He wants to destroy her show. She wants to get on Santa's naughty list with him. Rowan No man wants to be nicknamed Cupid. My family's run a matchmaking business for years, though, and my sister's a romance novelist. You get the picture.

To make matters worse, my narcissistic grandmother just sold a reality dating show to network television. Thanks to her, our small town is about to become a hotbed of tourists and opportunists. Her show needs to be stopped, and I'm exactly the man to do it. Cupid, reporting for duty The star of the show, Kennedy Littlefield, isn't my type at all. She's a wealthy heiress with an unhealthy obsession with Christmas. There's just one problem: I can't stop thinking about her. Kennedy I'm lucky to be doing this show. Maybe I'll start believing it if I repeat it enough...because I'm supposed to be dating eight men, and they all suck. I'm not here to fall in love—I'm trying to save a non-profit with the publicity from the show—but I'd hoped for a Christmas miracle. I love Christmas, only it hasn't come to the set because the show doesn't air until spring, and no one—with the exception of me—wants to watch a Christmas show in March. There's only one thing I want more than Christmas cheer: the ornery grump who keeps hanging out around the set.

You Say More Than You Think - Janine Driver  
2011-01-04

Now You're Talking! Do you want to be bulletproof at work, secure in your relationship, and content in your own skin? If so, it's more important than ever to be aware of what your body is saying to the outside world.

Unfortunately, most of what you've heard from other body language experts is wrong, and, as a result, your actions may be hurting, not helping, you. With sass and a keen eye, media favorite Janine Driver teaches you the skills she used every day to stay alive during her fifteen years as a body-language expert at the ATF. Janine's 7-day plan and her 7-second solutions teach you dozens of body language fixes to turn any interpersonal situation to your advantage. She reveals methods here that other experts refuse to share with the public, and she debunks major

myths other experts swear are fact: Giving more eye contact is key when you're trying to impress someone. Not necessarily true. It's actually more important where you point your belly button. This small body shift communicates true interest more powerfully than constant eye contact. The "steeple" hand gesture will give you the upper hand during negotiations and business meetings. Wrong. Driver has seen this overbearing gesture backfire more often than not. Instead, she suggests two new steeples that give you power without making you seem overly aggressive: the Basketball Steeple and the A-OK Two-Fingered Steeple. Happy people command power and attention by smiling just before they meet new people. Studies have shown that people who do this are viewed as Beta Leaders. Alpha leaders smile once they shake your hand and hear your name. At a time when every advantage counts—and first impressions matter more than ever—this is the book to help you really get your message across.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to

listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

**Who Could We Ask?** - Lee D. Kassan 2007-05-23

Leading gestalt therapist Michael Kriegsfeld led therapy groups around the world. Gestalt therapy focuses on conflicts between aspects of the self, and the attempt by patients to avoid responsibility for their choices and behavior.

When Kriegsfeld died suddenly in 1992, he left 170 three-hour-long videotapes of his work with groups in the United States and Europe. Through excerpts from these tapes, author Lee Kassan provides examples of Kriegsfeld's methods that will be of use to every therapist regardless of his or her field. Divided into five main sections, *Who Could We Ask? The Gestalt Therapy of Michael Kriegsfeld* delivers a

revealing, personal portrait of Kriegsfeld. Kassan explains Kriegsfeld's theory of the gestalt model as an alternative to the medical model that dominates the therapy field today. Kassan brilliantly illustrates and explains the procedures that Kriegsfeld used in gestalt therapy. Informative and intimate, *Who Could We Ask?* is a rare glimpse of a master therapist at work.
