The Ex-Boyfriend Yard Sale - Haley McGee

THE CHART-TOPPING MEMOIR

_____ 'This memoir
is one of the smartest, funniest books I've read

about love in a long, long time' - RED
'illuminating' METRO Haley McGee is in debt. The solution? A yard sale of the gifts from her ex-boyfriends. When it came to pricing, she got stuck. Surely the ways we invest in our romantic relationships should be reflected in the price. But how? Is the mixtape from your first love worth more than the vintage typewriter from a philanderer? Does sitting on a box cutter wedged between seats on bus when going to see the boyfriend you lost your virginity to increase or decrease the value of the necklace he gave you? Do the lies you told the guy who gave you a jewellery box dock its price? Should you be compensated for the miserable times or do they render an item worthless? Haley decides to gamble on a larger pay out. She interviews her exes and enlists the help of a mathematician to create a formula - with 87 variables - for the cost of love. As she wrestles her financial literacy and tackles romantic and professional woes, the one that got away reappears with a new proposition.

She'll need to pull the team together to get them on her side in order for it to work, which is harder than it sounds. The boys will do anything to

protect her, which, for some, means keeping her out. But that's not all that's going on in Sang's complicated life. After a shocking revelation, Gabriel Coleman splinters himself off from everyone, avoiding not just his Academy team, but even going so far as to avoid Sang.

Desperate to bring him back and get him on her side, Sang digs deep into his past to try to discover a way to reach out to him. His truth is riddled with tragic events, but with the help of Kota, Victor, Silas, Nathan, Luke and North, she might be able to reach out to him before envy and despair drag him too far down to be saved.
