Good Morning, Destroyer of Men's Souls - Nina Renata

Aron 2020-06-11

'The disease he has is addiction,' Nina Renata Aron writes of her boyfriend. 'The disease I have is loving him.' Their affair is dramatic, urgent - an intoxicating antidote to the lonely days of early motherhood. But soon, K starts using again. Even as his addiction deepens, she stays, thinking she can save him. It's a familiar pattern, developed in an adolescence marred by family trauma - how can she break it? If she leaves, has she failed? In this unflinching memoir, Aron shows the devastating effect of addiction on loved ones. She also untangles the messy ties between her own history of enabling, society's expectations of womanhood and our ideas of love. She cracks open the feminised phenomenon of co-dependency, tracing its development from the formation of Al-Anon to recent research in the psychology of addiction, and asks uncomfortable questions about

when help becomes harm, and when we choose to leave.

One Hundred Years of Solitude - Gabriel García

Márquez 2022-10-11

One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One*

Hundred Years of Solitude weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

Ask a Manager - Alison Green
2018-05-01

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough

discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

The Education of Kim Jong-Un - Jung H. Pak 2018-02-06 North Korea's opaqueness combined with its military capabilities make the country and its leader dangerous wild cards in the international community. Brookings Senior Fellow Jung H. Pak, who led the U.S. intelligence community's analysis on Korean issues, tells the story of North Korean leader Kim Jong-un's upbringing, provides insight on his decision-making, and makes recommendations

on how to thwart Kim's ambitions. In her deep analysis of the personality of the North Korean leader, Pak makes clearer the reasoning behind the way he governs and conducts his foreign affairs.

The Brain That Changes Itself - Norman Doidge 2008-08-07

An introduction to the science of neuroplasticity recounts the case stories of patients with mental limitations or brain damage whose seemingly unalterable conditions were improved through treatments that involved the thought re-alteration of brain structure.

Paper Princess - Erin Watt 2023-09-19

The TikTok sensation Paper Princess, the first in the #1 New York Times bestselling The Royals series, now in a new special edition with bonus material! From strip clubs and truck stops to southern coast mansions and prep schools, one girl tries to stay true to herself. These Royals will ruin you... Ella Harper is a survivor—a pragmatic optimist. She's spent her whole life moving from town to town with

her flighty mother, struggling to make ends meet and believing that someday she'll climb out of the gutter. After her mother's death, Ella is truly alone. That is until Callum Royal appears, plucking Ella out of poverty and tossing her into his posh mansion among his five sons who all hate her. Each Royal is more magnetic than the last, but none is as captivating as Reed Royal, the boy who is determined to send her back to the slums she came from. Reed doesn't want her. He says she doesn't belong with the Royals. He might be right. Wealth. Excess. Deception. It's like nothing Ella has ever experienced, and if she's going to survive her time in the Royal palace, she'll need to learn to issue her own Royal decrees.

Higher Ed - Tessa McWatt
2015-05-27

London. Now. And here come the new Londoners. Francine would prefer to be thinner, but is happy enough to suffer her boss' manhandling of her ample hips if it helps her survive the next cull in Quality Assurance. She just wishes she could get the dead biker's crushed face out of her mind's eye. Robin is having a baby with the wrong woman, wishes he were with the perfect Polish waitress instead, leans hard on Deleuze for understanding, and wonders if his work in film will continue to be valued by the university management. Olivia is angry — angry with her layabout mother, with her too-casual BFF, and with her own

timidity and anxiety. Perhaps the wisest of her lecturers will help? Knowledge is power, right? And she's beautiful when she's angry. Ed wishes he'd never gone back to Guyana to help his rass brother as it lost him his mini-Marilyn wife and the possibility of watching his only child grow up — until someone surprising crops up at the crematorium. Katrin is starting not to miss Gdansk or Mamunia so much, and starting to understand London living. But if she works and hopes harder, maybe she'll secure a full British future for herself and her mother with the Good Englishman. The five of them cross paths and cross swords to bring London living unforgettably to life. Real London lives. PRAISE FOR TESSA MCWATT '[C]ombines campus novel (historically a distinctly white-male genre) with a Zadie Smith-like sense of a thoroughly multicultural London ... satirises with sharp wit the precariousness of academic life.' Zombie Bites - David Saunderson 2014-09-09

'Nothing stinks or burns like dead zombies. I arrived, saw the black smoke and the bright red flames and I knew.'

