*How to Pick Up Women* - Matthew Manson 2019-08-21

Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself.... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. If you join me on this journey you will discover: - How to pick up women in an ethical way which leaves you BOTH happy and satisfied. - The things you NEED to improve about yourself in order to attract women instantly for the rest of your life. - A specially designed book structure containing clear lists, step by step guidelines and scenarios which you can easily remember and apply in your own life. - The biggest barriers you need to overcome in order to stop feeling anxious when approaching any woman. - How to make killer first impressions that will make women obsessed with you. - How to master the art of texting and never feel nervous or embarrassed after sending her a text. - How to keep a conversation going in a natural and enjoyable way. - How to create a flirty vibe and sexual tension which will lead to some real action. - How to have a proper one-night stand which will make you stand out and make her come back for more. I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside your comfort zone...a lot. However, if you dedicate yourself to this, no matter how old you are, you will learn how to get women to become obsessed with you. I was the shyest kid in my school and now I can confidently approach any woman I want. If I could learn it, anyone can. If you want to break the cycle of getting rejected by beautiful women once and for all, then scroll up and Order Now!

If so then keep reading. ☐☐ This easy-to-use, step-by-step guide shows you how to text a girl, what to text, and when to text it to her. You might be messing up with your chances to get a lovely lady to date, when you make calls that you do not know where to go next after the initial greeting and "how are you doing" part of the call. You should not burry yourself in bad experiences that you have gone through so far, because here is an eBook that will give you a different direction of introducing yourself to lovely women and striking a conversation that will lead to a productive date. The solution that this book provides is in the techniques of texting, because you do not have to reach to a lady through a call only. Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. **How to Pull** - Tom Kimble 2008-09-04

Most single girls will tell you that meeting and dating men is a minefield. Yet so many relationship books tell girls the things they don't want to hear (why all men are scoundrels) as opposed to what they really want to know - how to navigate that minefield to meet, date and ultimately bag, the man of their dreams. How to Pull fills that gap in the relationship book market. It's packed with all the essentials from how to hook him with that first look, to dating scenarios, moving in for the kill, playing the texting or email game and what to wear on a first date. What's more, it's written by a man and by allowing girls to understand how an insider thinks, it answers all the questions they agonise over: how long should you wait to return his text, does it pay to seem busy or desired by other men and what does he want his friends to think when they meet you. How to Pull is a fun, indispensable guide to finding (and keeping) a man that all single girls will be desperate to get their hands on.

### **Secret to Attracting Woman: How to Meet Your Perfect Girl and Make Her Beg to Be Your Girlfriend** - Pamela Paul 2012-11

Meeting new girls isn't easy and having the courage to talk to them isn't exactly as simple as it is in the movies. Even then, the shuttering thought of being rejecting is one that most men would try to avoid at all cost. Rejection bounces from left and right and the good ones are usually hard to find. Most men worry about being stuck in the friend zone and other men worry about being straight up rejected without being given a chance to show who they are. In addition, the thought of constantly looking for someone new isn't as pleasing as it sounds, especially when you're too shy to approach them. Though the thought might sound frightening, you have nothing to lose. If you want to know how to attract the woman that you've been interested in then you have to take the first step into talking to her. For the methods that comes afterwards, feel free to look inside this book.

*How to Attract Women* - Zac Miller 2020-03-08

Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. **Elite Dating Secrets** - Jon Anthony 2019-02-24

Dear Friend, This book will teach you the hidden secrets, that the top 1% of men use to effortlessly attract women. Learn how you can meet, attract, and date the type of woman you've always wanted to have. Learn how to get your girlfriend back. Turn your "friend" into your "girlfriend," and get out of the friend zone for good. How to make women chase you, rather than the other way around. "Elite Dating Secrets" covers everything you need to know about understanding women. It explains how they think, what they want, and how to attract them. This book will teach you powerful attraction secrets, techniques, and strategies, that only the top 1% of men know... secrets that once fully understood, will completely transform your life as a whole. Why should you buy this book? Because, it's one of the most inexpensive dating books on the market, even though it's filled with more secrets than all of the other ones combined. It offers more strategies, techniques, and secrets than any other book on dating advice you will find. In fact, unlike most other books that just teach you surface level gimmicks, "Elite Dating Secrets" will go deeper, and create a permanent, long-lasting, underlying change in who you are as a man. And the best part? You don't have to change who you are, or become some sort of "try hard" douchebag. In fact, unleashing your "Inner Alpha Male," and becoming one of the "Dating Elite" is about leveraging your natural personality, and unlocking the truly personality that you have hidden deep within you, without even realizing it. What makes me qualified to help you? Well, when I was younger, I had very little success with women. I tried, and tried, and tried, but for whatever reason, I could never attract a woman. Even when I did manage to get a date or two, they would always end up flaking on me, or would flat out ignore my calls and texts after our first date. I remember feeling frustrated and confused, and eventually, stumbled upon the secrets hidden within this book... and they changed my life forever. Over the past 5 years, I've coached countless men, and helped them achieve their true potential in the dating world. Many of my clients are shocked at how rapidly their lives transform, once they use the secrets hidden within this book. One of my clients went from being a virgin, to having his "Perfect 10" girlfriend, in just a few weeks. While stories like this may seem unbelievable, the fact of the matter is that when you understand these secrets, anything is possible. Even if you are not tall, rich, or

handsome, you can still use the secrets within this book. In fact, that's why I wrote it! I wanted to give average men such as ourselves a chance at competing in the top 1%. I want you to experience the thrill of dating playboy bunnies, models, actresses, and just plain gorgeous women. I could have packaged the contents of this book into a video course, and charged hundreds of dollars for it, but I'm choosing to give it away for just a few bucks... think about it. How much do you spend on coffee each week? Or eating out? Do you think being able to date the girl of your dreams, and live happily ever after, is worth a few bucks? I certainly do. In a weird way, I feel like I know you... and in a sense, I do. Maybe I don't know your name, but I know what you're going through, and I know where you came from. I was in your shoes just a short few years ago, and I remember feeling desperate to finally get this "girlfriend" thing handled once and for all. If you feel like you've exhausted all your options, and just can't seem to figure out why women don't want you,

then trust me... you need this book more than anyone. I hope you choose to embark on this adventure, my friend. I know it can be scary, and it's hard to know who to trust... but mark my words, when you download this book, and start applying its advice to your life, everything will change forever. To Your Success, -Jon Anthony
