Professional Code of Ethics: Canon 3E/Rule 2.11(A) -Disqualification may be required if a judge's impartiality might reasonably be questioned if -Presiding over cases involving an attorney with whom the judge had a romantic relationship. There are no accidents. People cross paths for a reason. I'm not sure why ours crossed but within a second, I realized, she

could destroy everything. There's a code of ethics in some professions where certain relationships are frowned upon. She's the prosecutor. I'm the judge. Sleeping with her is all sorts of hell no! Ethic review boards could remove me from the bench-as in "You're fired." Even worse, my father would kill me if his name were tainted. But it would kill me more not to have her. They say rules are meant to be broken. But is she worth the risk? The only thing I was sure of-I wanted to completely overrule her perfect little world.

Songs of the Women Troubadours - Matilda Tomaryn Bruckner 2004-11-23

This work offers an edition and translation of some 30 poems by the trobairitz, a remarkable group of women poets from the twelfth and thirteenth centuries, who composed in the style and language of the troubadours. Introductory essays and notes by specialists in the field place the poems in literary, linguistic, historical, social and cultural contexts. English versions facing Occitan texts elucidate the original language and themes, while supplying poems that can be enjoyed by contemporary readers. The varied corpus includes love songs (cansos), debate poems (tensos), political satires (sirventes) and other lyrical sub-genres (including dawn-song, lament, ballad, chanson de mal mariee). To represent the range of female voices available in the lyric corpus of the troubadours, the editors have selected songs consistently attributed to historically documented women poets, as well as

songs whose authorship is open to question. The latter may be presented by the manuscripts with or without a named woman poet, but all offer female speakers personae characteristic of troubadour poets in general.

**Marriage and the Counsel of God** - Michael A. Eschelbach 2007-08-01

Marriage and the Counsel of God is the product of over twenty-two years of biblical study and pastoral counseling. The text and accompanying workbook have proven themselves an effective means of preparing couples for marriage, of supporting those already married, and of recovering marriages that are failing. The text focuses on the biblical model for marriage found in Genesis and Ephesians while following an outline of basic Christian beliefs (e.g., the Ten Commandments, the Apostles' Creed, the Lord's Prayer, baptism, Holy Communion, and confession/absolution). The essential elements of these beliefs are considered for their import in the Christian life in general and regarding marriage in particular. Abundant Scripture references are provided, as well as examples from real-life situations. These and other helpful resources are also given in indices for quick reference. The book and workbook are written in clear, nontechnical, and engaging language and so are aimed for students and teachers of counseling, for counseling professionals, for pastors, and for the public in general.
