Taking Down Backpage - Maggy Krell 2022-01-11

""Taking Down Backpage" explores fighting the world's largest sex trafficker"--

The Boundaries of Desire - Eric Berkowitz 2015-08-01

The act of reproduction, and its variants, never change much, but our ideas about the meaning of sex are in constant flux. Switch a decade, cross a border, or traverse class lines and the harmless pleasures of one group become the gravest crimes in another. Combining meticulous research and lively storytelling, *The Boundaries of Desire* traces the fast-moving bloodsport of sex law over the past century, and challenges our most cherished notions about family, power, gender, and identity. Starting when courts censored birth

control information as pornography and let men rape their wives, and continuing through the "sexual revolution" and into the present day (when rape, gay rights, sex trafficking, and sex on the internet saturate the news), Berkowitz shows how the law has remained out of synch with the convulsive changes in sexual morality. By focusing on the stories of real people, Berkowitz adds a compelling human element to what might otherwise be faceless legal battles. The law is made by people, after all, and nothing sparks intolerance - on the left and right -- more than sex. Ultimately, Berkowitz shows the emptiness of sanctimonious condemnation, and argues that sexual questions are too subtle and volatile for simple, catch-all solutions.

Hollywood, Adrenochrome, & Sex Trafficking - Mark Michini 2021-03-06

A true documentary about a sex trafficking ring operating from Hollywood, California.

Gateways to Human Sex Trafficking in the Central Valley - Michelle Morse 2014

The purpose of this research study was to identify gateways to human sex trafficking in the Central Valley of California. The three areas studied were the background of the survivors, the events that took place prior to and during the survivor becoming involved with sex trafficking and the relationship formed between the survivor and volunteer, that was established at an undisclosed organization in the Central Valley. The study is exploratory and qualitative in nature. The researcher used three sources of instrumentation to gather data including, 3 survivor interviews, 15 volunteer interviews and an analysis of 31 survivor case files. All data was analyzed using Neuman's 5-part plan. The study found that gateways to sex trafficking in the Central Valley involve family dynamics of the survivor, specifically parental influence. Two forms of sex trafficking are occurring in the Central Valley, teenagers and young adults who are lured in and children as young as the age of five put into trafficking. Traffickers varied from age 15 to 30 and many were involved with drugs, gangs, and violence, while others were business and family men. More organizations need to be established in the Central Valley where social workers, law enforcement and volunteers all work together to fight against sex trafficking. Due to the association of survivors in the system, social workers in Child Protective Services and law enforcement in the Juvenile Justice System should continue be trained in awareness, prevention, and how to work with survivors of sex trafficking.

The Slave Next Door - Kevin Bales 2009-06-18

In this riveting book, authors and authorities on modern day slavery Kevin Bales and Ron Soodalter expose the disturbing phenomenon of human trafficking and slavery that exists now in the United States. In *The Slave Next Door* we find that slaves are all around us, hidden in plain sight: the dishwasher in the kitchen of the neighborhood restaurant, the kids on the corner selling cheap trinkets, the man sweeping the floor of the local department store. In these pages we also meet some unexpected slaveholders, such as a 27-year old middle-class Texas housewife who is currently serving a life sentence for offences including slavery. Weaving together a wealth of voices—from slaves, slaveholders, and traffickers as well as from experts, counselors, law enforcement officers, rescue and support groups, and others—this book is also a call to action, telling what we, as private citizens, can do to finally bring an end to this horrific crime.

