*Sin Dykes - Valerie Mason-John*

A bold play collection representing Lesbian, Gay, Bisexual, Trans, Intersex and Queer (LGBTIQ+) experiences, from Black British perspectives, this anthology contains seven radical plays by Black writers that change the face of theatre in Britain. *Sin Dykes* is the story of one woman's exploration of sexuality, as she comes face to face with the issues of relationships between Black and White, SM in mixed relationships, and SM in relationships between black women. Set in the late 1990s, in London, dykes are out of the closet. Black dykes openly do SM, dykes openly sleep with gay men. There is dialogue, debate, and outrage, but nobody is listening any more.

**Who Dat Whodunnit - Greg Herren 2011-05-01**

What do you do when you fall through the loopholes in the system and all you have to rely on are your own wits? Lois and Sophie have scrambled and saved for years, planning for their retirement in Florida. But now they've lost it all, and Lois's sniper training from her long-ago service as an Army nurse leads to a desperate career choice. When Detective Morgan Holiday is assigned to investigate a spate of sniper killings, it's just one more stress point in her already overburdened life. But as she grows increasingly solitary—coping with an Alzheimer's-plagued mother who refuses to be confined to a nursing home, and a police partner counting the days to retirement—she comes to realize that these murders may cut close to home. A modern morality tale of justice, retribution, and women who refuse to be politely invisible.

**History's Passions: Stories of Sex Before Stonewall - Richard Labonte 2011**

Four acclaimed erotic authors re-imagine the past... welcome to the hidden queer history of men loving men not so very long--and centuries--ago. In "Heaven on Earth," Lambda Literary Award-winner editor and author Simon Sheppard evokes a noirish Depression-era setting for Wichita rich kid Eli who, with an innocent young gas station attendant as his sidekick, embarks on a bloody, lust-fueled crime spree: Bonnie and Clyde meet Leopold and Loeb. In "Camp Allegheny," Lambda finalist Jeff Mann recounts a clandestine Civil War romance between two Rebel

soldiers whose passionate lovemaking survives bitter winters, life-threatening sickness, and bloody fighting during the real-life Battle of Allegheny in 1861 and the Battle of McDowell in 1862. In "Tender Mercies," Dale Chase imagines the world of young Luke Farrow, a failure at prospecting during the California Gold Rush who succeeds in the more lucrative role of camp boy, where physical violence is as much a part of a rough, raw world as is selling sex for nuggets of gold--until a surprisingly tender man comes into Luke's life. In "The Valley of Salt," David Holly blends legend with lust in the beautiful city of Gomorrah more than 3,000 years ago, where the Priests of Ball summon a beautiful young man as a temple sacrifice-- which means he's now the indoor sport of the legendary city's sexually potent warriors, until taken captive during the Battle of the Vale of Siddom.

**Lesbian, Gay, Bisexual, Trans and Queer Psychology - Victoria Clarke 2010-04-01**

This exciting and engaging textbook introduces students to the psychology of lesbian, gay, bisexual, trans and queer lives and experiences. It covers a broad range of topics including diversity, prejudice, health, relationships, parenting and lifespan experiences from youth to old age. The book includes 'key researcher' boxes, which outline the contributions of significant individuals and their motivations for conducting their research in their own words. Key issues and debates are discussed throughout the book, and questions for discussion and classroom exercises help students reflect critically and apply their learning. There are extensive links to further resources and information, as well as 'gaps and absences' sections, indicating major limitations of research in a particular area. This is the essential textbook for anyone studying LGBTQ psychology, psychology of sexuality or related courses. It is also a useful supplement to courses on gender and developmental psychology.

*Mystery of the Tempest - Sam Cameron 2011*

Twin brothers Denny and Steven Anderson love helping people and fighting crime alongside their sheriff dad on sun-drenched Fisher Key, Florida. Steven likes chasing girls. Denny longs to lose his virginity, but doesn't dare tell anyone he's gay. Steven has a secret of his own. He lied to everyone, including his own brother, about being accepted into SEAL training for the U.S. Navy. On the day they graduate high school, the twins meet the handsome new guy in town, a military veteran with a chiseled body and mysterious past. Meanwhile Brian Vandermark, a gay transfer student from Boston, finds himself falling for closeted Denny but hampered by his shyness. When an antique yacht explodes in Fisher Key harbor, all three boys are caught up in a summer of betrayal, romance, and danger. It's the *Mystery of the Tempest*—and it just might kill them all.