Zombies cause death and destruction and make brutal the humans obliged to fight them. The stories in *Zombie Bites* explore the consequences of destruction and examine the inevitable decay, social and personal, that occurs in the resistance to the apocalypse.

Zombie Bites follows the successful and praised *Dracula's Midnight Snacks*, which contained original vampire stories. Again, horror expert, David Saunderson of *Spooky Isles*, invited horror fans to submit stories. The stories chosen should appeal to all zombie fans. Teenage angst, Americans abroad, high

finance, schizophrenic confusion, lonely despair, familial dependency, treacherous Nazis, football, political schemers and sexual deviants are all featured. Even Elvis Presley and Penelope Cruz make surprise appearances. 'Original and worthwhile, *Zombie Bites* has a wide range of subjects and themes and some very good writing.'

Watching the English - Kate Fox 2005-04-11

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the

English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

Z Nation #6 - Craig Engler 2017-10-18

In issue #6 of *Z Nation: Sea of Death*, Specialist Israel Johnson and Private Edie Cutler have to flee the zombie

filled, capsized cruise ship *Empress of the Seas*, leading the few surviving passengers to the dubious safety of an offshore oil rig. They're pursued by the ship's maniacal Captain and Crew, who are intent on killing the would-be heroes. And the zombie whale that capsized the ship is still waiting in the water to devour whoever wins the final fight to the death. *Sea of Death* is a prequel set in the world of Syfy's hit zombie series *Z Nation*, produced by *The Asylum*. Featuring *Z Nation*'s signature blend of horror, humor and heart, *Sea of Death* is a six-issue miniseries from acclaimed writer Fred Van Lente (add appropriate credits) and Craig Engler, based on the long running series *Z Nation* created by Karl Schaefer and Craig Engler.

and disenchanted with his job as an adjunct English professor, part of him yearns to cross the street and join up. The other part is terrified. Gottschall eventually works up his nerve, and starts training for a real cage fight. He's fighting not only as a personal test but also to answer questions that have intrigued him for years: Why do men fight? And why do so many seemingly decent people like to watch?"--Amazon.com.

The Wanderers of Time - John Wyndham 2022-09-13

A collection of science fiction short stories from the master author of THE DAY OF THE TRIFFIDS and THE MIDWICH CUCKOOS. In 1941, Roy Sabre's girlfriend Betty mysteriously disappears. Ten years later he has constructed a time-machine and his first trip is to go back to find her. But his arrival is observed and his machine attacked and damaged as it departs - instead of returning to 1951, it travels to the far future where mankind has disappeared and the Earth is under the control

of machines controlled by insects. Roy finds that several other time-travellers, due to damage and malfunction, have been cast forward to the same time . . . Stories included: - "Wanderers of Time" - "Derelict of Space" - "Child of Power" - "The Last Lunarians" - "The Puff-ball Menace"

Practical Ethics - Peter Singer 2011-02-21

For thirty years, Peter Singer's Practical Ethics has been the classic introduction to applied ethics. For this third edition, the author has revised and updated all the chapters and added a new chapter addressing climate change, one of the most important ethical challenges of our generation. Some of the questions discussed in this book concern our daily lives. Is it ethical to buy luxuries when others do not have enough to eat? Should we buy meat from intensively reared animals? Am I doing something wrong if my carbon footprint is above the global average? Other questions confront us as concerned citizens: equality and

discrimination on the grounds of race or sex; abortion, the use of embryos for research and euthanasia; political violence and terrorism; and the preservation of our planet's environment. This book's lucid style and provocative arguments make it an ideal text for university courses and for anyone willing to think about how she or he ought to live.

I Am a Troll - Swati Chaturvedi 2016
Indian social media is awash with right-wing trolls who incite online communal tension and abuse anyone who questions them. But who are they? How are they organized? In this explosive investigation, conducted over two years, Swati Chaturvedi finally lifts the veil over this murky subject
