Unhidden Faces of Woman - Fritz Blackburn
2017-07-25

Here is the ultimate challenge to the silk curtain of suppression of any male perspective in modern times! The challenge is to every individual woman, as well as to feminists who simply ignore the other side of their literary coin. There are faces of woman that are getting lost to a modern world where declining fertility and femininity, as well as cancers of the reproductive system, threaten to expose what Western woman has become--a much decorated Barbie doll without true personal confidence or actual woman power! The first three chapters of this book deal with the Barbie doll syndrome and the matriarchal and tyrannical forces that no longer allow a man to live authentically as a man, that dispossess good fathers and force males to build man-caves just to behave naturally, once in a while. These initial chapters also begin to sketch a new vision of feminism that would not only ask for equal rights but strive for equal authenticity, for equal self-responsibility, competence, and self-development as women who truly respect themselves, and who prefer to respectfully work with men instead of against. The face of modern western woman is revealed as a mask, a make-up for the insecurities of the Barbie doll. To arrive at a realistic version of feminism, women need to first recognize where they went wrong,

and that the pretences and decorations, the tearing out of body-hair, and the obsession with clothes and body-weight is not what makes a woman happy, strong, attractive or respectable to men or to themselves. What can a man do, where no woman listens to his muffled screams for un-perfumed air, when he loses his kids on separation, or when his sperm count drops by fifty percent from sheer emasculation? Where can he go and still find a real, unmasked woman that is simply herself? The first three chapters are a scream of male pain, that can be hard to read. But nothing could be more necessary! This account is based on the author's personal experience with tribal women who have not yet lost any of their femininity or their competence to narcissistic vanity and self-delusion; it introduces a portrait of woman that like the smile of Mona Lisa hints at a mysterious knowledge of being human and of being female. The extraordinarily beautiful city of Dumaguete, where tribal people from all over Negros flow to sell their produce at the market, or to study, is the hub of an experience with that kind of woman that for this author restored all lost faith in womanhood and allowed a man in his fifties to feel young and sexy again. Where an older and wiser man is still attractive to young women and can feel respected enough as a male to be sexually authentic, a more soulful and playful quality of sex not only facilitates the transition from suppressed and apologetic male into a free and empowered man in his prime, but also opens a first door to truly know what is essentially female beyond all culture! It helps reading those faces that still speak the mysteries of the Goddess... This story, which in its conclusion is unashamedly a love story, can be enjoyed by

women who have the courage and humility to look at what men really think, and who do not mind facing painful truths and higher standards on their path to self-knowledge. True feminists will love the honesty of a fresh and culturally comparative perspective, but controversy is assured by all those females who prefer to think of themselves as perfect princesses. For older men, this story is a beam of hope as it promises light at the end of a very dark and lonely tunnel, and men of every age will feel understood and encouraged to accept themselves as legitimately alive.

Face Value - Robin Lakoff 2022-11-30

First published in 1984, Face Value confronts the pervasive power of beauty through art and literature, as well as interviews with men and women with varying perspectives on the subject. The topics covered range widely: the history of beauty from the Greeks to the present; the pathology of beauty: how women have been willing to harm themselves, mentally and physically, to achieve 'beauty'; the language we use to speak of beauty, and its implications; our attitudes towards beauty, as examined by psychologists; beauty and ethnic identity; men and beauty. The authors present in fact a redefinition of beauty, enabling both women and men to enjoy it in themselves and in others, while discarding the sex-role stereotypes that have governed the definition of beauty in the past. With a new preface that explores the gaps created by time in the book's discourse, this book will be of interest to students of linguistics, gender studies, women's studies, cultural studies, sociology and anthropology.

Get Your Shit Together - David Tee 2014-12-23
Average or below-average dating life? It's time to change that. NOW it's time for YOU to learn and ADOPT the mindset of "the natural". This is THE shortcut that lets you avoid YEARS of struggling with this area of your life so that you can become the type of guy women NATURALLY want to spend time with. This is THE action plan for men who want to see a massive improvement in their dating lives QUICKLY. It's NOT about "How to bang as many girls as possible". The contents of this book are far more important and life-changing than that. Mainstream dating advice is generic and doesn't address or even acknowledge the core underlying issues which

