Sexual Enslavement of Girls and Women Worldwide - Andrea Parrot
2008-08-30

They are in different countries but share the same hell. Maria is one of 14 women lured from Mexico to Seattle, Washington, with the promise of a job, then held by force in a brothel and required to sexually service men 12 hours a day. Anna is a young mother from the Ukraine who left her husband and children there to take a job as a housecleaner in Italy, where she was put in a barred, guarded house and forced into prostitution. Nadia is an 11-year-old girl in Africa, kidnapped and forced to have sex with a militiaman daily, with a machete ever ready nearby should she refuse. All three women are part of horrific sex slavery that has drawn the attention of officials in countries around the globe. It is not rare; officials say it is increasing, at least partly due to the billions of dollars it brings in for organized crime. The U.S. State Department estimates 800,000 victims, mostly women and children, are trafficked for sex trade across nations each year and millions more are trafficked within countries - including the U.S., Britain, Spain, and the Netherlands. As a Seattle Times reporter explained when Maria's case hit the news there, the reality is that sex slaves for the most part are young women and teenaged girls who come from almost every one of the world's poorer countries and end up in almost every country where there is a combination of sexual demand and money. But they are also in undeveloped Africa, in prisons internationally, locked in forced marriages, or sold to men by parents. In this book, Parrot and Cummings outline the scope and growth of the sex slave market today and explain the history with various elements - including economic, political, cultural, and religious - that make this trade difficult to fully expose, quell,

combat, and shut down. We hear from girls and women around the world describing how sexual enslavement has tortured them physically, emotionally, and spiritually, whether they suffer at the hands of prison guards in Turkey, criminals in Washington, or buyers dealing with parents who sell their daughters for the sex slave trade in Greece, Belgium, or France. The authors also describe national and international efforts and legislation passed or in design to stop sex slavery. Successful countries and regions are spotlighted. Then Parrot and Cummings point out actions still needed to stop the sex slavery trade.

Sex, Power, and Slavery - Gwyn Campbell 2014-12-10

Sexual exploitation was and is a critical feature of enslavement. Across many different societies, slaves were considered to own neither their bodies nor their children, even if many struggled to resist. At the same time, paradoxes abound: for example, in some societies to bear the children of a master was a potential route to manumission for some women. Sex, Power, and Slavery is the first history of slavery and bondage to take sexuality seriously. Twenty-six authors from diverse scholarly backgrounds look at the vexed, traumatic intersections of the histories of slavery and of sexuality. They argue that such intersections mattered profoundly and, indeed, that slavery cannot be understood without adequate attention to sexuality. Sex, Power, and Slavery brings into conversation historians of the slave trade, art historians, and scholars of childhood and contemporary sex trafficking. The book merges work on the Atlantic world and the Indian Ocean world and enables rich comparisons and parallels between these diverse areas. Black Women/white Men - Eddie Donoghue 2006

This is a love story with a twist. Therefore it's considered a murder mystery. It contains every facet imaginable, from hilarity, to tear jerking, and finally heart wrenching. It involves everyone, from the main characters, to the parents, friends, relatives, even the innocent children. Then your interest and curiosities are tweaked so you'll want to find out the outcome of the many breathtaking situations. You'll find yourself laughing, holding your breath, shedding a tear or two, and finally being overwhelmed by it's shocking conclusion. The novel was test marketed as it was being written. Some of the suggestions given by the readers were incorporated. Many of the crucial situations that took place, were researched to give the novel credibility. The outcome of which, would actually result in real life. I enjoyed writing this novel knowing full well, because of the work and effort put into it, you'd enjoy it. I sincerely hope that you agree, making the fruit of my labors for the past three and a half years worthwhile.

The Prostitution of Sexuality - Kathleen Barry 1996-07

Barry (sociology, Pennsylvania State U.) considers sexual exploitation a political condition and thus the foundation of women's subordination and the base from which discrimination against women is constructed. She argues for the need to integrate the struggle against sexual exploitation in prostitution into broader feminist struggles and to place it, as one of several connected issues, in the forefront of the feminist agenda.

Comfort Women not "Sex Slaves" - Koichi Mera 2015-06-30

COMFORT WOMEN NOT SEX-SLAVES Presents an alternative view about Comfort Women to the prevailing one in the United States, but is well established among intellectuals in Japan. This is a story of misconception which took place with evil intention of a few persons, but spread widely in the world as a wild fire. One promoter was Asahi Newspaper, hither-to highly respected national newspaper of Japan, but which confessed its mistakes in the summer of 2014. This was a significant momentum in changing the view on Comfort Women of many in Japan. This book is dedicated to revising the knowledge on Comfort Women of English-speaking people in light of new developments.

