[The Sexual Self](#) - Avodah K. Offit 1983

A guide to exploring the theory that character shapes sexuality and sexual difficulties. Terms such as sexual hypochondria, supersex and sexual learning disability are introduced in this text in order to highlight the relationship with personality forces.

Handbook of Sex Therapy - Joseph LoPiccolo 2012-12-06

When is it timely to publish a synthesis of previously published and original materials from a specific discipline? I believe it to be timely when one has a sufficient amount of high-quality material covering the critical areas of that topic, when the previously published material is scattered over a wide range of

journals and books, and when there is no single book that synthesizes the discipline. The treatment of sexual dysfunction emerged to the front lines of health delivery only during the past decade with the pioneering work of William Masters and Virginia Johnson. In spite of the rash of sex clinics and sex therapists that followed, precious little solid research has been conducted on the various strategies of therapy, the means of assessing complex interpersonal sexual relationships, and the manner by which clinical change is objectively assessed. No one reader can keep pace with the multitude of journals that publish key material by sophisticated investigators. And no one investigator can cover these salient areas alone with his or her original work in a single volume. The critical papers have now been written. Ten were written specifically for this volume and thirty-three have previously appeared. This volume laces them together into a coherent pattern. Thus, the time for a synthesis in sexual dysfunction.

Exploring Desire and Intimacy - Gina Ogden 2016-09-13

This integrative book is like having a wise supervisor in the room with you. Stop "fixing" your clients--engage them in their own healing through the Four-Dimensional Wheel of Sexual Experience. Gina Ogden guides you in helping your clients explore the full range of their sexual issues and challenges—including couple communication, erectile dysfunction, vaginismus, low desire, affairs, trauma, religious proscriptions, pornography use, and more. Part I offers strategies that correspond to the core knowledge areas required for certification as a sexuality professional, while Part II puts these innovative approaches into action through following five case examples from seasoned practitioners. The numerous user-friendly elements, such as quizzes, worksheets, and "hot tips," will help you see the larger picture of an issue, become fluent with a diversity of sexual identities and behaviors, and expand your ability to offer safe, ethical, evidence-based therapy.

Beyond Orgasm - Marty Klein 2002

Beginning where other sex and self-help books end, *Beyond orgasm* explores the best-kept secrets of mind-blowing sex and promises nothing less than the passionate connection we all desire with our lovers.

The Conscious Sexual Self Workbook - Melissa Jebian Fritchle 2014-11-07

Unlike any other sex education you have had, *The Conscious Sexual Self Workbook* guides you to look to yourself for answers. Written by an experienced sex therapist and educator, this book gives you accurate holistic information about sex and sexual relationships, but it also provides you with questions and exercises to help you explore your own sexual history, values, and desires. Discover the richness and passion of your own unique and dynamic sexuality. What people are saying ... Illuminating, compelling and inspiring...this instilled new hope in me. How refreshing to open to a whole new way of knowing myself. Full of questions I had never contemplated before. This peeled away layers that allowed me to be more intimate and passionate with my partner. I love that I can define what optimal sexuality is for me! Now I have more courage and honor myself and also to be more direct, open and also nonjudgmental in hearing other people's sexual stories. This is the perspective on sexuality I had been waiting for!

Disabled USA. - 1984

The Good Sex Bible - Daniel Beaver 2017

"'The Good Sex Bible' addresses the psychological concepts and beliefs that emphasizes that human sexuality involves more than just sex?it involves true sexual intimacy. The book is based on the premise that while we may be educated about the biology of sex, few are taught how to maintain a long-term, fulfilling sexual relationship. 'The Good Sex Bible' teaches that sexual intimacy is not necessarily natural or instinctive, but learned. Topics include: ? Who is responsible for what happens sexually between a couple? ? How being sexually goal oriented turns an experience that is supposed to be fun and pleasurable into an exhausting task or job. ? All the psychological and sociological influences that shaped an individual's sexual behavior and attitudes today. ? A psychological look at human sexual anatomy and physiology from the point of view on how to experience greater sexual pleasure. ? A discussion of the psychological issues related to the subject of sexual initiation within a committed relationship. DANIEL BEAVER: A licensed Marriage and Family Therapist, Dan started his private practice in 1973 in Walnut Creek, California, and continues providing individual and couples therapy today. He co-founded the Relationship Counseling Center of Walnut Creek in 1974. Dan is currently an instructor at Los Medanos College, Pittsburg,

California where he teaches Psychology of Human Sexuality. He has also been a faculty member at J.F.K. University, CSU East Bay, and Diablo Valley College in Pleasant Hill, California. The author of three books, 'The Good Sex Bible', 'Creating the Intimate Connection', and 'Love Yourself', Dan is also a popular speaker and presenter for education, business, and community groups. Dan holds an M.S. in Counseling Psychology from California State University, East Bay and a B.A. in Psychology from University of California, Berkeley. He received specialized training in Masters and Johnson-style sex therapy, and has practiced as a sex therapist for over thirty years."