This anthology of short stories gives voice to the rising generation as they define what it means to grow up queer in the twenty-first century. What is it like to grow up in a society that embraces you in certain ways but discriminates against you in others? How do you choose a label from the alphabet soup, and should you even have to? By turns heartwarming and heartbreaking, comical and caustic, these stories, imagined and told by youth across America, provide a snapshot of queerness at the dawn of the new millennium. Will Valentine be able to control her thirst—for blood and for vengeance? And can Valentine and Alexa's relationship endure against seemingly impossible odds?

*SADC Gender Protocol 2017 Barometer* - Morna, Colleen Lowe 2017-10-04

The SADC Protocol on Gender and Development is the only sub-regional instrument in the world that brings together global and continental commitments to gender equality in one instrument used to enhance accountability. The Southern African Gender Protocol Alliance is a network of country and regional NGOs that campaigned for the Protocol, its updating, implementation and tracking. Originally aligned to the Millennium Development Goals that expired in 2015, SADC Gender Ministers updated the Protocol and aligned it to the Sustainable development Goals (SDGs), Beijing Plus Twenty and the Africa Agenda 2063 in 2016. In July 2017, the Ministers adopted a Monitoring, Evaluation and Reporting Framework (MERF) that will be the basis of future reporting. Now in its ninth edition, the 2017 Barometer is the first assessment of the Post-2015 SADC Gender Protocol. Moving with the times, the Alliance has expanded the two key main yardsticks in the Barometer: the SADC Gender and Development Index (SGDI) and the Citizen Score Card (CSC). The Barometer incorporates many MERF and SDG indicators, as well as its own unique measures of voice, choice and control. The Barometer also introduces the Gender Responsive Assessment of Constitutions and Laws conducted by Alliance experts and networks around the region. A wealth of data, insights and analysis awaits all readers of the Barometer, that will also be made available online and in multi-media formats. The "SADC we want" is one in which citizens engage; step it up for gender equality, and make sure we achieve Planet 50/50 by 2030!

**Teaching, Affirming, and Recognizing Trans and Gender Creative Youth** - sj Miller 2016-06-21

Winner of the 2018 Outstanding Book by the Michigan Council Teachers of English Choice magazine as an Outstanding Academic Title for 2018 Winner of the 2017 AERA Division K (Teaching and Teacher Education) Exemplary Research Award This book draws upon a queer literacy framework to map out examples for teaching literacy across pre-K-12 schooling. To date, there are no comprehensive Pre-K-12 texts for literacy teacher educators and theorists to use to show successful models of how practicing classroom teachers affirm differential (a)gender bodied realities across curriculum and schooling practices. This book aims to highlight how these enactments can be made readily conscious to teachers as a reminder that gender normativity has established violent and unstable social and educational climates for the millennial generation of lesbian, gay, bisexual, transgender, intersex,

(a)gender/(a)sexual, gender creative, and questioning youth.

**Representing the Rainbow in Young Adult Literature** - Christine A. Jenkins 2018-03-20

Discussions of gender and sexuality have become part of mainstream conversations and are being reflected in the work of more and more writers of fiction, particularly in literature aimed at young adult audiences. But young readers, regardless of their sexual orientation, don't always know what books offer well-rounded portrayals of queer characters and situations. Fortunately, finding positive role models in fiction that features LGBTQ+ themes has become less problematic, though not without its challenges. In *Representing the Rainbow in Young Adult Literature: LGBTQ+ Content since 1969*, Christine Jenkins and Michael Cart provide an overview of the literary landscape. An expanded version of *The Heart Has Its Reasons*, this volume charts the evolution of

YA literature that features characters and themes which resonate not only with LGBTQ+ readers but with their allies as well. In this resource, Jenkins and Cart identify titles that are notable either for their excellence—accurate, thoughtful, and tactful depictions—or deficiencies—books that are wrongheaded, stereotypical, or outdated. Each chapter has been significantly updated, and this edition also includes new chapters on bisexual, transgender, and intersex issues and characters, as well as chapters on comics, graphic novels, and works of nonfiction. This book also features an annotated bibliography and a number of author-title lists of books discussed in the text that will aid teachers, librarians, parents, and teen readers. Encompassing a wider array of sexual identities, *Representing the Rainbow in Young Adult Literature* is an invaluable resource for young people eager to read about books relevant to them and their lives.
