

# A Scholars Glossary Of Sex

[The Works](#) - Edmund Spenser 2023-07-18

This comprehensive edition of Edmund Spenser's complete works, with annotations by John Hughes, is an essential addition to any serious literature lover's collection. Featuring a glossary to help modern readers navigate Spenser's dense and allusive language, and illuminating essays on the art of allegory and Spenser's life and times, this set is a valuable resource for scholars and students alike. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**Sexual Violence on Campus** - Chris Linder  
2018-05-21

In this important book, Linder advances a power-conscious lens to challenge student activists, administrators, educators, and policy makers to develop more nuanced approaches to sexual violence awareness, response, and prevention on college campuses.

[The Routledge Dictionary of Modern American Slang and Unconventional English](#) - Tom Dalzell  
2018-05-11

The Routledge Dictionary of Modern American Slang offers the ultimate record of modern, post WW2 American Slang. The 25,000 entries are accompanied by citations that authenticate the words as well as offer examples of usage from popular literature, newspapers, magazines, movies, television shows, musical lyrics, and Internet user groups. Etymology, cultural context, country of origin and the date the word

was first used are also provided. In terms of content, the cultural transformations since 1945 are astounding. Television, computers, drugs, music, unpopular wars, youth movements, changing racial sensitivities and attitudes towards sex and sexuality are all substantial factors that have shaped culture and language. This new edition includes over 500 new headwords collected with citations from the last five years, a period of immense change in the English language, as well as revised existing entries with new dating and citations. No term is excluded on the grounds that it might be considered offensive as a racial, ethnic, religious, sexual or any kind of slur. This dictionary contains many entries and citations that will, and should, offend. Rich, scholarly and informative, The Routledge Dictionary of Modern American Slang and Unconventional English is an indispensable resource for language researchers, lexicographers and translators.

**The Latin Sexual Vocabulary** - J. N. Adams  
1990-10

Like other languages, Latin contained certain words its speakers considered obscene as well as a rich stock of sexual euphemism and metaphor. Our sources for this information range from surviving graffiti to literary works with a marked sexual content. Yet despite its manifest literary and linguistic interest, the sexual vocabulary of Latin has remained uninvestigated by scholars. J. A. Adams's pioneering and unique reference work collects for the first time evidence of Latin obscenities and sexual euphemisms drawn from both literary and nonliterary sources from the early Republic to about the fourth century A.D. Separate chapters treat each of the sexual parts of the body and the terminology used to describe sexual acts. General topics include the influence of Greek language on Latin, changes in the Latin vocabulary over time (including the evolution of sexual words into general terms of abuse), and lexical differences among various literary

genres.

**The Works: In Sex Volumes. With A Glossary Explaining The Old And Obscure Words. To Which Is Prefix'd The Life Of The Author, And** - Edmund Spenser 2016-04-28

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**Sex, Cells, and Same-sex Desire** - John P. De Cecco 1995

Sex, cells, and same-sex desire : the biology of sexual preference describes, reviews, and questions recent biological research on sexual preference. Based on the point of view of knowledgeable scientists as well as scholars in the social sciences and humanities, these essays place the biological research within the emerging field of queer studies. The issues involved have a vibrant history, are wide-ranging, and remain the subject of much controversy. The contributors to this book demystify biological research on sexual preference and make it accessible to readers unfamiliar with it and its terminology. A glossary of terms used by the contributors is included, so readers may look up those terms with which they may be unfamiliar.

*The Routledge History of Sex and the Body* - Sarah Toulalan 2013-03-20

The Routledge History of Sex and the Body

provides an overview of the main themes surrounding the history of sexuality from 1500 to the present day. The history of sex and the body is an expanding field in which vibrant debate on, for instance, the history of homosexuality, is developing. This book examines the current scholarship and looks towards future directions across the field. The volume is divided into fourteen thematic chapters, which are split into two chronological sections 1500 - 1750 and 1750 to present day. Focusing on the history of sexuality and the body in the West but also interactions with a broader globe, these thematic chapters survey the major areas of debate and discussion. Covering themes such as science, identity, the gaze, courtship, reproduction, sexual violence and the importance of race, the volume offers a comprehensive view of the history of sex and the body. The book concludes with an afterword in which the reader is invited to consider some of the 'tensions, problems and areas deserving further scrutiny'. Including contributors renowned in their field of expertise, this groundbreaking collection is essential reading for all those interested in the history of sexuality and the body.

