Sarah Jessica Parker, creator Darren Star, executive producer Michael Patrick King, and author Candace Bushnell, "Jennifer Keishin Armstrong brings readers inside the writers' room and into the scribes' lives...The writing is fizzy and funny, but she still manages an in-depth look at a show that's been analyzed for decades, giving readers a retrospective as enjoyable as a \$20 pink cocktail" (The Washington Post). Sex and the City and Us is both a critical and nostalgic behind-the-scenes look at a television series that changed the way women see themselves.

The Good, the Bad and the Multiplex Mark Kermode 2012 Originally published: London: Random House, 2011.

Television and Sexuality Jane Arthurs 2004-09-16 In recent years there has been a marked increase in both the volume and diversity of sexual imagery and talk on television, condemned by some as a 'rising tide of filth', celebrated by others as a 'liberation' from the regulations of the past. Television and Sexuality questions both these responses through an examination of television's multiple channels and genres, and the wide range of sexual information and pleasures they provide. The book explores the way that sexual citizenship and sexual consumerism have been defined in the digital era to reveal the underlying assumptions held by the television industry about the tastes and sexual identities of its diverse audiences. It draws on the work of key thinkers in cultural and media studies, as well as feminist and queer theory, to interrogate the political and cultural

significance of these developments. With topics including the regulation of taste and decency, sex scandals in the news, the biology of sex in science programmes, and gay, lesbian and postfeminist identities in 'quality' drama, this book is key reading for students in cultural and media studies and gender studies.
