desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication, countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new

information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

smile that I've ever seen. One day, when I was spending my vacation with her, she asked me to do her a favor. What ensures is a tale of mystery, a tale that shouldn't have been told; a tale that I wasn't even aware of until she asked me to do her the favor that I'm about to tell you about. As you perhaps have guessed already, but I am getting rather old myself and I haven't much time left. She told me that she was getting old and it was about time to tell everyone about her past life -- her dark past. She had called me and asked me a favor because it's not always that you can talk to your loved ones about dark secrets that you have kept as treasures in your pocket for years and years, so that you can enjoy her company every time you remember them. I remember that I was 9 years old the first time I went to Florida. My mother, her younger sister, had taken me there. My mother and Elizabeth were very close once upon a time; Elizabeth had made sure of it. At the time, she was only a few years

younger than my mother, but I wanted to call her "aunt" just to feel her position in my family. This book explores the complex relationship between the aunt and me. Sometimes I can't even tell if she's a real person or not. Anyway, I loved every moment with her. It's because this book describes every story that I had with her. As soon as I asked her what the favor is I want to do, her eyes filled with happiness, like she is too excited. It's all because she knows this favor is unbelievable. And after a while, I noticed how excited she is. I think I'm the one with the most beautiful smile. I'm sure you're curious about what the favor is. Things that this book explores. But, this is a book that I'm writing, and you should read it knowing everything about it. In my eyes, she's not the messy and rough man that I've first thought she is. In fact she is a very concerned woman and mischievous woman and is deeply in love with me. The book will answer all your questions about aunt. Not only is she a beautiful woman, who

can make me laugh, she is also an amazing aunt. Elizabeth is my most loved aunt. This is the full text of the story. We hope you enjoy reading it. If you get the chance please say thanks to the author. We must be honest; you are looking at a very long story and you will need to be very patient with it. You might even be tempted to use your time machine to visit the characters at any point in time. If you are considering using it just put it down and read the story. So I guess you should buy and read this book. Ready to get started? ♦Buy it NOW and let your customers get addicted to this amazing book♦

Getting Off - Erica Garza

2018-01-09

"Erica Garza has written a riveting, can't-look-away memoir of a life lived hardcore...In an era when predatory male sexual behavior has finally become a topic of urgent national discourse...*Getting Off* makes for a wild, timely read" (Elle). A fixation on porn and orgasm, strings of failed relationships and serial hook-ups with strangers, inevitable blackouts to blunt the shame—these are not things we often hear

women share publicly, and not with the candor, eloquence, and introspection Erica Garza brings to *Getting Off*. What sets this courageous and riveting account apart from your typical misery memoir is the absence of any precipitating trauma beyond the garden variety of hurt we've all had to endure in simply becoming a person—reckoning with family, learning to be social, integrating what it means to be sexual. Whatever tenor of violence or abuse Erica's life took on through her behavior was of her own making, fueled by fear, guilt, self-loathing, self-pity, loneliness, and the hopelessness those feelings brought on as she runs from one side of the world to the other in an effort to break her habits—from East Los Angeles to Hawaii and Southeast Asia, through the brothels of Bangkok and the yoga studios of Bali to disappointing stabs at therapy and twelve-steps back home. In these remarkable pages, Garza draws an evocative, studied portrait of

the anxiety that fuels her obsessions, as well as the exhilaration and hope she begins to feel when she suspects she might be free of them. Getting Off offers a brave and necessary voice to our evolving conversations about addiction and the impact that internet culture has had on us all—"a profoundly genuine, gripping story that any reader can appreciate" (Vice). "In reading Garza's insight into her own experiences, we better understand ourselves" (The New York Times Book Review).

A Woman's Hotspots - Monique Krystal 2016-10-11

Have you ever wondered why gorgeous stunning women are walking hand-in-hand with average looking men? Have you marveled, or more likely gawped in astonishment, at how a man no better looking than you has plenty of women on the go, many of whom are tall blondes that you cannot even get a word with? These men are not celebrities or singers or athletes. No! Their background is no different to yours, although they have one

difference that makes them an animal when it comes to women. They know a woman's erogenous zones - in essence, the parts of her body that make her excited, aroused, even orgasmic! And what is more, they were not born with these qualities. They had to learn and practice these skills, and now you can too. But before we get into the erogenous zones of a woman, we must also state here that nearly all women do not even know themselves where all their hotspots are.