**The Transgender Exigency** - Edward Schiappa 2021-12-24

At no other point in human history have the definitions of "woman" and "man," "male" and "female," "masculine" and "feminine," been more contentious than now. This book advances a pragmatic approach to the act of defining that acknowledges the important ethical dimensions of our definitional practices. Increased transgender rights and visibility has been met with increased opposition, controversy, and even violence. Who should have the power to define the meanings of sex and gender? What values and interests are advanced by competing definitions? Should an all-boys' college or high school allow transgender boys to apply? Should transgender women be allowed to use the women's bathroom? How has growing recognition of intersex conditions challenged our definitions of sex/gender? In this timely intervention, Edward Schiappa examines the key sites of debate including schools, bathrooms, the military, sports, prisons, and feminism, drawing attention to the political, practical, and ethical

dimensions of the act of defining itself. This is an important text for students and scholars in gender studies, philosophy, communication, and sociology. The Open Access version of this book, available at [www.taylorfrancis.com](http://www.taylorfrancis.com), has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 4.0 license.

**The Culture of Sex in Ancient China** - Paul R. Goldin 2001-10-31

The subject of sex was central to early Chinese thought. Discussed openly and seriously as a fundamental topic of human speculation, it was an important source of imagery and terminology that informed the classical Chinese conception of social and political relationships. This sophisticated and long-standing tradition, however, has been all but neglected by modern historians. In *The Culture of Sex in Ancient China*, Paul Rakita Goldin addresses central issues in the history of Chinese attitudes toward sex and gender from 500 B.C. to A.D. 400. A survey of major pre-imperial sources, including some of the most revered and influential texts in the Chinese tradition, reveals the use of the image of copulation as a metaphor for various human relations, such as those between a worshiper and his or her deity or a ruler and his subjects. In his examination of early Confucian views of women, Goldin notes that, while contradictions and ambiguities existed in the articulation of these views, women were nevertheless regarded as full participants in the Confucian project of self-transformation. He goes on to show how assumptions concerning the relationship of sexual behavior to political activity (assumptions reinforced by the habitual use of various literary tropes discussed earlier in the book) led to increasing attempts to regulate sexual behavior throughout the Han dynasty. Following the fall of the Han, this ideology was rejected by the aristocracy, who continually resisted claims of sovereignty made by impotent emperors in a succession of short-lived dynasties. Erudite and immensely entertaining, this study of intellectual conceptions of sex and sexuality in China will be welcomed by students and scholars of early China and by those with an interest in the comparative development of ancient cultures.

**Pornography and Sexual Representation** -

Joseph W. Slade 2001

A three volume reference guide to the available literature concerning pornography and sexual representation in America.

**A Scholar's Glossary of Sex** - Roy Goliard 1968

**Hooking Up** - Kathleen A. Bogle 2008

A closer look into the new sexual culture on college campuses It happens every weekend: In a haze of hormones and alcohol, groups of male and female college students meet at a frat party, a bar, or hanging out in a dorm room, and then hook up for an evening of sex first, questions later. As casually as the sexual encounter begins, so it often ends with no strings attached; after all, it was "just a hook up." While a hook up might mean anything from kissing to oral sex to going all the way, the lack of commitment is paramount. *Hooking Up* is an intimate look at how and why college students get together, what hooking up means to them, and why it has replaced dating on college campuses. In surprisingly frank interviews, students reveal the circumstances that have led to the rise of the booty call and the death of dinner-and-a-movie. Whether it is an expression of postfeminist independence or a form of youthful rebellion, hooking up has become the only game in town on many campuses. In *Hooking Up*, Kathleen A. Bogle argues that college life itself promotes casual relationships among students on campus. The book sheds light on everything from the differences in what young men and women want from a hook up to why freshmen girls are more likely to hook up than their upper-class sisters and the effects this period has on the sexual and romantic relationships of both men and women after college. Importantly, she shows us that the standards for young men and women are not as different as they used to be, as women talk about "friends with benefits" and "one and done" hook ups. Breaking through many misconceptions about casual sex on college campuses, *Hooking Up* is the first book to understand the new sexual culture on its own terms, with vivid real-life stories of young men and women as they navigate the newest sexual revolution.

