Road 96 2023-08-15 "Road 96 - About a Girl" is an interactive eBook and a must-have for everyone who wishes to find out what happens to Zoe and other key characters in-between the two games. Indeed, this gamebook's timeline picks up right after the conclusion of Road 96: Mile 0 and goes into the plot of Road 96. You'll get to experience new places in Petria, revisit events from a different angle such as the rave party and spend even more quality time with Jarod. Dig further into all the disturbing truths Petria has a habit of hiding and join your quest for answers to Zoe's and may you both find out what you seek. How to Play Start your adventure at Paragraph 1 and follow instructions when applicable. Each paragraph will send you to another one and will be indicated by a number in bold. Before leaving White Sands, Zoe packed her bag with a few things as well as her roller skates. However, as you progress in your adventure you may be asked to add some items to your inventory. You may be offered branching paragraphs based on your previous choices; **YOUR CHOICES MATTER**, they impact your journey as well as your fate and others'. Indeed, your choices may lead you to an early demise, should this be the case, two way-outs will be offered to you: Either you go back to the paragraph indicated as a save point, in which case you will keep your inventory. This type of gameplay is recommended if you prefer to enjoy the story, and perhaps explore other branches in a subsequent readthrough. Or you can start again from the beginning, in which case your inventory will be cleared. This type of gameplay is recommended if you are after a more "old-school" experience and devil-may-care players. Ultimately you will never find yourself stuck in "Road 96: About a Girl" due to a wrong choice, or for lack of an item in your inventory. Just opportunities to

try out different outcomes and unearth more secrets and lore in the process. Please note that this eBook is available in either English or French.

Mentor Texts Lynne R. Dorfman 2017 In their first edition of *Mentor Texts*, authors Lynne Dorfman and Rose Cappelli helped teachers across the country make the most of high-quality children's literature in their writing instruction. In *Mentor Texts: Teaching Writing Through Children's Literature, K-6, 2nd Edition* the authors continue to show teachers how to help students become confident, accomplished writers by using literature as their foundation. The second edition includes brand-new "Your Turn Lessons," built around the gradual release of responsibility model, offering suggestions for demonstrations and shared or guided writing. Reflection is emphasized as a necessary component to understanding why mentor authors chose certain strategies, literary devices, sentence structures, and words. Dorfman and Cappelli offer new children's book titles in each chapter and in a carefully curated and annotated Treasure Chest. At the end of each chapter a "Think About It--Talk About It--Write About It" section invites reflection and conversation with colleagues. The book is organized around the characteristics of good writing--focus, content, organization, style, and conventions. The authors write in a friendly and conversational style, employing numerous anecdotes to help teachers visualize the process, and offer strategies that can be immediately implemented in the classroom. This practical resource demonstrates the power of learning to read like writers.