Just imagine - you are teasing and exciting her in places that she did not even know existed. And what is more, by the end of this learning experience, you may end up being one of those men who has not just one but may be even several gorgeous stunners on the go.

First of all, Viantia offers you some good advice, acquired from its own experience, on how to make any woman fall for you every time you eat her sex, her nipples, her clitoris.... In the first chapter "How to do enjoy a woman", you will learn all that you have always wanted and that you have not known or been able to learn.... Then you will be excited to the climax with "Blonde and brunette", where Viantia narrates her passionate adventure with another dark-skinned woman. In "Pamela and the magic vibrator", Viantia will tell you how she got Pamela, many km. away from her, he will enjoy her sex with her to the fullest. In "Vanessa, Luisa and Viantia.

A fantastic threesome", Viantia will describe her encounters with two of her neighbors, Vanessa and Luisa, lesbians like her, with whom you will even achieve more than one orgasm. In "Ivone and Viantia. A real dream "describes how one night with her partner (Ivone) he gets excited with her, and in the end he displays all her love arts, reaching the total enjoyment of her sex. And in "La mistress Regina, la slave Viantia", she will explain to you her experiences as a sexual slave of her mistress (Regina) and the moments of intense ecstasy that she enjoyed from her. Once again, Viantia recounts some real events in which she is the protagonist, and following her custom, she has modified the names of people and places, even though all the stories are true, and they happened as they are. as it is written. And for you to start imagining, the first story begins like this... Before telling you about my experiences, which are too exciting and with which you are going to enjoy and cum, I am going to explain

how you can make any woman become your sexual slave thanks to enjoyment. My advice is the result of my experience, and I am sure that you will know how to take advantage of it. And remember how Viantia describes herself... Hi, I'm Viantia, and I want to explain how I am. I am a woman with blonde hair, which I usually tie up in a braid. I won't tell you my age, but I'm over 20 and under 50. My body isn't bad at all, I'm not too thin, but I'm not fat either. I am a normal woman, although I do recognize that I am very attractive to all men and women. I'm a lesbian, although I have a bit of a heterosexual left. My taste is women, and I don't have a defined type. I like them all regardless of their physical appearance at all. ...And if you liked it when you finished (I'm sure you did), you can continue reading more stories by VIANZIA DURANGO in ebook or paperback format from the GET WET WITH ME 1, 2, 3 and 4 series.

The Graffiti Effect - Perri Forrest 2018-10-10

MARCO "THE GRAFFITI EFFECT" GRAFBeing an exotic dancer is a life I was made for. Sh*t gives me a high like nothing else I've ever experienced. Since the very first time I stepped onstage to perform, it's been magic. First things first, I do need to ask that you not confuse exotic dancing with stripping. I don't give full-frontal views. I give just enough--of an illusion. Being able to create fantasies for women is hot as f*ck. They love it! They get excited at a level that their men may never make them reach. Yeah, it's that hot. At the end of a performance, it's not uncommon for me to take one of the lucky ones back to my suite, for a night of adult fun. No strings attached. No emotions attached--at least not on my part. But, there was that one time . . . I knew there would be a bride-to-be in attendance. I knew that her name was Kassidi. In fact, I knew of her before she knew me. I also knew that I'd bring her onstage as a part of the surprise. What I didn't know, was that I would

be compelled to go an extra step with her, during my set. I could say that I gave her a little extra attention to make her feel special. But the truth was, she had an energy about her that I liked. That I was drawn to. KASSIDI "KASS" HENSON At thirty-five, I was the last of my friends to enter a committed relationship. Unacceptable. At least in my book, it was. By now, I was supposed to have gotten a man that wanted to make me his wife . . . his life. Right? Well, I thought so. But then it happened. I got my proposal, I got my ring. What I didn't get was as excited as I thought I'd be. Maybe it was the obstacles in the way. Maybe it was me in my own way. I didn't know, but I figured my upcoming bachelorette trip to Vegas would put my mind at ease. Relax me. Prepare me. But was that the right thing to do? I had never been to Vegas. [insert deep sigh here] I was a Vegas-virgin. Perhaps I should've left it that way. It was one show, one performance. Erotic. Mesmerizing. The Graffiti Effect. It certainly, had

an effect. It brought about the same curiosity that led moths flying, eyes wide open, into burning flames. We danced, we talked. Then we talked some more. Then temptation tapped me on the shoulder. It convinced me of one last indiscretion. It was unavoidable. He was unavoidable. After it was all said and done, I was prepared to let what happened in Vegas, stay in Vegas . . . However, fate had other plans for me.

