The End of Men Hanna Rosin 2012-10-11 What Betty Friedan, Simone de Beauvoir, Susan Faludi and Naomi Wolf did for feminism, senior editor of The Atlantic Hanna Rosin does for a new generation of women: an explosive new argument for why women are winning the battle of the sexes and why men are no longer top dog. Women are no longer catching up with men. By almost every measure, they are out-performing them. We are at an unprecedented moment in history. In 2010, for the first time, the balance of the British workforce tipped towards women, who now hold around half of the nation's jobs. In the US, meanwhile, for every two men that receive a BA, three women will achieve the same. Not only do women now dominate colleges and professional schools on every continent except Africa, young single women in the US now earn more than their male counterparts, and more than a third of mothers in the UK and the US are their family's main breadwinner. The tides have turned. The 'age of testosterone' is decisively over. At almost every level of society women are proving themselves far more adaptable and suited to a job market that rewards people skills and intelligence, and a world that has a dramatically diminishing need for traditional male muscle. In this landmark, once-in-a-generation book, Hanna Rosin reveals how this new world order came to be and its profound implications for marriage, sex, children, work, families and society. Unhampered by old assumptions and ideologies and drawing on examples from across the globe, *The End of Men* helps us see how both men and women can - and must - adapt for a radically new era. 'In this bold and inspired dispatch, Rosin upends the common platitudes of contemporary sexual politics with a deeply reported meditation from the unexpected frontiers of our rapidly changing culture' Katie Roiphe, author of *The Morning After* and *Uncommon Arrangements* 'The End of Men describes a new paradigm that can, finally, take us beyond 'winners' and 'losers' in an endless 'gender war.' What a relief! Ultimately, Rosin's vision is both hope-filled and creative, allowing both sexes to become far more authentic: as workers, partners, parents...and people' Peggy Orenstein, author of *Cinderella Ate My Daughter* and *Schoolgirls* Hanna Rosin is a senior editor at The Atlantic magazine and a founder and co-editor of DoubleX, Slate's women's section. She has written for the New Yorker, The New York Times, GQ, and The New Republic, and for a number of years covered politics and religion for the Washington Post. In 2009 she was nominated for a National Magazine Award, and in 2010 she won one. She is the author of a previous book, *God's Harvard: A Christian College on a Mission to Save America*. Rosin lives in Washington, DC, with her husband, Slate editor David Plotz, and their three children.

Female Celebrity and Ageing Deborah Jermyn 2016-04-29 *Female Celebrity and Ageing: Back in the Spotlight* interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing, and how ageing female celebrities have negotiated the media in a variety of industrial, historical and national contexts. In the era when the 'baby boomers' have started drawing their pensions, the boundaries of what constitutes 'old age' have never seemed more fluid, and ageing has never been presented by advertisers and marketers in a more dynamic fashion. However, the fact remains that ageing is still widely feared, and growing old is an inherently gendered process, in which ageing women are paradoxically both rendered invisible and subjected to damning scrutiny. Nowhere is this conflicting state of affairs more evident than in celebrity culture, where ageing female stars are praised for 'growing old gracefully' one moment, and condemned for 'letting themselves go' the next, when they fail to age 'appropriately'. Examining a variety of themes and ageing women in the spotlight, from Barbara Stanwyck to Madonna to Charlotte Rampling, the essays collected here forge new critical and conceptual insights into how women grow older in the media, and the implications of this for what Susan Sontag memorably called "the double standard of ageing". This book is based on a special issue of *Celebrity Studies*.

Genre, Gender and the Effects of Neoliberalism Betty Kaklamanidou 2013 This new work draws together a discussion of the full range of romantic comedies in the new millennium, exploring the cycles of films that tackle areas including teen romance, the new career woman, women as action heroes, the homme com, motherhood and pregnancy and the mature millennium woman. The work evaluates the structure of these different types of films and examines in detail the ways in which they choose to frame key contemporary issues which influence how we analyse global politics, including gender, class, race and society.