Modern Slavery - Ryan D. Cantrell 2013-01-04

Human trafficking may be one of the least understood crimes in the United States. Often referred to as "slavery without chains," it is a widespread and highly profitable crime, largely hidden from public view out of ignorance or denial of its existence in the United States. After drug dealing, human trafficking is tied with the illegal arms trade as the second largest criminal industry in the world, and it is the fastest-growing. There are thousands of law enforcement officers within the United States that are confronted with the epidemic of human trafficking. While human trafficking is not a new crime, it has recently taken center stage as a criminal enterprise that is extremely profitable with less risk to the traffickers. As criminals invent new ways to profit and exploit people, law enforcement has to learn new techniques and tactics to adapt to changing trends. Topics include: RECOGNIZING HUMAN TRAFFICKING AND IDENTIFYING VICTIMS INVESTIGATING HUMAN TRAFFICKING CRIME SCENES, PHYSICAL EVIDENCE, AND EXAMINATIONS IN HUMAN TRAFFICKING THE VICTIM'S PSYCHOLOGICAL REACTIONS AND IMMEDIATE NEEDS COMMUNICATING WITH VICTIMS OF HUMAN TRAFFICKING INTERVIEW CHECKLIST LEGAL TOOLS FOR PROSECUTION INTERNET INVESTIGATIONS TYPES OF RECOVERY/ENFORCEMENT OPERATIONS

Human Trafficking in Thailand - Siroj Sorajjakool 2013-10-15

Few subjects elicit greater moral outrage than human trafficking. Media reports of dehumanizing practices such as slavery, abduction, child prostitution, and torture, along with shocking statistics, form the basis of public knowledge. Those who work closely with victims acknowledge the complexity of the issue, and it is this complexity, rather than loose statistics and conjecture, that deserves our attention. With sensitivity and candor, this book addresses the reality of human trafficking in Thailand, dissecting studies, presenting facts, and dismissing stereotypes. It focuses on the areas of fishing, agriculture, domestic work, sex work, and the trafficking of children, weaving individual narratives and official studies into the wider history of

Thailand's changing economy and labor situation. It also details how the Thai government has addressed the issue, reflects on the roots of human exploitation, and suggests a way forward. This book raises much-needed awareness of commonly held misconceptions and clarifies what we know and what we have yet to discover about the trafficking of persons to and from Thailand. Highlights • Concise and accessible study of the reality of human trafficking in Thailand • Thorough critical analysis of current policies and public discourse on trafficking • Details relevant Thai and international laws • Discusses the relationship between the modern economic system and exploitation • Analyzes the changing face of the Thai labor market and the impact of industrialization on the Thai population

Panics Without Borders - Gregory Mitchell 2022-09-13

We are living in a time of great panic about "sex trafficking"—an idea whose meaning has been expanded beyond any real usefulness by evangelicals, conspiracy theorists, anti-prostitution feminists, and politicians with their own agendas. This is especially visible during events like the FIFA World Cup and the Olympic Games, when claims circulate that as many as 40,000 women and girls will be sex trafficked. Drawing on extensive fieldwork in Brazil as well as interviews with sex workers, policymakers, missionaries, and activists in Russia, Qatar, Japan, the UK, and South Africa, Gregory Mitchell shows that despite baseless statistical claims to the contrary, sex trafficking never increases as a result of these global mega-events—but police violence against sex workers always does. While advocates have long decried this myth, Mitchell follows the discourse across host countries to ask why this panic so easily embeds during these mega-events. What fears animate it? Who profits? He charts the move of sex trafficking into the realm of the spectacular—street protests, awareness-raising campaigns, telenovelas, social media, and celebrity spokespeople—where it then spreads across borders. This trend is dangerous because these events happen in moments of nationalist fervor during which fears of foreigners and migrants are heightened and easily exploited to frightening ends.

Taking Down Backpage - Maggy Krell 2022-01-11

Insider details from the takedown of Backpage, the world's largest sex trafficker, by the prosecutor who led the charge For almost a decade, Backpage.com was the world's largest sex trafficking operation. Seven days a week, twenty-four hours a day, in 800 cities throughout the world, Backpage ran thousands of listings advertising the sale of vulnerable young people for sex. Reaping a cut off every transaction, the owners of the website raked in millions of dollars. But many of the people in the advertisements were children, as young as 12, and forced into the commercial sex trade through fear, violence and coercion. In *Taking Down Backpage*, veteran California prosecutor Maggy Krell tells the story of how she and her team battled against this sex trafficking monolith. Beginning with her early career as a young DA, she shares the evolution of the anti-human trafficking movement. Through a fascinating combination of memoir and legal insight, Krell reveals how she and her team started with the prosecution of street pimps and ultimately ended with the takedown of the largest purveyor of human trafficking in the world. She shares powerful stories of interviews with survivors, sting operations, court cases, and the personal struggles that were necessary to bring Backpage executives to justice. Finally, Krell examines the state of sex trafficking after Backpage and the crucial work that still remains. *Taking Down Backpage* is a gripping story of tragedy, overcoming adversity, and the pursuit of justice that gives insight into the fight against sex trafficking in the digital age.

