how did these little links become icons of American culture? Man Bites Dog explores the transformation of hot dogs from unassuming street fare to paradigms of regional expression, social mobility, and democracy. Explorer's Guide New Jersey (Second Edition) - Andi Marie Cantele 2010-03-01

The second edition of this guide to the "Garden State" reveals the historic, cultural, and ecological diversity of the state. Includes extensive coverage of the Jersey Shore and Atlantic City. New Jersey is a state full of wonders to surprise curious travelers and residents alike. Wait - Frank Partnoy 2012-08-02

Warren Buffett compares stock trading to great athletes: they excel not because of fast neurological responses, but because of their ability to delay as long as possible before reacting. Successful CEOs, fire fighters, and military officers all know how to manage delay to gather as much information as possible to get the results they need. In *Wait*, Frank Partnoy argues that decisions of all kinds, whether 'snap'

or long-term, benefit from being made at the last possible moment. The art of knowing how long you can afford to delay before committing is at the heart of many a great decision, whether in a corporate takeover or a marriage proposal. Apologies are better received if they are not rushed and people who can defer gratification are happier and more successful than those who must have everything now. Partnoy demonstrates that the ability to wait is crucial to getting the right answer and that gut instincts are often wrong.