International Handbook of Love Claude-Hélène Mayer 2021-05-04 This handbook includes state-of-the-art research on love in classical, modern and postmodern perspectives. It expands on previous literature and explores topics around love from new cultural, intercultural and transcultural approaches and across disciplines. It provides insights into various love concepts, like romantic love, agape, and eros in their cultural embeddedness, and their changes and developments in specific cultural contexts. It also includes discussions on postmodern aspects with regard to love and love relationships, such as digitalisation, globalisation and the fourth industrial revolution. The handbook covers a vast range of topics in relation to love: aging, health, special needs, sexual preferences, spiritual practice, subcultures, family and other relationships, and so on. The chapters look at love not only in terms of the universal concept and in private, intimate relationships, but apply a broad concept of love which can also, for example, be referred to in postmodern workplaces. This volume is of interest to a wide readership, including researchers, practitioners and students of the social sciences, humanities and behavioural sciences. In the 1970s through the 90s, I was told that globalization was homogenizing cultures into a worldwide monoculture. This volume, as risky and profound as the many adventures of love across our multiplying cultures are, proves otherwise. The authors' revolutionary and courageous work will challenge our sensibilities and expand the boundaries of what we understand what love is. But that's what love does: It communicates what is; offers what can be; and pleads for what must be. I know you'll enjoy this wonderful book as much as I do! Jeffrey Ady, Associate Professor (retired), Public Administration Program, University of Hawaii at Manoa, Founding Fellow, International Academy for Intercultural Research The *International Handbook of Love* is far more than a traditional compendium. It is a breath-taking attempt to synthesize our anthropological and sociological knowledge on love. It illuminates topics as diverse as Chinese love, one-night stands, teen romance or love of leaders and many more. This is a definitive reference in the field of love studies. Eva Illouz, author of *The End of Love: A sociology of Negative relationships*. Oxford University Press. "This is not a volume to be read in a single sitting (though I almost did, due to a protracted hospital stay), nor is it romantic or inspirational reading (though, in some cases, I had hoped for more narrative examples and case studies. Rather it is a highly diverse scholarly effort, a massive resource collection of research papers on love in a variety of contexts, personal and professional settings, and cultures. The work is well referenced providing a large number of resources for deeper exploration. We owe our thanks to the authors and editors of this "handbook" for work well done, though that word in the title should not lead readers to suspect that, enlightening as it is, this book is a vade mecum or practical tour guide that provides ready solutions to the vicissitudes and challenges of our love lives!" The New I Do Susan Pease Gadoua 2014-09-23 If half of all cars bought in America each year broke down, there would be a national uproar. But when people suggest that maybe every single marriage doesn't look like the next and isn't meant to last until death, there's nothing but a rash of proposed laws trying to force it to do just that. In *The New I Do*, therapist Susan Pease Gadoua and journalist Vicki Larson take a groundbreaking look at the modern shape of marriage to help readers open their minds to marrying more consciously and creatively. Offering actual models of less-traditional marriages, including everything from a parenting marriage (intended for the sake of raising and nurturing children) to a comfort or safety marriage (where people marry for financial security or companionship), the book covers unique options for couples interested in forging their own paths. With advice to help listeners decide what works for them, *The New I Do* acts as a guide to thinking outside the marital box and the framework for a new debate on marriage in the 21st century.

A Cougar's Guide to Getting Your Ass Back Out There Karen Poter 2015-06-09 This is an extremely important book for today's generation of women

who are single, divorced or widowed, looking at the dating scene and asking themselves "What am I supposed to do now?" Poter's re-definition of the word "Cougar" as no longer being the predatory jungle animal some define the Cougar but as strong, unique and powerful creatures who can make their own choices about their lives that reflect who they are today. The author's personal history is very compelling and adds to the easy readability of this terrific book. Her insights are spot on and her advice is comprehensive and detailed even as she states what should be obvious but isn't always: "No married men" or "No texting while on a date." The book is also filled with real-life examples and clever sayings that bring it all home and put everything about the incredibly complex and confusing dating scene into something we can understand and relate to. In particular, check out the sections on "Lessons Learned" and "Red Flags." Learn the importance of changing yourself first before jumping into a new relationship.

Divorce with Decency Bradley A. Coates 2017-05-31 This completely revised and updated fifth edition of the award-winning *Divorce with Decency* includes the most current research, statistics, and insights on the effects of divorce on spouses, their children, and society overall. Written by a prominent divorce lawyer with four decades of experience, it is the most comprehensive treatment of the legal, emotional, economic, psychological, and social aspects of romantic relationships, marriage and divorce available anywhere in a single volume. Initial sections look at the dynamics of divorce: the causal factors, the common "stages" from initial separation onward, and the complications surrounding each stage for older and younger couples and children. Important information on spouse abuse is also included. The book discusses key criteria in selecting an attorney and gives expert advice on directing and monitoring the course of a case efficiently and economically. Detailed background on critical legal issues is given, followed by case histories highlighting key points of divorce law. Extensive new sections have been added to this edition which provide key tips on preserving, improving, and possibly "saving" marriages. Key chapters focus on post-divorce issues of single parenthood and new relationships; as well as the rapidly changing nature of love, romance, "digital dating," and other topics in this modern New Millennium. Informative yet highly readable (and occasionally amusing), *Divorce with Decency* has proven to be indispensable to anyone involved in a divorce, whether directly or indirectly.

