**Female Orgasm** - Michael Bush 2018-04-10  
To satisfy a woman on bed especially for those with a small penis might be quite difficult if you don't understand the basics behind making a woman orgasm. Before writing this masterpiece, I spoke to more than 500 women who have experienced orgasm. The statistics are written below; 51% said that they anticipated the sex so badly that they climaxed few minutes after the man started thrusting. 30% said that the man started out with a fantastic foreplay and hit the right spots when he started thrusting. 19% said that they had no idea what the man did, but the sex was wonderful. The question is where exactly is the right spot? If you know about the G-spot but have no idea how to hit it right during sex, then there is a problem. This book will show you exactly how you can make a woman anticipate sex so bad that you would have a field day getting her to climax The right way to go about foreplay, thrusting, and making her climax, even when you have a small penis. How to satisfy a woman is simple if you can just read this book. Sex positions are not imperative when it comes to pleasing a woman on the bed. It is all in a woman's head!!!

woman every time - and make her sexually addicted to you? Maybe you've tried everything - reading sex magazines, books and articles; watching videos on the topic, asking friends for advice and talking to experts. Yet, you still feel that you can't completely satisfy your lover sexually. Right? Well, you're not alone. Millions of men have relationship troubles in the bedroom. But that doesn't mean that you should keep up with the problem. So let me ask you 2 simple questions: What if you could satisfy any woman in bed and make her beg for more every time? What if you could always make her squirm, moan, and climax like those ladies she watches in adult movies? If that sounds like what you'd love to do, then this book is definitely for you. Written by Lucy Bobby, 'Pleasing Women' is a book that can help anybody to satisfy the deepest desires of his woman... ..regardless of his age, stamina or previous sexual experience. Some of the tips you'll discover from this book are: The key most important thing women need for a satisfying sex life and how to make sex better for her. (Most women are more eager and ready for sex than men will ever understand. Now you'll know exactly what to do to have her attacking you.) The one secret - about how her body really works - that will open up the floodgates of pleasure for her! How to 'prime' and totally awaken a woman's body so that she can start having more powerful orgasms, more frequently, and more easily! How to give your lover the most amazing, mind-blowing orgasm she's ever had! (This is not the 'same-old' repetitive information that you see in those other books and courses.) How to use a secret technique that will have her trembling with exquisite pleasure whenever you want - almost on command! This is a power that few men have!

Secrets about a woman's orgasm "process" that most women don't even know about. (This is a life-changing knowledge for both men and women.) How to find, and properly stimulate her G-spot, to create out-of-this-world, trance-inducing orgasms. How to master the most important piece of it all...getting a woman to completely relax her body and mind! *A Bloke's Guide to Sex* - Blake Denbigh  
2019-06-26

Are you a man who knows how to satisfy a woman in bed? If you were lucky, when you were 18, some 35-year-old woman who looked like Jennifer Lopez seduced you and spent a summer teaching you everything you needed to know. More likely, you had no sex at all until you were in your 20s and that was with a "nice" girl who knew even less than you did. So you've had to make do with the embarrassed mumblings of

your father when you were a teenager (who basically told you nothing), some sex education in school about how to avoid infections and not get a girl pregnant, the enthusiastic but ill-informed bragging of your mates in the locker room, and a misleading array of porn. You're still stuck trying to figure out how this sex thing actually works. You've had plenty of affairs or not so many, maybe been married or still are, and sometimes it's been good, sometimes not so good, and you're not sure why. What do women actually want? The man is supposed to just know. There are books, of course, but they're mostly instructions manuals with techniques, which may or may not work with the woman you're actually with (how are you supposed to know?--half the time, even she doesn't know), or they're by female doctors largely for women, with a few remarks thrown in for men. It's time, therefore, for some frank talk about sex from a male perspective, and that's what this book is about.

[How to Satisfy Your Woman](#) - Larry Lewitan  
2010-08

Why are most women unhappy with their man's performance in bed? Why do most men not have a clue how to sexually satisfy their woman? The author maintains that sexual unhappiness in a relationship is caused by the man's lack of experience, knowledge and understanding when it comes to satisfying his woman. He also maintains that sex is the most important pillar in a relationship, and that without good sex no relationship can survive! These are strong statements, and the book offers powerful solutions by going to the root cause of sexual unhappiness among couples. Written in explicit, uninhibited language, the kind that men can understand, this is an uncensored guidebook that instructs men on how to satisfy their woman. It holds nothing back. The sexual techniques that it details, as well as the wisdom that it presents, will allow men to be able to sexually satisfy their woman the way she dreams of being satisfied. Women will read it too. They'll enjoy the tongue-in-cheek humor and be thrilled that one of the world's best kept secrets (how to make love to a woman) is finally coming out of the closet. If their men don't buy this book, it's certain they'll be buying it for them.
