Aquarius Horoscope 2020 - Lisa Lazuli 2019-12-07

AQUARIUS LOVE, CAREER, HEALTH, ROMANCE and SEX HOROSCOPE 2020 What does astrology have to say about Aquarius in 2020? Detailed overview with monthly readings broken into life, money, romance, health, love and marriage, career and key days. You are happy to put things on the backburner as you are less driven and focused on yourself. You appreciate the softer side of life and avoid confrontation, however deeper down you grapple with self-doubt and your emotions are turbulent and it often projects into family life shattering the very peace you seek. Career wise it may be time a time or wrapping up and wondering what is next, and yet it is not a time to jump on a whole new bandwagon; it is a good time to step out of the rat race and consider your next move carefully and whether it is a true reflection of where you want to be

and who you want to be. New friends are often key to new patterns of thinking and may play a pivotal role in the unfoldment of a new direction in life that you are embarking on. There is a lot of love in the air and yet the freeway of love has a few traffic jams as you are quite conflicted and often need to withdraw and sort through self-doubt and even paranoia. You need periods of seclusion in conjunction with periods of social activity as there will be many dilemmas only you can figure out, and you need a quite headspace to do that and to tackle the emotions that suddenly take you by surprise. Sudden events in home and family life reflect deeper inconsistencies or frustration which have repressed emotionally, and now you have a golden opportunity to mull over and resolve these and move into a new chapter with a clean slate and pure understanding of what you need from work and relationships. You are very intuitive and perceptive in 2020 and yet often this confuses you until you can get to grips with deeply buried issues, fears and anxieties.

The F*ckhead Guide to Astrology - Fckhead 2005-05

The F*ckhead Guide to Astrology is the ultimate antidote for all you boring yuppies, neo-hipsters and punk wannabes who think there might be some validity to spirituality/western philosophy/astrology but are just too fed up with the WE-ARE-ONE, GOD-IS-LOVE, WE-ARE-ALL-GOD-N-WE-ARE-ALL-LOVE post-hippie claptrap still controlling the market, and all who wanna barf at the mention of L. Ron Hubbard (we feel you). In under 200 pages, underground author/Tourette's Syndrome survivor F*CKHEAD lovingly yet ruthlessly dissects the pop psychology dumping ground that is Astrology: signs are described, signs are decried, signs are dismantled, F*ckhead tells you how to pick up chicks (assuming, of course, you somehow know their signs to begin with, in which case you probably wouldn't need his help) and Tom Hanks is made fun of. HILARITY ENSUES. The F*ckhead Guide to Astrology is absolutely guaranteed to heal marriages, tame children, cure lepers, end hunger, establish world peace etc. (though we are still waiting on endorsement from Dr. Phil). Literarily, kinda bullshit but a helluva lot better than blowing your money on "How to Spot A Bastard By His Star Sign". So buy it now, suckers, 'cause if you keep standing in the New Age section the clerks are gonna stare at you.