cause men to struggle to attract women or even hold their attention or interest for more than a couple of minutes. And the end of the day, if you don't see yourself as somebody who deserves to have beautiful, strong, intelligent, independent, sexy women in his life, then it won't happen. David T., author Some men resort to using "pickup artist" tricks to fool women into believing that they are attractive, when deep down they know that the only reason they are using "game" techniques is because they don't feel like they're enough of a man to attract women naturally. They get occasional results, but ultimately remain unfulfilled. Why waste years in the gym or trying to get rich to impress girls, or spending countless hours learning about "pickup artist" tricks and practising your "game", when you can just read this book and get on with your life? David T., author This book explains the EXACT STEPS TO TAKE and the MINDSET that will allow you to stand out above the VAST MAJORITY of men. Most men do not understand what makes women attracted and make the SAME MISTAKES AGAIN AND AGAIN, finding themselves dealing with rejections time and time again. So what DOES make a woman feel attracted to a man? It's not about looks, money, your height, your skin colour, your income level, or the car you drive. IT'S ABOUT HOW YOU SEE YOURSELF. All but the most superficial women don't mind if you're "flawed" in some way. The key is to become a man who is comfortable in his own skin despite what you might think is unattractive about yourself. It's when a woman can see that you're good at expressing your authentic self, and that your authentic self is a guy who knows he is enough, that she can decide that she's into you. You don't need to buy her drinks and flowers, do her favours, be a "nice guy" or pretend to be a "bad boy" to win her affection. You just need to become a man who is perfectly at ease with himself and knows that any challenges life throws at him won't throw HIM off his path in life. This book will teach you how to adopt this mindset. If right now you believe that you are deserving of anything less than the highest quality women who YOU find attractive, then YOU NEED THIS BOOK. Do you want THE SOLUTION, or do you have MORE EXCUSES to not tackle this area of your life once and for all?

DO NOT download this book if you're not prepared to have your entire mindset challenged with regards to meeting and attracting women. This is NOT a long book. Because the concepts in it are not complex and don't require going into excessive detail. You'll be delighted at how quickly you can internalize the mindset explain within, and apply it to your life. THE SOLUTION STARTS WITH YOU. Delve deeply into the 3 CORE PRINCIPLES a man must internalise in order to become successful in this area of life. Learn how to BECOME A MAN WHO IS COMFORTABLE IN HIS OWN SKIN, able to EXPRESS YOUR AUTHENTIC SELF WITHOUT FEAR OF REJECTION. Trying to attract and create deep connections with women will ALWAYS be a HUGE CHALLENGE without a solid grasp of these principles. Contains the CLEAR AND SOLID ACTION PLAN to guide you through the process of becoming the man who DESERVES and NATURALLY ATTRACTS the type of women he desires. This is THE SOLUTION for men who have tried "pickup" methods and still suffer the painful symptoms of APPROACH ANXIETY, FEAR OF REJECTION, and DISAPPOINTMENT at the results of using outdated "PUA" strategies in their efforts to meet and attract women. Your days of having to memorize "game" routines and strategies are over.

The Development of Face Processing in Infancy and Early Childhood - Olivier Pascalis 2003

This book on face perception is one of the most researched areas in infancy and early childhood, because of the enormous information that the face conveys to its viewer, both in terms of the recognition of individuals and in the expressive information that faces convey. It remains a complex area, but a number of theoretical issues have emerged which motivate much of the current research. This book describes many of these issues, and also presents some empirical research findings to illustrate the ways in which researchers carry out their investigations.

How To Feminize Your Face - Martine Song
2020-10-23

A successful male-to-female makeover relies on mastering the four pillars of feminization: face and hair, body and movement, fashion or style, and voice. This volume covers the first of these foundations and dips into ideas of fashion and style. Specifically, how to use makeup and hair styling to feminize your face. A starting assumption is that you are completely new to feminization. We start right back at the beginning and develop all those little techniques that females learn from their moms, aunts, sisters, girlfriends or by experimentation to develop from gauche girls into confident classy women. All the differences between male and female faces and how to overcome them are explained. We will also consider the use of accessories like ribbons, clips, and jewellery to pretty-up your look and bring out your femme persona. Every woman has a certain elan. A style, energy, and enthusiasm for life that feeds into her look and personality. The sum is greater than the parts. If you have ever been beguiled by the laugh or smile of a woman, the language of her eyes, the way her hair falls across her face, or how she tucks it behind her ear, you will know that putting on your face is so much more than just slapping on some lippy, eyeshadow, and a wig. If you are already an established dresser or in transition, stripping back your technique to the basics is a good way to identify and overcome difficulties or refresh a tired look. Read these pages with a new eye and you will find some additional tricks, tips, and further insights to perfect your own method. Likewise, If you are a sympathetic female partner or a mistress interested in feminizing your man, you will be able to complement what you know already by taking into account the differences between the male and female face. Indeed, why not just give your beau this book as part of their training so they can learn for themselves. The book is divided into three parts each with a specific purpose. In Part 1 we look at facial structure, consider what makes a face appear male or female, and the types of corrective surgery available. We also get you equipped with all the products and accessories needed to make up your face. Prettiness and delicacy are very subjective, but we will look at what generally

