expressed in a range of nonfictional genres (essays, journalism, articles, speeches, notebooks, and personal correspondence), where the writer's own concerns come directly to the fore."

Victims and Victimization in French and Francophone Literature - 2016-08-09

Gender. Nation. Text. - Lorraine Kelly 2017

This collection explores the multifarious manifestations of gender intrinsic to national ideologies, the use of gender in the construction and development of nation states, and the role of political, literary, and cinematographic discourses in cultural debates that define national and international borders in post-colonial societies. The selected essays focus primarily on Europe and Latin America and consider the implications of colonialism, dictatorship, and the transition to democracy on national identities as well as the deliberate use of gendered language and images in the

development of discourses of hegemony, frequently used to underpin support for individual political regimes, or as a call to arms to defend national patrimony. (Series: Cultural Studies / Kulturwissenschaft / Estudios Culturales / Etudes Culturelles, Vol. 55) [Subject: Gender Studies, Politics, Sociology, Cultural Studies]

Rebellious Feminism - E. Bartlett 2004-01-16

In what might seem an unusual pairing, Bartlett brings together the insights of Albert Camus and feminist thought, and in doing so sheds new light on both. Looking through a Camusian lens, Bartlett reveals a 'rebellious feminism' that simultaneously refuses oppression and affirms human dignity in solidarity with concrete, diverse others and the earth, giving us new insights into this life-affirming ethic.

Brill's Companion to Camus - 2020-01-13

This book is the first English-language collection of essays by leading Camus scholars around the world to focus on Albert Camus' place and status

*Downloaded from
legacy.opendemocracy.net on 2021-01-10
by guest*

as a philosopher amongst philosophers, engaging with leading Western thinkers, and considering themes of enduring interest.

"Ces Forces Obscures de L'âme" - Christine Margerrison 2008

"In the first decade of a new century, this collection of bilingual essays examines Camus's continuing popularity for a new generation of readers. In crucial respects, the world Camus knew has changed beyond all recognition: decolonization, the fall of the Iron Curtain, a new era of globalization and the rise of new forms of terrorism have all provoked a reconsideration of Camus's writings. If the Absurd once struck a particular chord, Meursault is as likely now to be seen as a colonial figure who expresses the alienation of the settler from the land of his birth. Yet this increasing orthodoxy must also take account of the reasons why a new community of Algerian readers have embraced Camus. Equally, once isolated because of his anti-Communist stance, Camus has been taken

up by disaffected members of the Left, convinced that new forms of totalitarianism are abroad in the world. This volume, which ranges from interpretations of Camus's literary works, his journalism and his political writings, will be of interest to all those seeking to re-evaluate Camus's work in the light of ethical and political issues that are of continuing relevance today."--
BOOK JACKET.

Albert Camus's The Stranger - Peter Francev
2014-06-26

Often marginalised on the sidelines of both philosophy and literature, the works of Albert Camus have, in recent years, undergone a renaissance. While most readers in either discipline claim Camus and his works to be 'theirs', the scholars presented in this volume tend to see him and his works in both philosophy and literature. This volume is a collection of critical essays by an international menagerie of Camus experts who, despite their interpretive differences, see Camus through both lenses. For

them, he is a novelist/essayist who embodies a philosophy that was never fully developed due to his brief life. The essays here examine Camus's first published novel, *The Stranger*, from a variety of critical and theoretical perspectives, each drawing on the author's knowledge to present the first known critical examination in English. As such, this volume will shed new light on previous scholarship.

