

Sexual Fiction New Accents

A Social History of Late Ottoman Women -

Duygu Köksal 2013-10-10

In *A Social History of the Late Ottoman Women*, Duygu Köksal and Anastasia Falierou bring together new research on women of different geographies and communities of the late Ottoman Empire focusing particularly on the ways in which women gained power and exercised agency.

Sexual Fiction - Maurice Charney 2013-10-08

First Published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

Bharati Mukherjee's Fiction - Sushma Tandon 2004

Accent on Purity - Joseph Edmund Haley 1963

Inter- and Transcultural Learning in the Context of Canadian Young Adult Fiction -

Grit Alter 2015

Within the past few years transcultural learning has become one of the key terms in TEFL theory. Central concerns in current research include differentiating between inter- and transcultural learning, navigating processes of understanding otherness, and assessing cultural competences. Using these aspects this study investigates texts recommended for cultural learning and key components of implementing literature in ELT. The results call for a more holistic perception of alterity and argue in favour of transcultural literature as a basis for transcultural learning. All of this dissertation is in English. (Subjects: Literary Criticism, Education) [Series: Fremdsprachendidaktik in globaler Perspektive, Vol. 5]

Facts and Fantasies - D. Fatma Türe 2015-06-18

The question of women and their rights was a prominent and ongoing topic of debate in the

popular press of Turkey in the 1920s. This work presents an insightful analysis of those debates and follows its traces in obscene literature of the period, as a marginal, but influential branch of popular literature. Popular literature of the time carefully scrutinizes urban Istanbul women in particular, from their biological responsibilities to their behavior in the public arena, down to their clothes and their relations with the opposite sex. It was believed that it was urban women above all who threatened the contemporary social order. Bearing in mind that the traditional faith-based, patriarchal Ottoman social system began to disintegrate after the First World War, and was increasingly replaced by a nationalist and modern, but still patriarchal, structure, this book shows that the popular press sought to integrate women as individuals into the new social structure and define them according to common social perceptions. Women who defied society's definition of the ideal woman were often depicted as heroines in popular obscene stories. While these stories offered a social fantasy in which society's concerns and paranoia about women turned into reality, from another perspective, they also reflected the ongoing social disintegration after years of secrecy and seclusion, and the excitement and awkwardness felt both by men and women as a result of coexisting in the same environment.

Encounter - 1981

Sexual - Toril Moi 1995

Of Sex and Faerie: Further Essays on Genre Fiction - John Lennard 2010-01-01

Taking up where the author's book *Of Modern Dragons* (2007) left off, these essays continue Lennard's investigation of the praxis of serial reading and the best genre fiction of recent decades, including work by Bill James, Walter Mosley, Lois McMaster Bujold, and Ursula K. Le Guin. There are groundbreaking studies of contemporary paranormal romance, and of

Hornblower's transition to space, while the final essay deals with the phenomenon and explosive growth of fanfiction, and with the increasingly empowered status of the reader in a digital world. There is an extensive bibliography of genre and critical work, with eight illustrations and many hyperlinks.

Rewriting English - Janet Batsleer 2013-10-08
First Published in 2002. It is easy to see that we are living in a time of rapid and radical social change. It is much less easy to grasp the fact that such change will inevitably affect the nature of those disciplines that both reflect our society and help to shape it. Yet this is nowhere more apparent than in the central field of what may, in general terms, be called literary studies. 'New Accents' is intended as a positive response to the initiative offered by such a situation. Each volume in the series will seek to encourage rather than resist the process of change. To stretch rather than reinforce the boundaries that currently define literature and its academic study.

Demand My Writing - Jeanne Cortiel
1999-01-01

In this major study of the work of Joanna Russ, Jeanne Cortiel gives a clear introduction to the major feminist issues relevant to Russ's work and assesses its development. The book will be especially valuable for students of SF and feminist SF, especially in its concern with the function of woman-based intertextuality. Although Cortiel deals principally with Russ's novels, she also examines her short stories, and the focus on critically neglected texts is a particularly valuable feature of the study. "I recommend this book to any reader interested in Russ's fiction, or in women's science fiction generally."—*Science Fiction Studies*

Short Fiction by Spanish-American Women - Evelyn Fishburn 1998

Provides a grouping of Spanish-American short stories written by women, emphasizing their differences as much as their similarities. Bombal's *La historia de Maria Griselda* delves into the family tensions found in a country house in southern Chile. Somers' mordant, black humour is present in *El derrumbiento*, and *Leccion de cocina* is a humorous but pessimistic account of the profound changes that marriage demands from the Mexican middle-class woman.

Chaucer's Sexual Poetics - Carolyn Dinshaw
1989

Through an analysis of the poems *Chaucer's wordes Unto Adam, His Owne Sciveyn, Troilus and Criseyde, the Legend of Good Women, the Man of Law's Tale, the Wife of Bath's Tale and its Prologue, the Clerk's Tale, and the Pardoner's Tale*, Carolyn Dinshaw offers a provocative argument on medieval sexual constructs and Chaucer's role in shaping them. Operating under the assumption that people read and write certain ways based upon society's demands, Dinshaw examines gender identity and the effects of a patriarchal society. The focal point of Dinshaw's argument is the idea that the literary text can be seen as the female body while any literary activities upon the text are decidedly male. Through a series of six provocative essays, Dinshaw argues that Chaucer was not only aware that gender is a social construction, but that he self-consciously worked to oppose the dominance of masculinity that a patriarchal society places on texts by creating works in which gender identity and hierarchy were more fluid.

Sexual - Toril Moi 1991

The Sexual Dimension in Literature - Alan Bold
1982

Postwar British Fiction - James Gindin
2023-11-10

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1962.

Adult Comics - Roger Sabin 2013-10-11

In a society where a comic equates with knockabout amusement for children, the sudden pre-eminence of adult comics, on everything from political satire to erotic fantasy, has predictably attracted an enormous amount of attention. Adult comics are part of the cultural landscape in a way that would have been unimaginable a decade ago. In this first survey of its kind, Roger Sabin traces the history of

comics for older readers from the end of the nineteenth century to the present. He takes in the pioneering titles pre-First World War, the underground 'comix' of the 1960s and 1970s, 'fandom' in the 1970s and 1980s, and the boom of the 1980s and 1990s (including 'graphic novels' and Viz.). Covering comics from the United States, Europe and Japan, *Adult Comics* addresses such issues as the graphic novel in context, cultural overspill and the role of women. By taking a broad sweep, Sabin demonstrates that the widely-held notion that

comics 'grew up' in the late 1980s is a mistaken one, largely invented by the media. *Adult Comics: An Introduction* is intended primarily for student use, but is written with the comic enthusiast very much in mind.

Sexual Violation in the Hebrew Bible - Mary Anna Bader 2006

Mary Anna Bader considers the implications of these narratives in the current context, citing patterns of student reactions to these texts and teaching opportunities.