makes a face attractive. A large part of this is the configuration or relationship between various elements of your face. In Part 2 we consider all the techniques you need to mask your most male attributes, make up your eyes and mouth, and ways to contour your face so that it looks softer and more feminine. We use the information in Part 1 to work with your face type and produce a softer female version. We will call this your girl face for easy reference. Part 3 is all about hair and hair styling. We cover the different types of hair pieces like wigs and extensions and look at different hair styles and accessories. After that we take a tongue-in-cheek but nevertheless useful look at what hair says about your girl personality and include some helpful tricks and tips for the more mature dresser.

Behold the Man - Edisol Dotson 2021-03-04

The first comprehensive study of how images of male beauty are projected onto society, Behold the Man: The Hype and Selling of Male Beauty in Media and Culture examines the role media and society play in creating the image of the idealized male. This book explores how these images are interpreted by all genders and sexual orientations in order to investigate the phenomenon's effect on the self-esteem of adolescent and adult males. Behold the Man provides you with research and examples that identify this problem from many angles to help you realize that being a man is more than merely possessing muscles and good looks. Discussing examples in which both attractive men and women are idealized as "the norm," Behold the Man argues that men are experiencing the same injustices as women--splashed on the covers of magazines and in advertisements, based on their sex appeal, sometimes to promote nothing more than their looks. Within Behold the Man, you'll find topics that relate to the reasons for and effects of male beauty standards, such as: aspects of male beauty, from Ancient Greek

ideals to how it is visualized throughout history in art the vision of "the ideal male," along with sexual connotations, in advertisements for clothing, cologne, sunglasses, automobiles, and shaving products the emphasis of strong, well-built males and their bodies in movies, music videos, and literature how men alter their bodies by dieting and cosmetic surgery to achieve the look found in advertisements today's growing numbers of male eating disorders caused by the notion that only good-looking, muscular men are acceptable reasons behind the exploitation of the male body and the double standards for male beauty found within gay male communities how advertisers and authors faithfully follow the "bigger is better" theory--from pectoral and bicep muscles to penis size Recognizing how society has created and changed the appearance of the ideal male, this text explains to you the danger men of all ages face who feel they need to be physically handsome to be desirable. From Behold the Man, you'll learn about the real messages of advertising and media, the problems they cause, and that true self-worth cannot be measured by physical attributes.

How to be an Attractive Man - Adam Kisiel 2019-10-27

"How to be an Attractive Man" is a book for men of any age who are searching for effective ways to look and feel better. 101 tips have been divided into seven sections, applying respectively to face, body, personality, mind, clothing, hygiene & grooming and living habits. Some time ago, being a perfectly ordinary-looking guy, I was searching for methods to improve my appearance and found an ocean of ideas, tricks, tips and advice, some obstreperous, some easy, some ridiculous, some brilliant. And some even depended on quasi-psychological ways to influence other people's minds, which is complete nonsense. That search gave me food for thought, which in turn persuaded me to write this guide, because I wanted to select the methods that are the simplest, most effective, and depend entirely on you. When you want someone to become interested in you, you usually think how to make her (or him) find you attractive. That is, you start thinking how to deal with the way they see you, and that approach is - and will always be - wrong. That's why this is not a handbook on how

to deal with people, but a guide on how to deal with yourself. The only way for others to find you attractive is to become so. This is a book which aims to show you how to achieve that.

Making Habits, Breaking Habits - Jeremy Dean 2013-01-01

The founder of the hugely popular PsyBlog demonstrates how to bend habits to your will. Habits are more powerful than your will - if you know how to make them work for you. Two strings are hanging from a ceiling, one at the centre of the room, one near the wall. You're asked to tie the strings together, but you can't reach both at the same time. You look around the room and see a table and a pair of pliers. How would you solve the problem? When confronted with challenges, most people let habits rule them (in this case, ignoring the

pliers, the creative tool at your disposal). That is not surprising when you realise that at least a third of our waking hours are lived on auto-pilot - ruminating over past events, clicking through websites trawling for updates and the like. Such unconscious thoughts and actions are powerful. But the habits of the mind do not have to control us - we can steer them. Drawing on hundreds of fascinating studies, psychologist Jeremy Dean - the mind behind the hugely popular and insightful website PsyBlog - shares how the new brain science of habit can be harnessed to your benefit, whether you're hoping to eat more veg, take an evening run, clear out your email backlog, or be more creative when faced with challenges at work and at home.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two

chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Because you are about to learn exactly what women find absolutely irresistible in a man and what you can easily do to stay on the mind of virtually every girl you meet! - No need to go to the gym and get a six pack - No need to give her beautiful flowers - No need to take her to expensive restaurants - No need to write her any poetry I am NOT about to tell you to spend a ton of money on every girl you meet, write her poetry or even change yourself in any way! No, no, no. This guide is not about change, it's about the

simple and proven techniques and strategies that will make you attractive to women... From: John Dear Friend, Dating is a game but 95% of the men out there have no idea how to play it. It's true, dating is a numbers game and most guys' chances of success are slim. Don't get me wrong, everyone gets rejected...even the most attractive, hottest, richest most charming guys hear a "no" once in a while. But that's what dating is all about, it's a numbers game, a game of chance and... ..You Are About To Increase Your Chances Of Sweeping A Beautiful Woman Off Her Feet Ten Fold! How do I know? Because this used to be my life's story... It's funny when I think back to just a few months ago. I remember having no idea, no clue what so ever about what I was doing when trying to meet women. I was truly clueless, and like most men I had no idea why I was constantly getting rejected. But instead of giving up, which was not even an option, I started to learn. I started reading everything on the subject of dating and attracting women I could get my hands on. I've spent thousands of dollars on dating courses and tips and got rejected a 100 times over just so I can learn about what I'm doing wrong. And after all that reading, listening to audio tapes and experience I have finally discovered the true methods and techniques to being successful in the dating game! Give Me Just A Few Minutes Of Your Time, And I Will Show You Exactly How You Too Can Have Beautiful Women Asking You For Your Phone Number! Like I said, dating is a numbers game and you are about to turn the odds in your favor! This can easily be accomplished by actually knowing what women look for in a man, what they are attracted to and carrying yourself the right way around girls. Because lets face it, dating is a very important game in your life...you might as well know how to play it! Here is just a small taste of what you are about to discover: - Why online dating is one of the easiest ways to meet beautiful women if you are shy and afraid of face to face rejection (more and more women are choosing the safe environment of online dating sites as a way to meet men). - The qualities every woman no matter the race or age looks for and find absolutely irresistible in men. These qualities are not something you're born with, in fact they are extremely easy to get! - The absolute most

important rules of the art of attraction. If you don't understand this, you are never going to be successful with women, no matter what you look like or how much money you have. - How to easily get rid of your fear of approaching and meeting women! This is something a lot of us guys have a problem with, and yet it is so easy to overcome. - How to become a first date professional. You'll need to learn this if you are planning on using this guide properly...because you will be going on a lot of first dates! - Everything you need to know about using online dating sites the right way! From the first contact all the way to getting her to want to meet up with you. - A guaranteed way to get her begging you for a second date. You wont believe how powerful yet simple this technique is! - How To Honestly Date Multiple Women At The Same Time With No One Getting Hurt In The Process (if you are looking to have fun but at the same time don't want to hurt anyone this is something you absolutely must know). - Why most women would rather have a "bad boy" instead of a nice caring guy that's always there for her. And how you can be that "bad boy" without actually being bad. - Why catering to her every need from the moment you meet her will absolutely kill your chances of being anything more than her "talking friend". - Why compliments will not always get you past the pick up line, and how to really get a woman's attention when approaching her. - Why what you think girls want and what you have always been told girls want (even by other women) is one of the biggest reasons most men's chances of sweeping a beautiful woman of her feet are next to nothing. - The 7 or so things a woman is really looking for when she meet a man. This is exactly what 95% of men out there are missing when they are trying to pick up girls. - The 14 essential rules you should always follow when dating. Follow these rules and your troubles with women are sure to disappear. - A list of the hottest online dating websites that will help you get a date every day of the week! - The complete guide to having a successful first date. Including where to go, how long to stay, what to talk about and how to behave. - The 4 things you should never talk about or even mention on a first date (bring this stuff up and you'll ruin everything!). - Easy ways to tell if a woman is truly interested in

you or just being nice. - Easy ways to defeat your shyness and fear of approaching women that actually work! - And Much, Much more! I've read all the books, listened to all the tapes and studied all the dating courses. I've spent thousands of dollars and gotten rejected over a hundred times trying to figure out what really works when it comes to meeting beautiful women. I've tried and tested all that I have learned, and now I know what really works and what women really find attractive! Sure, there are thousands of so called "sure" ways to try and attract women...but there are only a few that truly matter and work. And that is exactly what you'll get in the "How to seduce women" book. So how much is the "How to seduce women" worth to you? Remember, this guide will turn
