How to Pick Up Women - Matthew Manson 2019-08-21

Discover the art of instant attraction and become the type of man girls beg for! One rejection after another...Trust me, I know the feeling. Most of my teenage years I've been the weird guy who always chocked and felt anxious when he tried to approach a girl. Even worse, most of the advice I got was from some jocks who told me to basically treat women like dirt. This only led to the girl feeling grossed out by me and well... me feeling grossed out by myself.... Luckily, I'm not the type who admits defeat. So, I started doing some proper research and took advice from men who oozed charisma and attracted women instantly and ethically wherever they went. I'll admit...it took a couple of years for me to master everything. But that's because I had to go through trial and error and trim out all the nonsense. Luckily for you, this book allows you to skip that. No BS, just the essentials without overcomplicating anything. If you join me on this journey you will discover: - How to pick up women in an ethical way which leaves you BOTH happy and satisfied. - The things you NEED to improve about yourself in order to attract women instantly for the rest of your life. - A specially designed book structure containing clear lists, step by step guidelines and scenarios which you can easily remember and apply in your own life. - The biggest barriers you need to overcome in order to stop feeling anxious when approaching any woman. - How to make killer first impressions that will make women obsessed with you. - How to master the art of texting and never feel nervous or embarrassed after sending her a text. - How to keep a conversation going in a natural and enjoyable way. - How to create a flirty vibe and sexual tension which will lead to some real action. - How to have a proper one-night stand which will make you stand out and make her come back for more. I'm going to warn you from the beginning. It's not going to be easy and the magic won't happen overnight. It'll require you to step outside

your comfort zone...a lot. However, if you dedicate yourself to this, no matter how old you are, you will learn how to get women to become obsessed with you. Dating Guide for Men - Anthony Ekanem 2016-12-31

What do women want? This is a question that has baffled men since the beginning of time and men are no closer to understanding women than we were when we huddled around an open fire every night and lived in caves. Why are women so hard to decipher? Simply because we try to understand them from a man's point of view without understanding the basic premise that women think differently from men. In fact, women have completely different wiring from that of men and men will never be able to understand them on a logical level, which is how men approach almost everything. Think about it. What do we do when we get together for some fun? We definitely aren't sharing feelings. No, we drink, talk about sports and other apparently innocuous subjects which in fact are a hidden form of competition. You know, the mine's bigger than yours syndrome. However, for guys this is absolutely natural. On the other hand, when women get together they share their feelings; they watch chick flicks and talk about the latest diet or article in town. You see, women are mainly driven by emotion. Just as we need logic and structure in our lives, they need emotion. Men thrive on competition, adrenaline, power, domination, while women couldn't really care less about them. The idea is that if you really want to be able to date any girl, no matter how attractive she is, you need to know what drives her, what her underlying motives are. Now, don't take this the wrong way because many women have no conscious idea of what drives them or what their

motives are; it's just the way nature has wired them. However, just as you need to know what drives her, you need to stop worrying about it making sense. It is never going to make sense to us because we see things differently. But, if you know what her buttons are then you will be able to play sweet music that she won't be able to resist. Remember knowledge is power and you like power, don't you? Well, learn what drives women and then you will have it in spades.

Game - Roosh Valizadeh 2018-08-21

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... -How to walk out your front door and casually meet women during the day in a way that won't make you anxious -How to meet girls at night in bars, clubs, or on the street -Dozens of word-for-word examples of how to approach women and converse with them -The best way to know that a girl likes you and will show up on a first date -The number one sign that a girl is ready to be kissed so that you never have to worry about being physically "rejected" -How to move things to the bedroom on the same day or night you meet a girl If you're not a fan of casual hook-ups, the book has you covered with a traditional dating program. You'll learn... -How to contact a girl using a text messaging script that gets right to the point of scheduling a date -6 fun date questions to ask that help reveal if she's worth a long-term relationship -6 conversational guidelines that prevent you from running out of things to say -How to "qualify" and tease a girl so that she always sees you as a high-value man -The smoothest way to move things to a private home when she's ready for intimacy -A safe progression to having consensual sex that won't get you in trouble with the law Once you start dating a girl you like, you'll enjoy the chapter on relationships. You'll learn... - How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... - The best way to enter social circles where women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.