**Looking for Sex in Shakespeare** - Stanley Wells 2004-04-22

Stanley Wells is one of the best-known and most  
*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2022-01-11  
 by guest

versatile of Shakespeare scholars. His new book, written with characteristic verve and accessibility, considers how far sexual meaning in Shakespeare's writing is a matter of interpretation by actors, directors and critics. Tracing interpretations of Shakespearean bawdy and innuendo from eighteenth-century editors to recent scholars and critics, Wells pays special attention to recent sexually orientated studies of *A Midsummer Night's Dream*, once regarded as the most innocent of its author's plays. He considers the Sonnets, some of which are addressed to a man, and asks whether they imply same-sex desire in the author, or are quasi-dramatic projections of the writer's imagination. Finally, he looks at how male-to-male relationships in the plays have been interpreted as sexual in both criticism and performance. Stanley Wells's lively, provocative, and open-minded new book will appeal to a broad readership of students, theatregoers and Shakespeare lovers.

[A History of Cant and Slang Dictionaries](#) - Julie Coleman 2008-10-23

This book continues Julie Coleman's acclaimed history of dictionaries of English slang and cant. It describes the increasingly systematic and scholarly way in which such terms were recorded and classified in the UK, the USA, Australia, and elsewhere, and the huge growth in the publication of and public appetite for dictionaries, glossaries, and guides to the distinctive vocabularies of different social groups, classes, districts, regions, and nations. Dr Coleman describes the origins of words and phrases and explores their history. By copious example she shows how they cast light on everyday life across the globe - from settlers in Canada and Australia and cockneys in London to gang-members in New York and soldiers fighting in the Boer and First World Wars - as well as on the operations of the narcotics trade and the entertainment business and the lives of those attending American colleges and British public schools. The slang lexicographers were a colourful bunch. Those featured in this book include spiritualists, aristocrats, socialists, journalists, psychiatrists, school-boys, criminals, hoboos, police officers, and a serial bigamist. One provided the inspiration for Robert Lewis Stevenson's *Long John Silver*. Another was

allegedly killed by a pork pie. Julie Coleman's account will interest historians of language, crime, poverty, sexuality, and the criminal underworld.

[Love Lost in Translation](#) - K. Renato Lings 2013-06-06

*Love Lost in Translation* systematically examines the biblical stories and passages that are generally assumed to deal with, or comment on, homoerotic relationships: Noah and Ham, Sodom and Gomorrah, Leviticus 18:22, Deuteronomy 23:1718, Judges 19, Romans 1:2627, and 1 Corinthians 6:9. K. Renato Lings convincingly demonstrates that mistranslations of these texts into Greek, Latin and other languages occurred early, and that serious errors continue to be committed by translators today. This explains the painful controversy about same-sex relationships, which has rocked Christian churches for decades. *Love Lost in Translation* proposes a fresh approach to translating the Bible by means of linguistic and literary criteria. As demonstrated throughout this ground-breaking book, the method enables readers to become acquainted with the literary sophistication, psychological insights and spiritual depth of the Bible. Combining meticulous scholarship with an accessible style, *Love Lost in Translation* provides a much-needed infusion of essential learning into a subject that affects millions of Bible readers today.

[Words](#) - Paul Dickson 1983

A compendium of more than three thousand practical and outlandish words includes food terminology, ancient and obscure words, unusual dialects, and media and technical jargon

[A Dictionary of Postmodernism](#) - Niall Lucy 2015-09-09

*A Dictionary of Postmodernism* presents an authoritative A-Z of the critical terms and central figures related to the origins and evolution of postmodernist theory and culture. Explores the names and ideas that have come to define the postmodern condition - from Baudrillard, Jameson, and Lyotard, to the concepts of deconstruction, meta-narrative, and simulation - alongside less canonical topics such as dialogue and punk Includes essays by the late Niall Lucy, a leading expert in postmodernism studies, and by other noted scholars who came together to complete and expand upon his last

work Spans a kaleidoscope of postmodernism perspectives, addressing its lovers and haters; its movers and shakers such as Derrida; its origins in modernism and semiotics, and its outlook for the future Features a series of brief essays rather than fixed definitions of the key ideas and arguments Engaging and thought-provoking, this is at once a scholarly guide and enduring reference for the field

**ENGLISH & SWEDISH DICT** - Jakob  
1700-1776 Serenius 2016-08-26