The Politics of Trafficking - Stephanie Limoncelli 2010-02-23

Sex trafficking is not a recent phenomenon. Over 100 years ago, the first international traffic in women for prostitution emerged, prompting a worldwide effort to combat it. *The Politics of Trafficking* provides a unique look at the history of that first anti-trafficking movement, illuminating the role gender, sexuality, and national interests play in international politics. Initially conceived as a global humanitarian effort to protect women from sexual exploitation, the movement's feminist-inspired vision failed to achieve its universal goal and gradually gave way to nationalist concerns over "undesirable" migrants and state control over women themselves. Addressing an issue that is still of great concern today, this book sheds light on the ability of international non-governmental organizations to challenge state power, the motivations for state involvement in humanitarian issues pertaining to women, and the importance of gender and sexuality to state officials engaged in nation building.

Domestic Minor Sex Trafficking - Alexandra Lutnick 2016-01-12

The domestic sex trafficking of minors is a problem of growing concern yet little critical attention. This book analyzes the forces behind the sex-trafficking industry in the United States and provides a much-needed reference for practitioners. It adopts a holistic approach, pursuing a nuanced exploration of these young people's experiences, their treatment, and outside efforts to combat sex trafficking. The book features interviews with service providers and experts, and incorporates recent research, thereby mapping the complex factors associated with young people's involvement in trading sex and the social connections that facilitate their behavior. It considers the experiences of both those who "choose" sex work and those who are forced into it by circumstances or third parties, and it discusses the networks of friends and close acquaintances who introduce newcomers to the trade. In addition, it takes a hard look at how local and federal responses to trafficking increase young people's vulnerability to trading sex. Urging policymakers and practitioners to move beyond the simple framework of "rescuing" victims and "punishing" villains, this book calls for policies and programs that focus on the failure of social and cultural systems and respond better to the young people caught in this web.

Hollywood & Sex Trafficking - Mark Michini 2021-03-07

Men on social media are pretending to be high-profile celebrities to trick women into sex trafficking in Hollywood, California.

Laws and Limitations - Aaron Loomis 2012

Understanding Global Slavery - Kevin Bales 2005-11-07

Although slavery is illegal throughout the world, we learned from Kevin Bales's highly praised exposé, *Disposable People: New Slavery in the Global Economy*, that more than twenty-seven million people—in countries from Pakistan to Thailand to the United States—are still trapped in bondage. With this new volume, Bales, the leading authority on modern slavery, looks beyond the specific instances of slavery described in his last book to explore broader themes about slavery's causes, its continuation, and how it might be ended. Written to raise awareness and deepen understanding, and touching again on individual lives around the world, this book tackles head-on one of the most urgent and difficult problems facing us today. Each of the chapters in *Understanding Global Slavery* explores a different facet of global slavery. Bales investigates slavery's historical roots to illuminate today's puzzles. He explores our basic ideas about what slavery is and how the phenomenon fits into our moral, political, and economic worlds. He seeks to explain how human trafficking brings people into our cities and how the demand for trafficked workers, servants, and prostitutes shapes modern slavery. And he asks how we can study and measure this mostly hidden crime. Throughout, Bales emphasizes that to end global slavery, we must first understand it. This book is a step in that direction.

And Life Continues - Wendy Barnes 2015-01-19

Wendy Barnes was introduced to sex trafficking by her first love, the father of her children. *And Life Continues* is her story: how she became a victim of human trafficking, why she was unable to leave the man who enslaved her for fifteen years, and the obstacles she overcame to heal and rebuild her life after she was rescued.