Sex Outside the Lines - Chris Donaghue 2015-07-14

It's socially acceptable to spend a day watching sports or sitcoms, but it's shameful and embarrassing to admit to the same about erotic media. Why is it that sex is so often deemed "inappropriate" and considered something we must keep private or even ignore? Our culture is afraid of sex. We feel the need to label what is normal and what isn't, and as a result, we live in a relational and sexually unhealthy culture. In reality, far more harm is caused by labeling sexual expression as "obscene" than by celebrating it. In *Sex Outside the Lines: Authentic Sexuality in a Sexually Dysfunctional Culture*, Chris Donaghue, PhD, explores and challenges the negative ideals that have warped society's view of sex. *Sex Outside the Lines* is not a dogmatic rule book, but a valuable guide to help you on your journey to sexual self-discovery and, most important, self-acceptance. Donaghue encourages you to not only explore your capacity for pleasure, but to be proud of it and to take a look at how you could be living. In his years of training in sex and couples therapy, Donaghue has developed highly successful methods for freeing clients from sexual hang-ups, enabling them to let go of shame and embarrassment. The goal isn't to be "normal"—there is no such thing. Donaghue pulls apart cultural phobias with a sex-positive therapy practice, as well as a kind of sexual deprogramming that helps people see and accept that the desires they have—even if they don't align with society's expectations—are actually natural, healthy, and part of having a great sex life. *Sex Outside the Lines* addresses our diversity, challenges conventional psychiatric wisdom as classifying perfectly normal behavior as disorders, and disregards conventional advice from leading experts. It isn't advocating a "liberal" approach to modern concepts—it is seeking to redefine them altogether.

Ethics in Psychotherapy and Counseling - Kenneth S. Pope 2021-06-29

Take your ethical reasoning and practice to the next level with timely discussions of new and reoccurring issues in psychology and counseling. In the newly revised Sixth Edition of *Ethics in Psychotherapy and Counseling: A Practical Guide*, a distinguished team of psychologists deliver a compilation of practical and creative approaches to the responsibilities, challenges, and opportunities encountered by therapists and counselors in their work. The book covers the many changes and difficulties created by new technologies like electronic health records, videoconferencing, texting, and practicing across state and provincial boundaries. Using a new, easy-to-navigate structure and including brand new chapters on cultural ethics, social justice and human rights ethics, and the application of strategies for self-care, the authors discuss complex issues in a straightforward and accessible way. Conversations about moral distress and moral courage and actionable steps to strengthen ethics in organizational settings round out the useful material contained within. Once referred to as the "conscience of psychology," this must-read book also includes: A thorough introduction to the foundations of psychotherapeutic ethics, including ethics in real life, ethics in theories and codes, cultural context, ethical decision making, and moral courage. An exploration of common sources of ethical problems and pitfalls, including: pseudoscience, ethical fallacies, ethical judgement errors, language and rationalizations Practical discussions of special topics in ethics, including informed consent and informed refusal, using strategies for self-care, responding to ethics, licensing, and malpractice complaints, and confidentiality. In-depth examination of timely issues, including sexual attraction to patients, digital therapy, and responding to suicidal risk. Perfect for individual practitioners and teachers of graduate courses, seminars, and continuing education classes, *Ethics in Psychotherapy and Counseling: A Practical Guide* will also earn a place in the libraries of forensic psychologists and other expert witnesses preparing to testify on the standard of care in malpractice cases.

When Art Therapy Meets Sex Therapy - Einat S. Metz 2016-08-25

Appropriate for both sex therapists and art therapists, *When Art Therapy Meets Sex Therapy* explores sexuality and gender through the use of art making, connecting relevant theories and research from both

fields. It begins with a historical review of how explorations of anatomy, physiology, and sexual identity manifested in art making in different cultures and discusses why a clinician must take these spiritual, medical, and socioeconomic factors in account to offer effective and culturally competent therapy. The second part of the book discusses clinically effective treatments in art and sex therapy, and contains numerous case illustrations. Included are interventions for important issues in therapy, such as exploring gender identity, sexual health and shame, processing sexual abuse, couples' intimacy, parenting concerns regarding their children's sexuality, and treating sex addiction.

