You Know Her - Meagan Jennett 2023-04-04

"This book will be the talk of the genre. If you read one thriller this year, read this one."
—Chelsea Cain, New York Times bestselling author of *Heartsick* *Killing Eve* meets *Sharp Objects* in this lush, savage Southern gothic thriller about two women: a fledgling murderer and the cophell-bent on catching her. Two hours before he vanished, Mark Dixon stole a glass of wine. That's what bartender Sophie Braam tells the cops when they question her about the customer whose mutilated body has just been found. What she doesn't tell them is that she's the one who killed him. Officer Nora Martin is new to the Bellair Police Department and is trying very hard to learn the ropes from Detective Murphy while ignoring all her male colleagues griping about a diversity hire. When she meets Sophie, they build an uneasy camaraderie over shared frustrations. As winter slides into spring and bodies start piling up, Nora begins to suspect that something's not quite right with the unnerving, enigmatic bartender. But will she be able to convince Murph, or will he keep laughing off the idea that the serial killer haunting their little town is a woman? A crackling cat-and-mouse thriller set against the verdant backdrop of small-town Virginia, Meagan Jennett's *You Know Her* probes the boundaries of female friendship and the deadly consequences of frustration fermenting into rage.

To Know Her Own History - Kelly Ritter 2012

To Know Her Own History chronicles the evolution of writing programs at a landmark Southern women's college during the postwar period. Kelly Ritter finds that despite its conservative Southern culture and vocational roots, the Woman's College of the University of North Carolina was a unique setting where advanced writing programs and creativity flourished long before these trends emerged nationally. Ritter profiles the history of the Woman's College, first as a normal school, where women trained as teachers with an emphasis on composition and analytical writing, then as a liberal arts college. She compares the

burgeoning writing program here to those of the Seven Sisters (Wellesley, Smith, Radcliffe, Barnard, Vassar, Bryn Mawr, and Mount Holyoke) and to elite all-male universities, to show the singular progressivism of the Woman's College. Ritter presents lively student writing samples from the early postwar period to reveal a blurring of the boundaries between "creative" and "expository" styles. By midcentury, a quantum shift toward creative writing changed administrators' valuation of composition courses and staff at the Woman's College. An intensive process of curricular revisions, modeled after Harvard's "Redbook" plan, was proposed and rejected in 1951, as the college stood by its unique curricula and singular values. Ritter follows the plight of individual instructors of creative writing and composition, showing how their compensation and standing were made disproportionate by the shifting position of expository writing in relation to creative writing. Despite this unsettled period, the Woman's College continued to gain in stature, and by 1964 it became a prize acquisition of the University of North Carolina system. Ritter's study demonstrates the value of local histories to uncover undocumented advancements in writing education, offering insights into the political, cultural, and social conditions that influenced learning and methodologies at "marginalized" schools such as the Woman's College.

Winning my Best Friend's Girl - Piper Rayne
2020-07-21

NOW A USA TODAY BESTSELLER

Imagine lying in a hospital bed and the doctor who pulls the curtain back to treat you is the one who got away. Even if you never really had her in the first place. She's not only your high school crush, she's the ex-girlfriend of your ex-best friend. The one girl you've always wanted. Here's a step-by-step list to finally win her over... Key to win #1: Try not to take offense that she snuck back into town without telling you—six months ago. Key to win #2: Rekindle the friendship to ease the awkwardness. But... DO NOT enter the friend zone. Key to win #3: Ignore the fact that she went speed dating the night before. Take it as good a sign—maybe she's looking for a relationship. Key to win #4: Attempt to keep the two of you out of the town gossip blog and away from your large family. Make sure you don't let this last one throw you off your mission. Key to win #5: Don't get deterred when you find out the past is about to repeat itself. Because the man she met at the speed dating night is your best buddy from work. Just remember, you sat back and let her slip away once, you won't do it a second time. Failure is not an option. Author Note: This book does NOT contain cheating.
