Real World Parents - Mark Matlock 2010-03-09

"Christian families today often find themselves stuck between two stories—their own family's story and God's story. It's like they're living two lives: their Christian life and their "real world" life. The trick is figuring out how to get your family's story to line up with God's story in the world around us, helping you raise children who have the character, values, and mission that allows them to go out into the real world and live out a real faith. Real World Parents is a parenting book that helps you to be proactive, rather than reactive, when it comes to raising Christian kids in a world that is filled with contradictions to a life of faith. Rather than trying to raise kids who are "good Christians," you'll find the tools to help you live out a faith that allows your children to see what it means to live as a Christian. As a result, your kids will learn about real faith by living it out with you. Culture expert and veteran youth pastor, Mark Matlock, will help you explore issues such as:

- Helping your child make decisions
- The importance of failure
- Knowing God's story for your family
- Changing the story your family is in
- The pursuit of wisdom, and much more

God has placed us here to interact with and represent him to the world by engaging with the culture—not retreating from it. Rather than trying to isolate your children from the world or draw lines that keep them from truly engaging in the world God calls us to help and heal, you can learn how to lead your family towards an integrated life where your story and God's story come together to make a difference in the world around you."

Don't Buy the Lie - Mark Matlock 2010-10-05

Can psychics really see our futures? Do angels really float among us on earth? What about demons? And could the supernatural things that happen on TV and in the movies really occur? Using Barna research and biblical truths, Mark Matlock separates the truths from the lies we are told and helps teens like you avoid the traps that can lead to deception. We all know demogorgons aren't real, and that evil dolls can't come to life ... but are there elements of the paranormal that are really around us on earth? And if so, what does that mean? In Don't Buy the Lie, Mark Matlock uses the knowledge he's gained in his role as a special project analyst and presenter for the Barna Group to present clear principles and intriguing examples that show you how to respond to the supernatural with wisdom, and without being duped. He identifies "thinking traps" that lead to deception, such as letting your emotions take over and convincing yourself something could be real until it seemingly is. And with clarity, he provides biblical answers to frequently asked questions about such things as miracles, angels, demons, and psychic abilities. Don't Buy the Lie: looks at both the spiritual and "secular" sides of the supernatural to show what is real and what is false helps develop discernment when it comes to things you might encounter compares the supernatural claims in our world today with what was happening in the early church to present a biblical perspective contains real research and feedback from teens on each topic