Clarifying the Definition of Domestic Sex Trafficking: Perspectives of Experts in the Sacramento Area - Melissa Harter 2013

Domestic sex trafficking is modern day slavery of United States citizens or individuals with legal residence within the United States. There is still limited understanding of the issues concerning the domestic sex trafficking population who are predominately woman and children (U.S. Department of State, 2009). The most comprehensive study to date shows between 100,000 and 300,000 minors are currently being trafficked within the United States (U.S. Department of Justice, 2007). California is considered a top

location of human trafficking in the United States and Sacramento is identified as one of five primary cities for sex trafficking (Harris, 2012; WEAVE, 2013). With little research available about the domestic sex trafficking population in Sacramento, this qualitative and quantitative study provides insight to the topic of domestic sex trafficking in the Sacramento area by surveying 21 experts who work with or have knowledge of this population. Not only do the experts of this study help determine a common definition of domestic sex trafficking in the Sacramento area, this study also reveals clarity as to who the Sacramento domestic sex trafficking victims are, what their needs are, and how outreach and services can be improved to adequately assist this population.

Investigation of Missing and Exploited Children: The Gateway of Child Sex Trafficking - Pastor Joseph A. Travers, CPI, CCDI, CMECI 2019-04-10

Investigation of Missing & Exploited Children: The Gateway of Child Sex Trafficking is designed to provide the essential knowledge needed to identify and understand the issues and solutions that effectively combat the evils of domestic child sex trafficking in the United States. It is both an instructional guide and a resource manual for both the citizen and the government manager. The approach is direct and concise, which facilitates comprehension by novices as well as experienced public servants. The purpose of this book is to fill the existing need within the field of public and private prevention/investigation of runaways for a precise, comprehensive manual detailing the elements necessary for the elimination of turning vulnerable children into sex slaves. There is a lack of professional resources on preventing child sex trafficking currently available. Investigation of Missing & Exploited Children: The Gateway of Child Sex Trafficking will help fill this void

Not in My Town - Dillon Burroughs 2011-06-01

Slavery still exists—here. Tens of millions of humans live in bondage worldwide, tens of thousands in the US. As seen recently on Fox News, Dillon Burroughs and Charles Powell bring awareness about what's happening in our nation and world. The book and DVD teach about: - Human trafficking - Sexual exploitation - Forced labor - Agricultural slavery *Not in My Town* answers questions and promotes discussion about the slavery system that crisscrosses Atlanta, Orlando, Las Vegas, New York, California, Texas, North Carolina, Haiti, Amsterdam, India, Cambodia, and beyond. The authors' gripping journey shocks but also motivates and provides resources to equip new generations of abolitionists from all corners of society and diverse worldviews who share the common call to stop injustice.

Trafficking for Sexual Exploitation: Case of the Russian Federation - Intl Organization for Migration 2002

Trafficking in human beings has become one of the most serious problems in the Russian Federation. Trafficking in women is now a multi-billion dollar industry and a key source of revenue for Russian organized crime groups. The study examines the patterns and growth of this illegal activity in Russia, Europe and worldwide.

Stolen - Katariina PhD Rosenblatt 2014-09-30

Sex trafficking is currently a hot news topic, but it is not a new problem or just a problem in "other" countries. Every year, an estimated 300,000 American children are at risk of being lured into the sex trade, some as young as eight years old. It is thought that up to 90 percent of victims are never rescued. *Stolen* is the true story of one survivor who escaped—more than once. First recruited while staying with her family at a hotel in Miami Beach, Katariina Rosenblatt was already a lonely and abused young girl who was yearning to be loved. She fell into the hands of a confident young woman who pretended friendship but slowly lured her into a child prostitution ring. For years afterward, a cycle of false friendship, threats, drugs, and violence kept her trapped. As Kat shares her harrowing experiences, readers will quickly realize the frightening truth that these terrible things could have happened to any child—a neighbor, a niece, a friend, a sister, a daughter. But beyond that, they will see that there is real hope for the victims of sex trafficking. *Stolen* is more than a warning. It is a celebration of survival that will inspire.