Complete Idiot's Guide to Tantric Sex - Judy Kuriansky 2001-12

Sensual and spiritual ways to prepare yourself for tantric sex - The 10 pledges of the tantric path - Enlightening tips on achieving sexual bliss.

More Than Just Sex - Daniel Beaver 2015-01-21

More than Just Sex: A Committed Couples' Guide to Keeping Relationships Lively, Intimate, and Gratifying addresses the psychological concepts and beliefs that foster sexual pleasure, and those that inhibit it. The book is an antidote to today's graphic, readily available sexual imagery which lacks the necessary context for teaching what it means to be sexually involved with another human being. Rather, it emphasizes that human sexuality involves more than just sex--it involves true sexual intimacy. The book is based on the premise that while we may be educated about the biology of sex, few are taught how to maintain a long-term, fulfilling sexual relationship. More than Just Sex teaches that sexual intimacy is not necessarily natural or instinctive, but learned. Topics include: All the psychological and sociological influences that shaped an individual's sexual behavior and attitudes today. A psychological look at human sexual anatomy and physiology from the point of view on how to experience greater sexual pleasure. Who is responsible for what happens sexually between a couple? How being sexually goal oriented turns an experience that is supposed to be fun and pleasurable into an exhausting task or job. An examination of the specific psychological traps that interfere with our experience of sexual pleasure. A discussion of the psychological issues related to the subject of sexual initiation within a committed relationship. More than Just Sex is written in a style that students will be able to relate to on a personal and practical level. More than Just Sex doesn't address the same old "birds and bees" discussion of sexual reproduction that students have heard in high school and from their parents. This book covers the material that they didn't teach, how to have greater sexual pleasure and all the aspects that inhibit the experience. More than Just Sex can be used in courses on human sexuality. It can also be used in sociology classes examining women's issues, and marriage and sex, as well as in psychology and health science classes.

An Insider's View of Sexual Science since Kinsey - Ira L. Reiss 2006-03-27

In a personal, nontechnical, and informal style, eminent researcher Ira L. Reiss discusses the many situations he has encountered during the past fifty years, which he has spent researching sexuality and developing useful and innovative explanations concerning human sexuality. Most of the problems that were present during those years are still confronting those who work on human sexuality. The insights and solutions Reiss proposes are of great importance to all those who are interested in the sexual issues that affect people today.

Body-to-Body Intimacy - Stella Resnick 2018-07-24

This book presents an integrative, growth-oriented approach to therapy with couples that demonstrates the dynamic interplay between partners' emotional issues and their sexual difficulties. It offers a model for relational and sexual enhancement that focuses as much on partners' present, nonverbal body-to-body communications as on their words. Dr. Stella Resnick draws on research from interpersonal neurobiology, sexology, positive psychology, and Gestalt therapy, and shares a rich assortment of therapy vignettes to demonstrate the transformative power of pleasure and how a focus on body-to-body intimacy can heal emotional wounds from the past and encourage greater presence, empathy, authenticity, playfulness, and sexual pleasure between intimate partners. The therapeutic process is explored in four related spectrums: the Problem-Transformation Spectrum, the Attachment-Sexuality Spectrum, the Pain-Pleasure Spectrum, and the Cognitive-Somatic-Experiential-Behavioral-Spectrum. Part I lays the theoretical foundation for the work. Part II examines the early attachment bond between parent and child and its effects on adult capacity for emotional closeness and sexual pleasure. Part III offers methods for resolving painful emotional issues

underlying many sexual difficulties. Finally, Part IV describes the procedure for moving from a cognitive reframing of the problem to a somatic focus on the body and tracking present-moment emotional interactions to the repair of relational injuries that nurture transformational change. Also included is a series of process-oriented exercises and a handout that therapists can use in their own practice. Body-to-Body Intimacy will enable couples and sex therapists to expand their practices and enrich their clients' sexual and relational dynamics. This book also contains valuable information that will be appreciated by anyone interested in a greater understanding of a growth-oriented therapeutic process for couples and what can be achieved together by gaining a deeply loving and sexually fulfilling intimate love relationship.

