

# The New Wessex Selection Of Thomas Hardys Poetry

Thomas Hardy's Vision of Wessex - S. Gatrell 2003-11-03

Wessex did not spring full-born from Hardy's imagination when he began to write. The first part of the book reveals in detail how Wessex became what it is, geographically, socially and culturally, beginning with his first poem in the 1860s and ending with *Winter Words*, his last collection of verse. The second (briefer) part is an account of the impact of Hardy's vision of Wessex on twentieth-century English culture, offering an explanation for Hardy's endurance as a popular novelist.

**The New Wessex Selection of Thomas Hardy's Poetry** - Thomas Hardy 1978

**The Poetry of Thomas Hardy** - J. O. Bailey 2018-02-01

This handbook provides the background necessary for fully understanding the nearly one thousand poems of Hardy. As it treats the poems individually and often supplements the analysis of a poem by relating it to other poems and to passages in the fiction, every comment helps build a portrait of Hardy as a poet. Originally published in 1970. A UNC Press Enduring Edition -- UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. These editions are published unaltered from the original, and are presented in affordable paperback formats, bringing readers both historical and cultural value.

Thomas Hardy - Tim Armstrong 2018-10-08

In *Thomas Hardy: Selected Poems* Tim Armstrong brings together over 180 poems in the first comprehensively annotated selection of Hardy's poetry. Unlike most previous selections, this edition preserves the shape of the poet's career by presenting the poems in the order in which they

appeared in the *Collected Poems* of 1930, rather than re-ordering them thematically. Head notes to each poem give the reader information about its composition, publication, sources and metrical scheme; on-the-page notes list significant variants in Hardy's manuscripts, point out literary and other allusions, and give explanatory glosses. An appendix contains a selection of relevant passages from Hardy's notebooks, letters, and autobiography; and a bibliography suggests further reading. Tim Armstrong's critical Introduction discusses Hardy's career, his poetics, his use of memory and allusion and examines his position in the context of Victorian debates on aesthetics and belief. The generous selection of poems includes many lesser-known poems as well as those which have received most critical commentary, and the important elegiac sequence 'Poems of 1912-13' is included in its entirety.

**Poems of Thomas Hardy** - Thomas Hardy 2017-05-18

Thomas Hardy saw himself, first and foremost, as a poet, and he wrote poetry throughout his prolific and acclaimed novel-writing years before announcing in 1896 that he would no longer write novels, much to the astonishment of his worldwide readership. Instead he went on to publish eight masterful volumes of poetry - ranging from lyrics and ballads to dramatic monologues and satire - and is now regarded as one of the greatest twentieth-century poets. Choosing the best verse from each volume, the *Poems of Thomas Hardy* is the perfect introduction to Hardy's lyrical, soul-searching and profoundly sincere poetry, covering subjects ranging from his grief at the death of his first wife to his experiences of war. This beautiful Macmillan Collector's Library edition is edited and introduced by editor Ned Halley. Designed to appeal to the booklover, the Macmillan Collector's Library is a series of beautiful gift editions of much loved classic titles. Macmillan Collector's Library are

books to love and treasure.

*Wessex Poems and Other Verses* - Thomas Hardy 2009-03-19

Harper's wrote that *Wessex Poems and Other Verses* represented "the poetical works of Mr. Hardy during several years, and all deal with Wessex country life, the beauty of which is so successfully pictured in his prose works. There is, however, a certain added value of description to these poems over prose which might naturally be expected from an author whose great ability as a descriptive writer is combined with distinct and rare poetic sense."

Reading Thomas Hardy: Selected Poems - Neil Wenborn 2012-01-01

Thomas Hardy is unique in English literature as a major novelist who is also a major poet. His collected poetry is among the most distinctive bodies of verse in the language, and includes such pinnacles of the lyric tradition as 'The Darkling Thrush' and the series of haunted love-elegies written in memory of his first wife Emma and such instantly recognizable titles as 'Drummer Hodge', 'A Trampwoman's Tragedy', 'Convergence of the Twain'. It is also among the most controversial. Ever since his poetry first appeared in the collection *Wessex Poems* in 1898, readers and critics alike have stumbled over its awkwardnesses or been seduced by its idiosyncratic music, have celebrated its unprecedented formal inventiveness or deplored its perceived lack of ambition. It has been variously read as an archetype of the Victorian intellectual odyssey, as the work of a proto-modernist, and as the fountainhead of contemporary British verse. At once traditional and modern, the acme of artifice and a conduit of intense emotion, it remains a critical enigma. This exemplary study guide seeks to set Hardy's poetry in the context of his life, times and literary heritage, and to understand, through a close reading of selected poems, both the challenge it offers to criticism and the elusive power it continues to exert over each new generation of readers. All his collections are introduced including *Wessex Poems*, *Poems of the Past and Present*, *Time's Laughingstocks*, *Satires of Circumstance*, *Moments of Vision*, *Late Lyrics and Earlier*, *Human Shows* and *Winter Words*.

**Wessex Poems and Other Verses; Poems of the Past and the Present** - Thomas Hardy 2015-08-22

*Thomas Hardy, Poet* - Adrian Grafe 2015-09-11

The poems of Thomas Hardy (1840-1928) are key to understanding 19th, 20th and even 21st century poetry. This collection of fresh essays sheds new light on Hardy's poems--some of which have received little critical attention--from a variety of thematic and analytical approaches, offering a detailed picture of how his works are currently being read. The contributors discuss why Hardy's poetic genius is less and less overshadowed by his career as a novelist and highlight his passionate attention to small details, his delight in "noticing things" and his "eye for...mysteries."

Jude the Obscure - Thomas Hardy 1995

Hardy's novel about the trials of a poor stonemason excoriates convention -- particularly the institutions of marriage, religion, and education -- in a pioneering work of feminism and socialist thought.

The Trumpet-Major - Thomas Hardy 1995

*Red Classics Poems of Thomas Hardy* - Thomas Hardy 2007-08-28

A new selection of Hardy's love poems. Thomas Hardy is one of the

sacred figures in English writing, a novelist with a world reputation, but above all a great poet.

The New Wessex Edition of Thomas Hardy's Poetry - Thomas Hardy 1978

**Far from the Madding Crowd** - Thomas Hardy 1974

One of a selection of Thomas Hardy's best-known novels published with introductions by critics, notes, a bibliography, a map of Hardy's Wessex, a chronology of his life, and the New Wessex Edition text.

**Wessex Poems** - Thomas Hardy 2017-09-26

THOMAS HARDY: WESSEX POEMS AND OTHER VERSES Edited by A.H. Ninham A book of Thomas Hardy's poetry from 1898, including some favourites such as 'Neutral Tones', 'She To Him', 'A Sign-Seeker', and 'Thoughts of Phena'. Thomas Hardy's poetry lies at the core of his artistic achievement. But it is the novels, in particular Tess of the d'Urbervilles, Far From the Madding Crowd, Jude the Obscure, The Mayor of Casterbridge, The Woodlanders and The Return of the Native, that have made Hardy popular with readers and critics. For Hardy, though, the poetry is at the heart of his artistic life. It contains his deepest emotions, his thoughts on the most intimate matters. The poetry is, as Robert Graves said, a 'spiritual autobiography'. Includes a gallery of illustrations and an introduction to Hardy's poetry and novels. 160 pages.