Traffic in Asian Women - Laura Hyun Yi Kang 2020-08-14

In *Traffic in Asian Women* Laura Hyun Yi Kang demonstrates that the figure of "Asian women" functions as an analytic with which to understand the emergence, decline, and permutation of U.S. power/knowledge at the nexus of capitalism, state power, global governance, and knowledge production throughout the twentieth century. Kang analyzes the establishment, suppression, forgetting, and illegibility of the Japanese military "comfort system" (1932-1945) within that broader geohistorical arc. Although many have upheld the "comfort women" case as exemplary of both the past violation and the contemporary empowerment of Asian women, Kang argues that it has profoundly destabilized the imaginary unity and conceptual demarcation of the category. Kang traces how "Asian women" have been alternately distinguished and effaced as subjects of the traffic in women, sexual slavery, and violence against women. She also explores how specific modes of redress and justice were determined by several overlapping geopolitical and economic changes ranging from U.S.-guided movements of capital across Asia and the end of the Cold War to the emergence of new media technologies that facilitated the global circulation of "comfort women" stories.

The Japanese Comfort Women and Sexual Slavery During the China and Pacific Wars - Caroline Norma 2017-06-29

The Japanese military was responsible for the sexual enslavement of thousands of women and girls in Asia and the Pacific during the China and Pacific wars under the guise of providing 'comfort' for battle-weary troops. Campaigns for justice and reparations for 'comfort women' since the early 1990s have highlighted the magnitude of the human rights crimes committed against Korean, Chinese and other Asian women by Japanese soldiers after they invaded the Chinese mainland in 1937. These campaigns, however, say little about the origins of the system or its initial victims. The Japanese Comfort Women and Sexual Slavery during the China and Pacific Wars explores the origins of the Japanese military's system of sexual slavery and illustrates how Japanese women were its initial victims.

Slave Girl - Sarah Forsyth 2009-01-05

Born in Newcastle in 1976, from the age of three, the very people who meant to be looking after and protecting Sarah Forsyth were sexually abusing her. Somehow she managed to overcome the hurt and heartbreak of a horrific childhood, and build a new and happy life for herself as a nursery nurse. Then, one day, Sarah spotted a newspaper advert for a job in a creche in Amsterdam. Thrilled by the prospect of a fresh start away from Newcastle and all the memories it held, she eagerly signed up. But within minutes of arriving in Amsterdam her life began to fall apart. There was no creche and no job: Sarah was a victim of sex-trafficking. Fed cocaine and cannabis, and forced at gunpoint to work as a prostitute in the red light district of Amsterdam, Sarah was turned from a young innocent English girl into a desperate and terrified crack whore. Riddled with fear about what her pimps would do to her if they caught her trying to run away, it took Sarah almost a year to find the strength to fight back and escape. But, unlike many of the girls that she was forced to live and work beside, she did get away. Sarah Forsyth is a survivor. This is her heart-rending story.

Constructing Human Trafficking - Jennifer K. Lobasz 2018-07-31

Human trafficking has come to be seen as a growing threat, and

transnational advocacy networks opposed to human trafficking have succeeded in establishing trafficking as a pressing political problem. The meaning of human trafficking, however, remains an object of significant—and heated—contestation. This project draws upon feminist and poststructuralist international relations theories to offer a genealogy of U.S. neo-abolitionism. The analysis examines activist campaigns, legislative and policy debates, and legislation surrounding human trafficking and the Trafficking Victims Protection Act in order to argue that the dominant US framing of trafficking as prostitution and sex slavery is not as hegemonic as scholars and activists commonly argue. In fact, constructions of human trafficking have become more amenable to reconfiguration, paradoxically in large part because of Evangelical attempts to widen the frame. This is an empirically novel and theoretically rich account of an urgent transnational issue of concern to activists, voters and policymakers around the globe.

Sex Slaves and Discourse Masters - Doctor Jo Doezema 2013-07-18

Why is the international community so concerned with the fate of prostitutes abroad? And why does the story of trafficking sound so familiar? In this pioneering new book, Jo Doezema argues that the current concern with trafficking in women is a modern manifestation of the myth of white slavery. Combining historical analysis with contemporary investigation, this book sheds light on the current preoccupations with trafficking in women. It examines in detail sex worker reactions to the myth of trafficking, questions the current feminist preoccupation with the 'suffering female body' and argues that feminism needs to move towards the creation of new myths. The analysis in this book is controversial but crucial, an alternative to the current panic discourses around trafficking in women. An essential read for anyone who is concerned with the increased movement of women internationally and the attempts of international and national governments to regulate this flow.