Albert Camus's "The New Mediterranean Culture" - Neil Foxlee 2010

This book was shortlisted for the R.H. Gapper prize 2011. On 8 February 1937 the 23-year-old Albert Camus gave an inaugural lecture for a new Maison de la culture, or community arts centre, in Algiers. Entitled 'La nouvelle culture méditerranéenne' ('The New Mediterranean Culture'), Camus's lecture has been interpreted in radically different ways: while some critics have dismissed it as an incoherent piece of juvenilia, others see it as key to understanding his future development as a thinker, whether as

the first expression of his so-called 'Mediterranean humanism' or as an early indication of what is seen as his essentially colonial mentality. These various interpretations are based on reading the text of 'The New Mediterranean Culture' in a single context, whether that of Camus's life and work as a whole, of French discourses on the Mediterranean or of colonial Algeria (and French discourses on that country). By contrast, this study argues that Camus's lecture - and in principle any historical text - needs to be seen in a multiplicity of contexts, discursive and otherwise, if readers are to understand properly what its author was doing in writing it. Using Camus's lecture as a case study, the book provides a detailed theoretical and practical justification of this 'multi-contextualist' approach.

[Theory, Aesthetics, and Politics in the Francophone World](#) - Rajeshwari S. Vallury
2019-03-25

Downloaded from
legacy.opendemocracy.net on 2021-01-10
by guest

This book reevaluates the historical, political, and artistic legacies of twentieth-century France and the French-speaking world, proposing new formulations of the relationships between fiction, aesthetics, and politics for the present century.

The Cambridge Companion to Camus - Edward J. Hughes 2007-04-26

Albert Camus is one of the iconic figures of twentieth-century French literature, one of France's most widely read modern literary authors and one of the youngest winners of the Nobel Prize for Literature. As the author of *L'Étranger* and the architect of the notion of 'the Absurd' in the 1940s, he shot to prominence in France and beyond. His work nevertheless attracted hostility as well as acclaim and he was increasingly drawn into bitter political controversies, especially the issue of France's place and role in the country of his birth, Algeria. Most recently, postcolonial studies have identified in his writings a set of preoccupations

ripe for revisitation. Situating Camus in his cultural and historical context, this 2007 Companion explores his best-selling novels, his ambiguous engagement with philosophy, his theatre, his increasingly high-profile work as a journalist and his reflection on ethical and political questions that continue to concern readers today.

The Mythical Mediterranean Sea - Nick Ceramella 2019-04-25

This volume brings together papers presented at the 7th Annual International Conference co-organised by Florence University of the Arts, Italy, and Stony Brook University (SUNY), USA. The contributors explored the many connections that define the Mediterranean Sea as a symbol of tradition and modernity, and examined it as a region capable of congregating, synergizing and transforming cultures. Their writings focus on the relationship between the cultural, social, and historical environment of *Mare Nostrum* to pinpoint the elements defining its identity.

Hence, particular emphasis is placed on the role and relevance of the Mediterranean as the first beacon of multi-ethnicity which may be seen as a symbol of diversity and unity, as well as a model that holds clues to understanding the global merging of cultures. As such, it is a real shame to see that the general interest in this unique and fascinating area has arisen not thanks to such highly positive features, but because, as Pope Francis says, it has become an open-air cemetery where thousands of people keep drowning. The multifaceted approach to this topic has resulted in the book being divided into four sections, covering the following thematic areas: Literature, History, Culture, and Identity. *Camus* - Anthony Rizzuto 1998

"A valuable addition to Camus studies. . . . Opens new perspectives on an array of characters, situations, and stances. . . . A highly readable book written in an unpretentious but elegant prose."--Raymond Gay-Crosier, University of Florida "Questions of love and sexuality have

been a recurrent problem for critics, scholars, and general readers of Camus. . . . No one has come close to Rizzuto's work in depth and breadth, in subtlety, or in explanatory power. . . . Create[s] a coherent portrait of Camus as a man and writer struggling with the implications of his ideas and behavior."--English Showalter, Rutgers University Analyzing Camus' complete works from his earliest essays to his posthumous novel *The First Man* (just published in English in 1996), this book explores Camus' evolution as a writer through those questions of love and sexuality that engaged him deeply throughout his life. Combining significant biographical material with literary and psychological analysis, Anthony Rizzuto focuses on Camus' distinctions between love and sex alongside his evolving concepts of masculinity and femininity, the role of women in society, the relationships between sexuality and social class, his attempts to write love scenes, and above all his complex relationship with his mother, who figures