Take my Hand and join me on this fun journey. *The Hypno-Orgasm Seduction - Epic Sex Stories 2012-12-21* Hypnosis can make a woman orgasm repeatedly, and Dr. Bill Cooper is the master of the art. But Bill has fallen for a woman with a tragic past, and needs all his skills to cure her. He uses hypno-orgasms to blow her mind and help her frigidity. But after forming the lifemate of his dreams, his jerk brother tries to seduce her with money. But Bill will have the ultimate revenge. EXCERPTS: "I can't masturbate. I'm like a quadriplegic with a chronic erection." "Hypno-orgasms are several times more intense. When a man is over-excited, he cums too soon, but when a woman is over-excited, she cums more often. So I can not only take you to the summit, I can take you there repeatedly. It's the safest sex you'll ever have." Completely stressed out,

Emily stared at him like a cow about to be tipped over. Then he smiled that awesome smile of his and she fucking melted like cheese on an omelet. Something vibrated in his pants and it wasn't his beeper. She hooked him like a fish; he could practically taste the metal in his lip. In an ironic twist, the hypnotherapist was the one in the deep trance, and in need of some therapy. Men cannot fall in love with women they do not find attractive, and women cannot fall in love with a man they do not respect. He covered her tongue with cum as she continue to bob on his pole, determined to take every pez from his dispenser. Her tongue must have a Taser attached because it sent jolts of electricity up his spine. Some of his juice spilled on her chin, so she scooped it up, sucking her fingers like a chicken wing. A man in a suit is like a woman in lingerie. "Men get laid by convincing women that they want more than sex." "What is the worst thing that has ever happened to you?" "As a kid I once fell face-first into a fresh

pile of steaming doodoo. And let me tell you, it tasted like crap!" She slapped his arm for pulling her leg, but couldn't help laughing. "On the one hand, I owed my mother's meatloaf an apology but, on the other hand, it remains the best shit I've ever had." "I want to nibble on your earlobes." Her hands flew to her ears and she laughed at how silly she must have looked, with her elbows pointing at him like guns over the dinner table. "I'm getting tits? Do you have any idea how much that changes a girl's life? Breast implants for a woman are like a man becoming six inches taller." That's what they now called it: the Orgasm Room, because it reeked of sex all day, every day. Guys who say all pussy is the same are idiots. Every pussy -- like every love -- is unique. Some may feel equally good, but that does not make them the same. A man can hate a woman and still love the sex, but that does not mean his feelings don't color the experience. Even before she heard his message on her voice mail, her legs started

trembling. With his trigger words, she collapsed on the campus lawn as another powerful orgasm shook her body like a baby rattle. Her body cruelly responded on cue as her pelvis bucked wildly, saturating her blue jeans. She had no idea how loud she screamed, but apparently the entire campus heard her. He made it his purpose in life to perfect the art of cunnilingus. Unfortunately, while men prefer feedback, women expect mind reading. But now her pussy was like a home security system: once he learned the code, he could make it scream anytime he wanted. Her scream vibrated his cock, still in her mouth, before pounding his ear drums and threatening the windows. It lasted forever, too. Bill could belch the alphabet quicker. It struck like a thunderstorm, charging the room with electricity. His home was not so much silent, as stunned, by her scream. Emily turned around and gasped at the size of the cock. Beauty may be in the eyes of the beholder, but

ugly is universal. God must have awarded this guy a huge cock as compensation for shortchanging him on everything else.

What Do Women Want? -

Daniel Bergner 2013-06-20

In this headline-making book, Daniel Bergner turns everything we thought we knew about women's desire on its head. Drawing on extensive research and interviews with renowned behavioural scientists, sexologists, psychologists and everyday women, Daniel Bergner asks: - Do women really crave intimacy and emotional connection? - Are women more disposed to sex with strangers or multiple partners than either science or society have ever let on? - And is 'the fairer sex' actually more sexually aggressive and anarchic than men?
