Professor Kelli's Guide to Finding a

Husband - M. S. W. Kelli Miller 2010-05-22

I know what you're thinking. You hate me. You got a glimpse of my ring and you're pissed. I know your kind because I was once your kind. Every time I saw a happy couple I could feel last night's dinner coming up. When I saw wedding magazines I wanted to take a blowtorch to each one of them. Engagement rings? The only way you could talk to me about Okarats was if you were going to feed one to your pet rabbit. Yes, I was sick. Sick of set-ups, match-ups, and break-ups. I've been on blind dates and I've been on

dates where I wish I were blind. But I finally did find Mr. Right. And I'm going to show you how. Through humor, empowerment, and basic common sense clinical social worker "Professor Kelli" instills confidence in women, makes them laugh at their situation (or the men they've dated), and teaches them the process of letting go and staying present. Sure, it's about finding a husband but it's more about finding you first.

Are you honest with yourself about how you feel and what you really need from a partner? • Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Make Him Yours - Mark Rosenfeld 2019-12-12

How much more time will you waste with the wrong men? If you already have the perfect man in your life or are consistently meeting great men dating, this is NOT the book for you. But if you're like the majority of other good women out there who have had a run of men who don't respect you, don't care for you or don't put effort into you, then this book is absolutely for you. Deep down you know true, fulfilling love is out there for you. But after enough low-value relationships or dates, who's to blame you for starting to doubt it will ever happen for you. The result is you spend nights stuck in your head wondering if there is something wrong with you. You linger about why men can't or won't see your value. You look around and see all your friends in relationships while you are perpetually single, even when you have so much going for

you. Mark Rosenfeld has coached thousands of women across the world. His life-changing videos have received over 50,000,000 views and he has become Australia's leading dating and relationship coach for one reason - he gets results. In this paradigm-shifting dating guide, love and dating expert, Crista Beck shows us how to stop Hollywood and Disney from ruining our love lives so we can find love in real life. For decades, we've been told that love just magically happens when we least expect it. "How's love going to happen for you if you're just sitting on the couch watching Netflix?", Crista Beck says. "Let's be honest, love is not happening for you because you believe the societal fantasies about dating and relationships." Beck doesn't sugar coat the reasons why we are still single. She tells it like it is - a strong dose of raw and honest truth that is sorely lacking today. *Break The Glass Slipper* is her antidote to the myths about the process of dating that have infected modern society and the minds of single women, sabotaging our ability to attract a healthy and happy long-term relationship. Beck makes the argument, backed by her 10+ years working with single women seeking men, that improving our love lives hinges on our ability to let go of these outdated mindsets that are preventing us from receiving our future partner into our life. Once we distinguish the fairy tales we have been telling

ourselves about love, we can then choose a new path (based on reality), and find a real connection with a quality man that can evolve into a long-term relationship. This much-needed dating advice, *Break The Glass Slipper* is a refreshing and powerful nudge for a generation to break our own glass slippers and lead healthy and powerful love lives.

Finding Happily; No Rules, No Frogs, And No Pretending - Collette Gee 2021-08-22

After Collette Gee found herself in another failed relationship she began researching every dating and relationship book on the market. She researched lessons on how to make it past the first date, what to say and not to say, how to dress and when and how to ration out the first kiss. Book after book were filled with detailed instruction on how to be and how not to be. The more she read and compared notes, the stronger these questions became: When is it okay to stop pretending? Do we ever get to just be ourselves? In this cutting-edge book, *Dating and Relationship Specialist*, Collette Gee reveals the true meaning behind living "happily ever after". "Most dating and relationship books advise women to follow every tip and trick out there in order to 'capture the heart' of Mr. Right," says Collette. "But, the truth is, when it comes to dating and relationships 'happily ever after' is not an ending; it's a journey." If you are ready to rethink dating and relationships and find love under your own terms, then this book is for you. If you are ready to stop doing "the rules," kissing frogs and pretending to be someone you are not, then this book is for you. This is the last dating and relationship book you will ever need! This is not another one of those dating and relationship how-to-guide that over promises, but under deliver. Instead, what this book offers that no other book does is a deeper introspection as to what real relationships look

like. "While life can be challenging; dating and relationships don't have to be." Therefore, what you will not find in this book are cookie-cutter instructions on how to "catch and keep a man." Instead through the series of stories outlined in this book you will learn how to develop your own unique successful approach to dating and relationships.

The Book of Questions - Gregory Stock

2013-09-10

The phenomenon returns! Originally published in 1987, *The Book of Questions*, a New York Times bestseller, has been completely revised and updated to incorporate the myriad cultural shifts and hot-button issues of the past twenty-five years, making it current and even more appealing. This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite your child's college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—If you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? *The Book of Questions* may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.

Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature

straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • **Getting Over What?** Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • **Almost Over It** Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • **Over It** Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, *Get Over Yourself!* will help you get the love you've always wanted and deserve.
