

How To Ask Your Crush Out On Valentines Day

Break The Glass Slipper - Crista Beck
2019-11-19

In this paradigm-shifting dating guide, love and dating expert, Crista Beck shows us how to stop Hollywood and Disney from ruining our love lives so we can find love in real life. For decades, we've been told that love just magically happens when we least expect it. "How's love going to happen for you if you're just sitting on the couch watching Netflix?", Crista Beck says. "Let's be honest, love is not happening for you because you believe the societal fantasies about dating and relationships." Beck doesn't sugar coat the reasons why we are still single. She tells it like it is - a strong dose of raw and honest truth that is sorely lacking today. *Break The Glass Slipper* is her antidote to the myths about the process of dating that have infected modern society and the minds of single women, sabotaging our ability to attract a healthy and happy long-term relationship. Beck makes the argument, backed by her 10+ years working with single women seeking men, that improving our love lives hinges on our ability to let go of these outdated mindsets that are preventing us from receiving our future partner into our life. Once we distinguish the fairy tales we have been telling ourselves about love, we can then choose a new path (based on reality), and find a real connection with a quality man that can evolve into a long-term relationship. This much-needed dating advice, *Break The Glass Slipper* is a refreshing and powerful nudge for a generation to break our own glass slippers and lead healthy and powerful love lives.