Expectation Hangover Christine Hassler 2016-01-15 When our expectations are met and things go according to plan, we feel a sense of accomplishment; we feel safe, in control, and on track. But when life does not live up to our expectations, we end up with an *Expectation Hangover*. This particular brand of disappointment is profoundly uncomfortable and can cost us valuable time and energy if not treated and leveraged effectively. Christine Hassler has broken down the complex and overwhelming experience of recovering from disappointment into a step-by-step treatment plan. This book reveals the formula for how to process *Expectation Hangovers* on the emotional, mental, physical, and spiritual levels to

immediately ease suffering. Instead of wallowing in regret, self-recrimination, or anger, we can see these experiences as catalysts for profound transformation and doorways that open to possibility. Often it is only when life throws us a curveball (or several) that we look in a different direction and make room for the kinds of unexpected things that lead more directly to a life we love. By the time you finish this book, you'll understand why your Expectation Hangover happened and have your own treatment plan — a clear course of action to pursue your goals while preventing future disappointment.

That's not me. My job is to help fix what's broken." Speaking to the layperson and the practitioner alike, even Rick's signature humor can't hide his deep understanding of mental illness, his desire to help heal it quickly and effectively, and his pragmatic and often creative approach to treatment." *Cougar Dating. Hot Feminist Polly Vernon 2015-05-21 *Perfect for fans of the Guilty Feminist* Hot (adj.) : (Of a person) Attractive 'a hot chick' Fem-i-n-ist (n.) : A person who supports feminism, the movement that advocates equal rights for women Polly Vernon, Grazia columnist, Times feature writer (hair-flicker, Brazilian-waxer, jeans obsessive, outrageous flirt) presents a brave new perspective on feminism. Drawing on her dedicated, life-long pursuit of hotness - having dismissed many of the rules on 'good' feminism at some point in the early 90s - she'll teach you everything you ever wanted to know about being a feminist when you care about how you look. When part of your brain is constantly monologuing on fashion. When you check out your own reflection in every reflective surface. When your depilation practices are pretty much out of control. When you just really want to be fancied. Hot Feminist is based on a principle of non-judgment (because there's enough already), honesty about how often we mess this up, and empowerment through looks. Part memoir, part road map, it's a rolling, raucous rejection of all those things we're convinced we shouldn't think / wear/ feel/ say/ buy/ want - and a celebration of all the things we can. It is modern feminism, with style, without judgment

Gender, Sex, and Tech! Jennifer Jill Fellows 2022-07-29 In this timely collection, gender, sex, and technology are explored through an intersectional and interdisciplinary lens. Gender, Sex, and Tech! provides insight into the ways that technology affects, and is affected by, cultural perceptions of gender and sex. Through an examination of a range of past and present issues, the text highlights our relationships to technology and illustrates how gendered relations are shaped and transformed through social and technological innovations. Contributors bring to the fore feminist, decolonizing, and anti-racist methods to examine our everyday uses of technology, from the mundane to the surreal to the playful to the devastating. Original research and scholarship is skillfully grounded in real-world scenarios like revenge pornography, gender bias in artificial intelligence, menstrual tracking, online dating, and the COVID-19 pandemic, inviting students to take a closer look at technological transformations and their impact on gendered lived experience and to consider how the benefits of technology are inequitably shared within society. Is It True? Max Cryer 2014-03-01 We can all remember the stories we were told as children: Santa Claus lives at the North Pole; St Bernard dogs carry brandy to help lost climbers; Lady Godiva rode naked through Coventry. They were great stories - and we believed them. But are they true? Max Cryer sets out to investigate the truth or otherwise of ideas and beliefs we may have always been told are true, but which on closer examination may not be. For example: Did Winston Churchill coin the term 'Iron Curtain'? 'OK' is an American expression, right? Tulips come from Holland, don't they? Did Sarah Palin say, 'I can see Russia from my house?' The subjects covered in this highly entertaining book are diverse, ranging from politics, science and social history, to language, music and the natural world. Max Cryer approaches each with an open mind, seeking to uncover the truth behind some of our most cherished beliefs. Be prepared for surprises.

Confessions of a Scottsdale Cougar Victoria Phillips 2009-11-25 The media perceptions of a COUGAR: an oversexed, desperate older woman on the prowl for nabe younger meat could not be more misleading. Every ripened woman I know to be a real COUGAR is so diverse, so deep, and so much more. The COUGAR today has evolved from a woman that has truly suffered to grow and mature. Life has dealt her a hard blow at least once in her youth to teach her what her life's purpose is truly about. Those lessons that are the most painful are the lessons we grow the most from, and everything is as it should be. Life has taught her, with pleasure and anguish, those lessons so she can discover the real mystery of life and so she, as a spiritually minded soul, can connect to the divine divinity of life. I have been all things unholy; if God can work through me, he can work through

