Handbook of Medieval Sexuality - Vern L. Bullough 2013-01-11

Like specialists in other fields in humanities and social sciences, medievalists have begun to investigate and write about sex and related topics such as courtship, concubinage, divorce, marriage, prostitution, and child rearing. The scholarship in this significant volume asserts that sexual conduct formed a crucial role in the lives, thoughts, hopes and fears both of individuals and of the institutions that they created in the middle ages. The absorbing subject of sexuality in the Middle Ages is examined in 19 original articles written specifically for this "Handbook" by the major authorities in their scholarly specialties. The study of medieval sexuality poses problems for the researcher: indices in standard sources rarely refer to sexual topics, and standard secondary sources often ignore the material or say little about it. Yet a vast amount of research is available, and the information is accessible to the student who knows where to look and what to look for. This volume is a valuable guide to the material and an indicator of what subjects are likely to yield fresh scholarly rewards.

Encyclopedia of Homosexuality - Wayne R. Dynes 2016

The Encyclopedia of Homosexuality brings together a collection of outstanding articles that were, at the time of this book's original publication, classic, pioneering, and recent. Together, the two volumes provide scholarship on male and female homosexuality and bisexuality, and, reaching beyond questions of physical sexuality, they examine the effects of homophilia and homophobia on literature, art, religion, science, law, philosophy, society, and history.

Counseling Lesbian Partners - Joretta L. Marshall 1997-01-01

This resource for counselors who work with lesbian couples gives a clear assessment of the issues faced in working through their relationship within the context of their sexuality and society's oppression of lesbians. The purpose of the Counseling and Pastoral Theology series is to address clinical issues that arise among particular populations currently neglected in the literature on pastoral care and counseling. This series is committed to enhancing both the theoretical base and the clinical expertise of pastoral caregivers by providing a pastoral theological paradigm that will inform both assessment and intervention with persons in these specific populations.

Coming Out in Christianity - Melissa M. Wilcox 2003-10-03

For many Christians, homosexuality is an issue that is often presented as a matter of "us (straight) Christians" versus "them," or worse, as an isolated behavior that is a questions of behavior somehow not an intrinsic part of the identities of gays and lesbians. Discussion of the issue has become so heated that it threatens to create a yawning chasm within several mainline denominations. This book examines this conflict from the perspective of a group of lesbian, gay, bisexual, and transgendered Christians. It explores the life histories of these individuals and their current beliefs, cultural backgrounds, and community influences to determine what helped each forge an identity as both gay and Christian.

Homosexuality in the Ancient World - Wayne R. Dynes 1992

This book is a collection of essays focusing on homosexual behavior in Mesopotamia, Egypt, Ancient Greece, and Ancient Rome.

Asian Homosexuality - Wayne R. Dynes 1992

First published in 1993. Routledge is an imprint of Taylor & Francis, an informa company.

Paul's Letter to the Romans - Arland J. Hultgren 2011-05-16

Building on his own translation from the Greek, Hultgren walks readers through Romans verse by verse, illuminating the text with helpful comments, probing into major puzzles, and highlighting the letter's most inspiring features. He also demonstrates the forward-looking, missional character of Paul's epistle -- written, as Hultgren suggests, to introduce Roman Christians to the major themes of Paul's theology and to inspire in them both confidence in the soundness of his teaching and support for his planned missionary efforts in Spain.

The Homophobic Mind - Wayne R. Dynes 2014-02

The Homophobic Mind addresses a host of myths and fabrications that have functioned over the centuries to rationalize prejudice and discrimination affecting GLBT people. The history of homophobia does not disclose a monolithic entity; instead, it is an amalgam of disparate elements. This book examines more than forty separate tropes or motifs. These tropes have varied origins, stemming from the realms of religion, philosophy, medicine, psychology, and folklore. In each case the essence of the myth is briefly stated, followed by an analysis of its origins and development, and concluding with a response. Given the progress of human knowledge, one might have expected that such archaic thought-patterns would all have withered away by now. However, the myths show a zombie-like capacity to persist - and even to revive once again after their apparent demise. Accordingly, this book provides not simply a historical account, but is a lesson for our times.

The Queer Bible Commentary, Second Edition - Mona West 2022-09-30

First published over ten years ago, The Queer Bible Commentary brings together the work of several scholars and pastors known for their interest in the areas of gender, sexuality and Biblical studies. Contributors draw on feminist, queer, deconstructionist, utopian theories, the social sciences and historical-critical discourses. The focus is both how reading from lesbian, gay, bisexual and/or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ+ communities. This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture.

Encyclopedia of Homosexuality - Wayne R. Dynes 2016-03-22

First published in 1990, The Encyclopedia of Homosexuality brings together a collection of outstanding articles that were, at the time of this book's original publication, classic, pioneering, and recent. Together, the two volumes provide scholarship on male and female homosexuality and bisexuality, and, reaching beyond questions of physical sexuality, they examine the effects of homophilia and homophobia on literature, art, religion, science, law, philosophy, society, and history. Many of the writings were considered to be controversial, and often contradictory, at that time, and refer to issues and difficulties that still exist today. This volume contains entries from A-L.

The Christ of the Miracle Stories - Wendy Cotter 2010-11

This special anniversary collection, published on the occasion of AAM's centennial, features cartoons from The New Yorker from 1930 to 2005. The selections enclosed depict the silent humors of the museum experience, the funny ways in which we use museums as a space to interact and react.

Queer Readings of the Centurion at Capernaum - Christopher B. Zeichmann 2022-10-28

The first-ever monograph on the history of queer biblical interpretation of a controversial biblical passage Since the 1950s, homoerotic readings of the pericope in which Jesus heals a Roman centurion's slave have been built upon three of the account's features: the specific Greek word pais, which can refer to youth, slave, or the junior partner in a sexual relationship between two men; Luke's characterization of the young man as "dear" (entimos) to the centurion; and commonplace homoeroticism in the Roman army. Rather than affirming or denying the historical reality of a sexual relationship between the centurion and the young man, Christopher B. Zeichmann instead traces the shifting patterns of queer readings of the text and the influences of the sexual, political, and theological discourses of late twentieth- and early twenty-first-century Europe, the United States, and Australia. Readers will see how distinct political contexts have led interpreters to find very different meanings about the sexual subtexts of this story.