Downloaded from
legacy.opendemocracy.net on 2021-01-10
by guest

prominently in his work. He brings together Camus' diverse and often disturbing depiction of love relationships and creates a picture of Camus as an artist and a man struggling to understand the implications of his ideas and his own erotic behavior. In the course of his career, Camus gradually realized that his praise of sex often masked a fundamental inability to love. Sensing nihilism and emptiness within his culture and himself, he discovered a sick and discontented civilization "dying" for lack of love. This work on one of the most important writers of the 20th century will create interest not only among admirers of Camus but also in the areas of literary criticism, philosophy, psychoanalysis, and culture and gender studies. Anthony Rizzuto, associate professor of French at the State University of New York at Stony Brook, is the author of *Style and Theme in Pierre Reverdy's "Les Ardoises du Toit"* and *Camus' Imperial Vision*.

Words and Music - Deborah Fillerup Weagel

2010

Camus's the Plague - Peg Brand Weiser 2023
"Camus's classic narrative, *La Peste* (The Plague), is a timely philosophical read in an era when a deadly pandemic rages worldwide. An allegory rich with suggestion, it rewards an imaginative reader with innumerable meanings as our own lived experiences mirror the novel. We witness protesters who argue for individual freedom and the autonomy to defy government-imposed regulations. They openly clash with followers of science who recommend shared

actions of self-sacrifice to mitigate the spread of infection. Choosing either to act in one's own interest or to sacrifice for the good of all has become a haunting theme of American life in which the "richest nation on earth" experienced the highest number of cases and deaths in the world while under the leadership of former president Donald Trump as well as through the first year, 2021, of the administration of President Joe Biden. Political divisions over wearing masks, social distancing, police killings, Black Lives Matter, the January 6, 2021 assault on the United States Capitol, and recommended or mandated vaccines, sow discord at a time when solidarity could have united the U.S. to lead the world against the pandemic. Instead, misinformation campaigns have stoked opposition among the populace and away from the virus. "We're all in this together," was repeatedly uttered by Dr. Bernard Rieux, Camus's narrator. How seldom did we hear that call for unity from the podiums of power, for

example, the leaders of America, Brazil, and India (the three countries with the highest death counts in the world)? After two years into the coronavirus pandemic with over one million deaths in the U.S. and over 6 million worldwide, we might ask ourselves, do we measure up to Camus's optimistic assessment of human behavior under duress? Do we collectively meet the minimum threshold of ethical behavior posed by Camus who wrote, "What's true of all the evils in the world is true of plague as well. It helps men to rise above themselves?"--
[The Affairs of Women](#) - Colin Bingham 2006

The Stranger - Albert Camus - Harold Bloom 2009

The condition of man is revealed as absurd in Camus's short novel.

Performing the Pied-Noir Family - Aoife Connolly 2020-10-16

Performing the Pied-Noir Family: Constructing Narratives of Settler Memory and Identity in

Downloaded from
legacy.opendemocracy.net on 2021-01-10
by guest

Literature and On-Screen sheds new light on the memory community of the pieds-noir from the Algerian War (1954-1962) as it continues to resonate in France, where the subject was initially repressed in the collective psyche. Aoife Connolly draws on theories of performativity to explore autobiographical and fictional narratives by the settlers in over thirty canonical and non-canonical works of literature and film produced from the colony's imminent demise up to the present day. Connolly focuses on renewed attachment to the family in exile to facilitate a comprehensive analysis of settler masculinity, femininity, childhood, and adolescence and to uncover neglected representations, including homosexual and Jewish voices. Connolly argues

that findings on the construction of a post-independence identity and collective memory have broader implications for communities affected by colonization and migration. Scholars of literature, film, Francophone studies, and film studies will find this book particularly useful. John Irving's Existentialist Heroes - Mathias Sajovitz 2009

Post-colonial Intertexts - Geetha Ramanathan
2023-02-27

An investigation about the way how contemporary post-colonial intertexts take colonialism and euro-modernism to trial. Christianity & Literature - 1998