anyone (St. Francis of Assisi). So if the COUGAR has chosen a sinful lifestyle, why is she so mysterious and why have so many now look upon her as the new sexual icon and matron of the mystery of life? Perhaps it is from her past sins that she has grown and gained the wisdom of the purpose of life, and that is what makes her the most desirable of all. Lets explore the fascinating lives of COUGARS. Lets get to know about these extraordinary women who fully embrace the COUGAR lifestyle. What makes them so astonishing? Who are they and where have they come from? What lessons has life taught them to make them so amazing? What have they been through and where are they going? Why do they love dating younger men? What keeps them so viral? How did they suddenly become so successful, smart, sexy, and powerful? How do they exume such confidence? Why have COUGARS become such centers of attention? How have they made their middle age the new sexual icon? How have these women redefined age and relationships, as well as themselves? And lastly, what is it that makes them so astonishingly desirable?

Essential Guide to Gigolo Life Gigolo.in An older woman-younger man relationship defies many norms. What was once viewed as unacceptable and frowned upon by conservatives has successfully claimed its place in society. Indian society is slowly warming up to the notion of this kind of short-term relationship. This might be because nowadays, women are ruling the boardroom, making important business decisions, and holding positions which were exclusively held by men before.

Love After 50 Francine Russo 2022-07-12 A comprehensive and intimate guide to finding, keeping, and enjoying love after fifty, the best kind of love there is. Studies keep showing that love after fifty is more satisfying than at any other stage in life, and it makes sense: at this stage, you are more emotionally stable and more focused on the present; you know what you absolutely have to have, but also what you can live without; partnering is no longer about building family and fortune—it's about sharing intimacy as grounded individuals. And sex isn't pass/fail anymore, but about becoming erotic friends. So, if this is the promised land, how do you get there? In *Love After 50*, journalist Francine Russo interviewed the best experts in the field and dozens of couples to help show the way. Her "practical, excellent guide" (John Gottman, author of *The Seven Principles for Making Marriage Work*) includes advice like: -How to recover from the emotional damage of divorce, the grief of widowhood, or a history of unfulfilling relationships -How to build realistic requirements for a partner -What attitudes to bring to dating -How to overcome the psychical challenges of sex and embrace your erotic selves -How to evaluate the financial, emotional, and practical results of marrying, living together, or living apart -How to deal with (hostile) adult kids to safeguard your relationship and family *Love After 50* is "essential reading" (Pauline Boss, PhD, author of *The Myth of Closure*) that is not only practical but also unassuming and candid. It is full of real people's stories (including the author's), with vivid examples of couples who have overcome their pasts to form healthy and nurturing partnerships. In other words, it's as real as love after fifty can be.

Diffraction Reading Kai Merten 2021-05-27 Putting the New Materialist figure of diffraction to use in a set of readings - in which cultural texts are materially read against their contents and their themes, against their readers or against other texts - this volume proposes a critical intervention into the practice of reading itself. In this book, reading and reading methodology are probed for their materiality and re-considered as being inevitably suspended between, or diffracted with, both matter and discourse. The history of literary and cultural reading, including poststructuralism and critical theory, is revisited in a new light and opened-up for a future in which the world and reading are no longer regarded as conveniently separate spheres, but recognized as deeply entangled and intertwined. *Diffraction Reading* ultimately represents a new reading of reading itself: firstly by critiquing the distanced perspective of critical paradigms such as translation and intertextuality, in which texts encountered, processed or otherwise subdued; secondly, showing how all literary and cultural readings represent different 'agential cuts' in the world-text-reader constellation, which is always both discursive and material; and thirdly, the volume materializes, dynamizes and politicizes the activity of reading by drawing attention to reading's intervention in, and (co)creation of, the world in which we live.

Cougar, the Musical Donna Moore 2014 "Cougar The Musical unleashes three divine but disillusioned women who develop a taste for hot, young men. They let their inner cougar roar and purr, finding self-love and empowerment in the process. Cougar the Musical is a madcap ride from Cougar Bar, to nail salon, to boudoir, and back as the women learn to say "yes" to getting older, "yes" to trust and friendship and "yes" to proving that love is ageless. New Words for Old Caroline Taggart 2015-11-05 The English language is a versatile and agile thing, and as our world changes, so too does the way we use it. Sometimes we coin new words for new creations, but very often we adopt and adapt existing words to suit new purposes, or simply put two together to form a third. *New Words for Old* looks at the story behind some of the words we use every day and how their meanings have changed over time. From technology and fashion to politics and music, our language displays centuries of imagination and creativity, so often overlooked. Tracing the development of green from the days when it was just a colour, web when it was something spiders made and trolls when they were nothing more threatening than the baddies in fairy tales, this is a fascinating tour through the history of the words we use every day and demonstrates just how wide we cast the net when trying to describe something new.
