To Kill a Kingdom - Alexandra Christo 2019-03-05

This action-packed YA debut pits a deadly siren princess and a siren-hunting human prince against each other as they fight to protect their kingdoms. Princess Lira is siren royalty and the most lethal of them all. With the hearts of seventeen princes in her collection, she is revered across the sea. Until a twist of fate forces her to kill one of her own. To punish her daughter, the Sea Queen transforms Lira into the one thing they loathe most—a human. Robbed of her song, Lira has until the winter solstice to deliver Prince Elian's heart to the Sea Queen and or remain a human forever. The ocean is the only place Prince Elian calls home, even though he is heir to the most powerful kingdom in the world. Hunting sirens is more than an unsavory hobby—it's his calling. When he rescues a drowning woman in the ocean, she's more than what she appears. She promises to help him find the key to destroying all of sirenkind for good—but can he trust her? And just how many deals will Elian have to barter to eliminate mankind's greatest enemy? Alexandra Christo's young adult novel *To Kill a Kingdom* is a thrilling fantasy adventure. "With well-crafted

fight scenes and vivid descriptions, Christo has created a world of beauty and monstrosity that will draw readers in." —Publishers Weekly
 "Fantasy fans will like the idea of sirens and pirate-like princes as the characters who are imaginative and well developed." —School Library Journal

Masters of Death - Olivie Blake 2022-06-14

From the internationally bestselling author of *The Atlas Six*, *Masters of Death* by Olivie Blake is a gripping, page-turning fantasy with vampires, ghosts and death itself. 'Olivie Blake is a mind-blowing talent' - Chloe Gong, author of *These Violent Delights* This book is about an estate agent. Only she's a vampire, the house on sale is haunted, and its ghost was murdered. When Viola Marek hires Fox D'Mora to deal with her ghost-infested mansion, she expects a competent medium. But unbeknownst to Viola, Fox is a fraud - despite being the godson of Death. As the mystery unfolds, Viola and Fox are drawn into a quest that neither wants nor expects. They'll need the help of a demonic personal trainer, a sharp-voiced angel and a love-stricken reaper. And it transpires that the difference between a mysterious lost love and a dead body isn't nearly as distinct as you'd hope. This edition features beautiful interior illustrations from Little Chmura. 'Coolly horrific, brilliantly brainy and utterly compelling' - Daily Mail on *The Atlas Six*

Inside Planets - Ellias Lonsdale 1995-09-21

For centuries, spiritual seekers have turned to astrology to discover humans' deepest connections with the Earth and the cosmos. But too often, astrology devolves into meaningless clichés or impersonal newspaper horoscopes. In the early part of this century Marc Edmund Jones and Dane Rudhyar liberated astrology from the fatalistic approach of the medieval world. They took power from the high-and-mighty archaic planet gods, and offered it back to human beings. Here, at the end of the century, *Inside Planets* goes further, invoking each planet as a mighty full-bodied organism with a character and a soul of its own, a living breathing force with passion and humor and purpose that changes as it moves through the houses and signs. Each planet grabs you by the imagination and drags you to the campfire of *The Greatest Story Ever Told*. Far more than an

astrology guide, this book resuscitates from the ancient mystery temples of Atlantis an elegant and inspiring pantheon of wonder, terror, and creative solution to the problems that plague the soul.

Alone with You in the Ether - Olivie Blake
2023-10-24

From Olivie Blake, the New York Times bestselling author of *The Atlas Six*, comes an intimate and contemporary study of time, space, and the nature of love. *Alone with You in the Ether* explores what it means to be unwell, and how to face the fractures of yourself and still love as if you're not broken. CHICAGO, SOMETIME— Two people meet in the Art Institute by chance. Prior to their encounter, he is a doctoral student who manages his destructive thoughts with compulsive calculations about time travel; she is a bipolar counterfeit artist, undergoing court-ordered psychotherapy. By the end of the story, these things will still be true. But this is not a story about endings. For Regan, people are predictable and tedious, including and perhaps especially herself. She copes with the dreariness of existence by living impulsively, imagining a new, alternate timeline being created in the wake of every rash decision. To Aldo, the world feels disturbingly chaotic. He gets through his days by erecting a wall of routine: a backbeat of rules and formulas that keep him going. Without them, the entire framework of his existence would collapse. For Regan and Aldo, life has been a matter of resigning themselves to the blueprints of inevitability—until the two meet. Could six conversations with a stranger be the variable that shakes up the entire simulation?

The Quindecile - Ricki Reeves 2001

We like to think we are sensible beings who base our actions on conscious decisions. The fact is, all of us are subject to the occasional irrational impulse, the "wild hair" that surprises us and those around us. Usually, this is not a big problem -- in fact, it can act as a safety valve for our creative abilities and a check against unnecessary self-restriction. But it's not so healthy when we find ourselves driven by compulsions and obsessions that seem to take over our lives and consume our attention and energy. How can we discover the origins of these forces? Can we turn them into something constructive? Astrology provides a key to these questions in the quindecile. This newly

researched 165-degree aspect of hidden driving forces is thoroughly explored in these pages by an experienced astrologer and mental health professional. Numerous chart examples support the analysis of the quindecile in natal, transit, progressed, and synastry horoscopes. A full set of delineations and interpretations lets you quickly add this illuminating factor to your understanding of any chart. In these pages, you will explore: * The psychological dynamics of obsession-compulsion * Planetary dynamics by sign, element, and triplicity * The quindecile in natsals, progressions, transits, and synastry * A full reference section of interpretations and delineations * Numerous chart examples of well-known people You will find that The Quindecile not only points out the nature of inner compulsions, but also suggests ways to transform them into constructive, creative activities and projects. Bustle, and BuzzFeed! With nods to Bridget Jones and *Pride & Prejudice*, this debut is a delightful queer rom-com about a free-spirited social media astrologer who agrees to fake a relationship with a grumpy actuary until New Year's Eve—with results not even the stars could predict! After a disastrous blind date, Darcy Lowell is desperate to stop her well-meaning brother from playing matchmaker ever again. Love—and the inevitable heartbreak—is the last thing she wants. So she fibs and says her latest set up was a success. Darcy doesn't expect her lie to bite her in the ass. Elle Jones, one of the astrologers behind the popular Twitter account *Oh My Stars*, dreams of finding her soul mate. But she knows it is most assuredly not Darcy... a no-nonsense stick-in-the-mud, who is way too analytical, punctual, and skeptical for someone as free-spirited as Elle. When Darcy's brother—and Elle's new business partner—expresses how happy he is that they hit it off, Elle is baffled. Was Darcy on the same date? Because... awkward. Darcy begs Elle to play along and she agrees to pretend they're dating. But with a few conditions: Darcy must help Elle navigate her own overbearing family during the holidays and their arrangement expires on New Year's Eve. The last thing they expect is to develop real feelings during a faux relationship. But maybe opposites can attract when true love is written in the stars?
