Beyond Barbie and Mortal Kombat Yasmin B. Kafai 2011-02-25 Girls and women as game players and game designers in the new digital landscape of massively multiplayer online games, “second lives,” “modding,” serious games, and casual games. Ten years after the groundbreaking *From Barbie to Mortal Kombat* highlighted the ways gender stereotyping and related social and economic issues permeate digital game play, the number of women and girl gamers has risen considerably. Despite this, gender disparities remain in gaming. Women may be warriors in *World of Warcraft*, but they are also scantily clad “booth babes” whose sex appeal is used to promote games at trade shows. Player-generated content has revolutionized gaming, but few games marketed to girls allow “modding” (game modifications made by players). Gender equity, the contributors to *Beyond Barbie and Mortal Kombat* argue, requires more than increasing the overall numbers of female players. *Beyond Barbie and Mortal Kombat* brings together new media theorists, game designers, educators, psychologists, and industry professionals, including some of the contributors to the earlier volume, to look at how gender intersects with the broader contexts of digital games today: gaming, game industry and design, and serious games. The contributors discuss the rise of massively multiplayer online games (MMOs) and the experience of girl and women players in gaming communities; the still male-dominated gaming industry and the need for different perspectives in game design; and gender concerns related to emerging serious games (games meant not only to entertain but also to educate, persuade, or change behavior). In today’s game-packed digital landscape, there is an even greater need for games that offer motivating, challenging, and enriching contexts for play to a more diverse population of players. Contributors Cornelia Brunner, Shannon Campe, Justine Cassell, Mia Consalvo, Jill Denner, Mary Flanagan, Janine Fron, Tracy Fullerton, Elisabeth Hayes, Carrie Heeter, Kristin Hughes, Mimi Ito, Henry Jenkins III, Yasmin B. But when a festival (and a little liquid courage) present an opportunity to put an end to their olympian will-they-won't-they, a meddling pantheon and several titanic misassumptions threaten to give every god in the sky the wrong impression... and leave their romance dead before it can bloom.

*The Making of Markova* Tina Sutton 2021-11-15 In pre-World War I England, a frail Jewish girl is diagnosed with flat feet, knock knees, and weak legs. In short order, Lilian Alicia Marks would become a dance prodigy, the cherished baby ballerina of Sergei Diaghilev, and the youngest ever soloist at his famed Ballets Russes. It was there that George Balanchine choreographed his first ballet for her, Henri Matisse designed her costumes, and Igor Stravinsky taught her music—all when the re-christened Alicia Markova was just 14. Given unprecedented access to Dame Markova's intimate journals and correspondence, Tina Sutton paints a full picture of the dancer's astonishing life and times in 1920s Paris and Monte Carlo, 1930s London, and wartime in New York and Hollywood. Ballet lovers and readers everywhere will be fascinated by the story of one of the twentieth century's great artists.

**Plum** Hollie McNish 2017-06-15 A wise, rude, sharp poetry collection encompassing a life from childhood to attempted adulthood, from one of the most important poets of the new generation. 'She writes with honesty, conviction, humour and love. She points out the absurdities we've grown too used to and lets us see the world with fresh eyes.' - Kae Tempest Hollie McNish, winner of the Ted Hughes Award for Poetry, has thrilled and entranced audiences the length and breadth of the UK with her compelling and powerful performances. Plum, her debut for Picador Poetry, is a wise,

sometimes rude and piercingly candid account of her memories from childhood to attempted adulthood. This is a book about growing up, about flesh, fruit, friendships, work and play - and the urgent need to find a voice for the poems that will somehow do the whole glorious riot of it justice. Throughout Plum, McNish allows her recent poems to be interrupted by earlier writing from her younger selves - voices that speak out from the past with disarming and often very funny results. Plum is a celebration, a salute to a life in which we are always growing, stumbling, falling, changing and discovering new selves to add to our own messy store. It will leave the reader in no doubt as to why McNish is considered one of the most important poets of the new generation.

Queerness in Play Todd Harper 2018-10-19 Queerness in Play examines the many ways queerness of all kinds—from queer as ‘LGBT’ to other, less well-covered aspects of the queer spectrum—intersects with games and the social contexts of play. The current unprecedented visibility of queer creators and content comes at a high tide of resistance to the inclusion of those outside a long-imagined cisgender, heterosexual, white male norm. By critically engaging the ways games—as a culture, an industry, and a medium—help reproduce limiting binary formations of gender and sexuality, Queerness in Play contributes to the growing body of scholarship promoting more inclusive understandings of identity, sexuality, and games.

The Slavery of Death Richard Beck 2013-12-23 According to Hebrews, the Son of God appeared to "break the power of him who holds the power of death--that is, the devil--and free those who all their lives were held in slavery by their fear of death." What does it mean to be enslaved, all our lives, to the fear of death? And why is this fear described as "the power of the devil"? And most importantly, how are we--as individuals and as faith communities--to be set free from this slavery to death? In another creative interdisciplinary fusion, Richard Beck blends Eastern Orthodox perspectives, biblical text, existential psychology, and contemporary theology to describe our slavery to the fear of death, a slavery rooted in the basic anxieties of self-preservation and the neurotic anxieties at the root of our self-esteem. Driven by anxiety--enslaved to the fear of death--we are revealed to be morally and spiritually vulnerable as "the sting of death is sin." Beck argues that in the face of this predicament, resurrection is experienced as liberation from the slavery of death in the martyrological, eccentric, cruciform, and communal capacity to overcome fear in living fully and sacrificially for others.