The Heart of Desire - Stella Resnick 2012-05-01

How can you keep sexual desire alive over the long term? More and more people are finding it difficult to maintain a relationship that is both emotionally and sexually gratifying. In a book that will challenge and forever change how you think about love and sex, clinical psychologist and sex therapist Stella Resnick, PhD, draws on the latest scientific research to explore the love-lust dilemma. Dr. Resnick reveals how early programming can inhibit sexual desire as lovers become committed partners and begin to treat each other less like lovers and more like family. Dr. Resnick's revolutionary body-mind program will help you recognize limiting old patterns, learn valuable skills for enhancing romantic love and sexual aliveness, and tap into your natural capacity to enjoy emotionally fulfilling sexual pleasure. You'll discover: *A 10-Step Loving Sex Program with detailed methods for deepening the pleasures of emotional intimacy and broadening your erotic repertoire *The latest research in sexology, neuroscience, brain neuroplasticity, and the psychology of flourishing with practical applications for relationships *Real-life stories from the author's decades of work with clients and her own personal journey

Integrative Sex & Couples Therapy - Tammy Nelson 2020-04-24

What Every Mental Health Professional Needs to Know About Sex - Stephanie Buehler, PsyD, CST-S 2013-07-29

Although sexual issues frequently arise in therapeutic practice, mental health professionals are often uncomfortable and poorly equipped to address them. Written by an author who is both a psychologist and sex therapist, this practical guide provides information, tools, and exercises to increase the confidence and comfort of the mental health professional called upon to treat sexual issues during the course of therapy. The book is based on the premise that the therapist must be comfortable with his or her own sexuality in order to offer appropriate treatment. This guide discusses the characteristics of healthy sexuality-for both client and therapist-and explores the reasons that may underlie a therapist's discomfort with addressing sexual issues. Using case studies and sample dialogues, it covers a multitude of common and unusual sexual problems, couple's issues, questions that parents may have about sex, working with LGBT clients, sex for survivors of trauma, sexuality and aging, sexual pain disorders, and how to assess whether more extensive sexual therapy is needed. The guide demonstrates how therapists in different modalities can incorporate treatment of sexual problems into their practice, and covers relevant ethical issues. Included is a downloadable set of practitioner's resources that includes worksheets and client handouts that can be immediately put to use. Additionally, the book provides resources for more in-depth information and discusses collaboration with other health professionals. Key Features: Discusses how to comfortably and effectively discuss, assess, and treat clients' sexual concerns Supported by case studies and therapist/clinician dialogues Includes "Step Into My Office" sidebars taken from the author's own experience Provides downloadable resources including assessments, worksheets, and client handouts

Sex Life - Pamela Stephenson-Connolly 2011-06-02

When did your sexual experiences start? Are you having more virtual sex than real sex? Can you have too much or not enough sex? What exactly is 'normal'? Bestselling author and leading sex therapist, Pamela Stephenson-Connolly takes us on an eye-opening journey to explode the myths and answer the embarrassing questions we've always wanted to ask about sex and our insatiable appetite for it. Drawing on hundreds of intimate interviews with ordinary people of all ages, appetites and backgrounds, Stephenson-Connolly reveals how the ever-present sexual force in each of us evolves throughout our lives, from our first months in the womb up right until our nineties and beyond. She also shows that there is no such thing as

'normal' and that anything goes when it comes to sex as long as it is safe, sane and consensual. The result is an intimate portrait of our sexual selves that dispels the myths, guilt and mystery surrounding sex and our sexual urges. Hugely informative, always entertaining and at times shocking, this is arguably one of the most enlightening books on sex ever published.

Hearing on Sex Therapy and Counseling, State Capitol, Sacramento, California, October 7, 1975 - California. Legislature. Assembly. Permanent Subcommittee on Health Personnel 1975

Sensate Focus in Sex Therapy - Linda Weiner 2017-02-24

Sensate Focus in Sex Therapy: The Illustrated Manual is an illustrated manual that provides health professionals with specific information on the use of the structured touching opportunities used regularly by Sexologists to address their clients' sexual difficulties (Sensate Focus 1) and enhance intimate

relationships (Sensate Focus 2). This book is the only one to: vividly describe and illustrate the specific steps of, activities involved in, and positions associated with Sensate Focus; emphasize the purpose of Sensate Focus as a mindfulness-based practice; and distinguish between the purposes of Sensate Focus 1 and Sensate Focus 2. Through the use of artful drawings and descriptive text, this manual engages mental health and medical professionals and their clients by appealing to both the visual and the analytical. It discusses how modifications to Sensate Focus can be applied to diverse populations, such as LGBTQ clients, the elderly, the disabled, trauma survivors, and those with challenges such as Autism Spectrum, anxiety, and depression. The book also offers suggestions for dealing with common client difficulties such as avoidance, confusion, and goal directed attitudes. This comprehensive approach to Sensate Focus will remind readers of the beauty and power of touch while offering suggestions for moving from avoidance to sensory transcendence.
